GOVERNMENT OF BENGAL.

Office of the Chief Controller of Prices, Bengal.

8, Clive Street (top floor), Calcutta, the 11th March 1940.

COMMUNIQUE.

There is considerable uncertainty in the minds of the public how actually the cost of living has been affected by the increase in the price of food-stuffs and other commodities ordinarily purchased by the working classes. Figures ranging from 10 to 25 per cent. or even more are widely circulated. In order to remove this uncertainty Government think it proper to place before the public what is the actual increase in the cost of living as compared with pre-war conditions. It is generally supposed that an increase in the cost of living can be ascertained by finding out the average of the increase in staple commodities. This is erroneous. To ascertain the cost of living or to arrive at a correct appreciation of the cost of living we have to take into consideration not only the expenses incurred on food but also on fuel, rent and miscellaneous matters. It will be remembered that immediately after the declaration of war the price of food-stuffs and various other articles normally used by the industrial workers rose rapidly. Immediate action was taken by Government with the result that there was a check in prices which allayed the unrest that was bound to develop if the prices had not been brought under control. It was not only difficult, but Government considered it against the public interest, to control the price of agricultural commodities. The price of some of these commodities rose rapidly and steeply from about the beginning of December. Since the end of January, however, there has been a decline in prices and the decline has been much more rapid than the increase. These reduced prices are still prevailing. After considering various factors such as the cost of living in the various provinces, the industrial progress of the various cities, the commodities commonly used by industrial workers in Bengal, the varying proportions of these articles used by them and their price now and immediately before the war, Government have come to the conclusion that at present the cost of living is between 7 to 8 per cent. higher than what it was immediately before the declaration of war. This figure will obviously vary as the price of the commodities on which they are based either increases or declines. It may be of

interest to give prices of some commodities as they were before the war and as they are to-day with the maxima that have been fixed by the Chief Controller of Prices. It will be found that in some cases prices ruled higher in February than in the month of August, but no particular conclusion can be drawn from this as those prices generally depend upon the preceding crop and the prospects of the future crop.

It will be noticed that the existing prices are much below the maxima that have been fixed by the Chief Controller of Prices. Owing to the measures which Government took to control prices from the very beginning, the price of food-stuffs in December and January was not allowed to rise beyond what was strictly justifiable on economic grounds. Even when the price of wheat was rather high the Chief Controller of Prices arranged with the flour mills for sale of the varieties of *atta* and flour commonly used by the industrial workers at prices which left no profit to the flour mills. As prices have fallen considerably it has not been found necessary to revise the maxima.

The prices of commodities continue to show a downward tendency but as conditions are uncertain Government propose keeping a strict watch on the situation and if circumstances demand will advise the members of public regarding the change in the cost of living. Government deplore agitation based on false reports regarding increase in prices which serves only as a direct incitement to social discontent and unrest.

K. G. MORSHED,

Joint Secy. to the Govt. of Bengal, Department of Commerce and Labour and Chief Controller of Prices, Bengal.

S. K. GUHA,

Personal Assistant to the Chief Engineer to the Government of Bengal.

Calcutta, the 5th March 1940.

Audit Report upon the Accounts of the Calcutta Corporation for the year 1933-34 together with the Replies of the Corporation, the Audit Rejoinders, further Replies of the Corporation and Final Orders of Government.

Auditors' Report.	Replies of the Departmental replies and Chief Accountant's remarks.
The accounts of the Calcutta Corporation for the year 1933-34 have been examined and test-audited. This is the first audit after the Calcutta Municipal (Amendment) Act, 1933.	PARA 1.—No remarks.
2. The results of the examination are being shown in two parts, *viz.*,— I. This Audit Report which is to be published under Section 123-A of the Calcutta Municipal Act, and II. A Test Audit Note, embodying the less important irregularities which could not be settled in the course of audit and which has been separately forwarded to the Chief Executive Officer for disposal.	PARA 2.—No remarks.
DELAY IN THE SUBMISSION OF THE ANNUAL ACCOUNTS.	
3. The delay in the submission of the annual accounts on the part of the Corporation noticed in the previous year continued this year also. At a conference held on the 10th February, 1934 in which the Mayor and the Accountant-General, Bengal, were present, it was settled that the annual accounts of every year would be submitted for audit by the 1st of October of the next year, but the programme was not given effect to.	PARA 3.—The Chief Accountant reports :— Every attempt is always made to close the annual accounts as early as possible and as a matter of fact, the portions of the work so far as it can be done by the Accounts Department independently *i.e.*, without waiting for the figures from other departments are always finished before the 1st of October of the next official year. It was however not possible to close the accounts finally within the prescribed time during the year in question inasmuch as the relevant figures were not available from the Assessment, the Collection and the Law Departments owing to inordinately large numbers of bills outstanding with them. As a result of vigorous steps taken for the purpose the accounts for 1934-35 were finally closed on the 30th November, 1935. This was an improvement seeing that the accounts for 1933-34 was closed on the 24th April, 1935. The question of submission of the Annual Accounts of future years in time is now engaging the attention of the Finance Committee.
4. The accounts of the Collection Department for the 4th quarter of 1933-34 and some of the Divisional Ledgers and the Central Ledgers were not finally closed till the end of February 1935, *i.e.*, 11 months after the close of the quarter instead of by a week as required under Rule 429 of the Assessment and Collection Manual. This delay on the part of the Collection Department in closing their books was stated to be responsible for the delay in the closing of the books of the Accounts Department and the publication of the Annual Accounts. The abnormal delay in the submission of the annual accounts was reported to Government *vide* Accountant-General's letter No. LA/1987 dated the 14th January 1935, but the Government having expressed their inability to take any action in the absence of the rules under Section 123-G of the Act, no action could be taken by Audit excepting the issue of reminders. The annual account became available for audit on the 30th May, 1935.	PARA 4.—No remarks.
Delay in disposal of Audit Reports.	
5 The delay in the disposal of the audit reports also continues. The following audit reports remain yet to be considered :—	PARA 5.—The Chief Accountant reports :— The Finance Committee have already finished their consideration of the Audit Report for the year 1930-31 and this will soon be placed before the Corporation. The reports for the years 1931-32 and 1932-33 (Part I) are now engaging the attention of the Finance Committee.

Report for the year.	Date of issue.
1930-31	... 4th July, 1932.
1931-32	... 12th July, 1933.
1932-33	... 17th December, 1934.

Corporation.			
Chief Executive Officer's remarks.	Resolutions of the Finance Standing Committee as confirmed by the Corporation.	Audit Rejoinder together with further replies of the Corporation.	Final orders of Government, as per Letter No. 186-M, dated 19th January, 1938.
	The Finance Committee at their meeting held on the 18th September, 1936, considered the Audit Report for the year 1933-34, and passed the following resolution which was confirmed by the Corporation on 13th October, 1936. That it be recommended that the explanations furnished in connection with the points raised in the Audit Report for the year 1933-34, be accepted with the following directions and remarks :— (*These directions and remarks have been shown against the paragraphs concerned.*)	The further comments of the Auditors as per Accountant General Bengal's Letter No. L. A. 2617, dated 17th December, 1936, to the Secretary, Local Self-Government Department forming the first batch of audit rejoinder were considered by the Finance Standing Committee on 15th March, 1937, and 23rd March, 1937, and by the Corporation on 27th August, 1937, when the Corporation gave certain directions and made certain remarks regarding paragraphs 21 and 32 as shown against those paragraphs and further resolved as follows :— That a suitable reply be sent to Government on the lines indicated in the Chief Accountant's note. (*The remarks of the Chief Accountant have been shown against the paragraphs concerned.*)	
Steps are being taken to comply with the provisions of the rules. As is well-known there has been a heavy congestion in work in these departments and special efforts are being made with additional staff to bring the accounts up-to-date.			(1) *Paragraph 3.—Delay in the submission of the Annual Accounts.* The time for submission of the Annual Accounts has been prescribed by statutory rules issued under notification No. 2986-M, dated the 10th May, 1935, but as these rules were not published in the *Calcutta Gazette* till the 12th September, 1935, it was not possible either for the Corporation or for the auditors to conform to them during the year 1934-35, when the accounts for the year 1933-34 were audited. It is requested that the time programme prescribed in the rules may be scrupulously complied with in future.

Auditors' Report.	Replies of the Departmental replies and Chief Accountant's remarks.
6. Replies were received on the audit report for the year 1929-30, but the explanations having been found to be unsatisfactory or incomplete, further remarks were forwarded to the Chief Executive Officer in letter No. LA/1418 dated the 24th October, 1934. Out of 83 items exclusive of 14 in the Appendix thus remaining to be disposed of, the Chief Executive Officer in his letter No. S/5281, dated the 21st December 1934, dealt with 6 items only. In the same letter he proposed to deal with the other points in instalments, but no further replies being forthcoming, a reminder was sent in letter No. LA/2355 dated the 25th February, 1935, but beyond a reply (A/C 2834 dated the 5th March, 1935) to a previous letter (No. LA/2332 dated the 18th February 1935) in connection with the unsatisfactory nature of accounts relating to patch repairs which the Chief Executive Officer was not inclined to reconsider though so ordered by the Corporation, no further communication was received.	PARA 6.— The Chief Accountant reports:— The Accountant General, Bengal's further remarks have references to 95 Paragraphs of the original report, out of which replies to 45 Paragraphs have already been sent to the Accountant-General, as per Chief Executive Officer's letters Nos. S/5281 and S/4545 dated 21st December, 1934 and 18th November, 1935 respectively. We were about to despatch another batch of replies when the Examiner of Local Accounts, Bengal, enquired in his letter No. LA/2217 dated 4th March, 1936, if the replies to the further remarks i.e., to the 45 paragraphs previously sent had been approved by the Corporation. This enquiry creates an awkward position. The replies to the original reports are placed before the Corporation through the Finance Committee. The Corporation accepts the replies in some cases or gives directions or makes reservations in the form of resolutions in others. These resolutions are duly communicated to the Accountant-General, Bengal. Replies to the further remarks and subsequent remarks of the Accountant-General are furnished by the Chief Executive Officer. The implication in the enquiry of the Examiner, Local Accounts would involve an interminable increase of work and would create a deadlock. The Examiner was written to on this point as per Chief Executive Officer's letter No. S/353, dated the 21st April, 1936. Pending settlement of this question it is not possible to send replies to the remaining paragraphs.
Want of rules under section 123-G of the Calcutta Municipal Amendment Act.	
7. The Calcutta Municipal (Amendment) Act of 1933 vested the Auditors (Accountant-General and the Examiner of Local Accounts) with the power of surcharge and came into force during the year under audit with effect from the 16th November, 1933. Section 123 G contemplates the framing of rules by the Local Government for facilitating the proper discharge of the powers conferred by the Amendment Act. A set of such rules was issued by the Government in their No. 2986-M dated the 10th May, 1935 and published in the Calcutta Gazette dated the 12th September, 1935. It was consequently not possible for the Auditors to conform to these rules during the year 1934-35 when the accounts for 1933-34 were audited.	PARA 7.—No remarks.
8. Under Section 122 (a) and (aa) of the Act, material irregularities, improprieties, loss and waste are to be reported to the Corporation and other clause (d) of that Section copies are to be sent to the Government. The points raised in Paragraphs 21, 23, 28, 33, 34, 35, 36 and 41 of this Audit Report have already been brought to the notice of the Corporation and Government under the above-mentioned sections of the Act. A notice under Section 123-B (1) of the Amendment Act was also served on the official concerned for an explanation as to why the amount of loss mentioned in para 21 falling within the purview of the Amendment Act should not be recovered from him.	PARA 8.—No remarks.
Closing Balance of Revenue Account.	
9. The Revenue Account closed on the 31st March, 1934 with a balance of Rs 1,01,80,873-14-7 consisting of the following:—	PARA 9.—No remarks.

	Rs. A. P.
Cash and investment ...	61,63,296 7 10
Advances	32,51,560 9 8
Value of stores in stock and workshops ..	7,66,016 13 1
Total	1,01,80,873 14 7

The cash balance includes Rs. 2,50,000 with the Bengal National Bank Ltd (in liquidation since May, 1927). Out of this amount Rs. 50,000 was in the current account and Rs. 2,00,000 had been deposited 'at call' on the 24th April, 1926.

Corporation.			
Chief Executive Officer's remarks.	Resolutions of the Finance Standing Committee and of the Corporation.	Audit Rejoinder together with further replies of the Corporation.	Final orders of Government, as per Letter No. 186-M, dated 19th January, 1939.
The work in connection with the Audit Reports has increased enormously and if this state of thing continues, the departments, the Committees and the Corporation will have to spend a large portion of their time in dealing with audit objections only.		*Accountant-General, Bengal's Letter No. L. A. 891, dated 8th July, 1937 to Government.* Paragraph 6.—As already 5 years had elapsed since the date of issue of the report, it was decided by the Auditors, subject to any special instructions from Government to drop the outstanding objections of a minor nature which were noticed in the Audit Report on the accounts for 1929-30 and to pursue persisting irregularities in connection with the audit in hand (*vide* this office, letter No. LA/1642, dated 9th September, 1936 to the Secretary, Local Self Government Department).	

Auditors' Report.

Replies of the Departmental replies and Chief Accountant's remarks.

ADVANCE.

10. (a) The amount of outstanding advances has been increasing year by year as will be seen from the following table :—

Year.	Advance Imprest.	Works done in default of others.	Temporary Advance for Loanable Works.			Advances Miscellaneous.	Advance to Land Acquisition Collector	Total.
			Account Drainage	Account Water Works.	Miscellaneous.			
1	2	3	4	5	6	7	8	9
	Rs.	Rs.	Rs.	Rs	Rs	Rs.	Rs.	Rs.
1931-32	12,392	2,25,737	87,651	15,495	2,87,177	9,95,372	1,02,405	17,26,229
1932-33	12,885	1,56,295	2,35,759	5,69,183	6,41,188	5,88,869	84,887	22,89,006
1933-34	13,020	1,35,934	7,85,063	7,96,621	9,67,987	5,35,537	17,398	32,51,560

PARA 10 (a) & (b).—The Chief Accountant reports : - The advance shown under Col. 8 has come down to a practically irreducible minimum This should accordingly be left out of consideration. Such is also the case with the advance shown under Col. 2 which, being imprest advance, cannot be reduced. As regards the advance of about Rs. 25½ lakhs from the Revenue Fund to loanable works shown under Cols. 4—6, these are purely adjustable advances, adjustment being made from time to time on the raising of loans. In fact, the advances shown under Cols. 5 and 6 have since been entirely wiped off whereas a small balance of Rs. 5,377 only is outstanding against the advance appearing in Col. 6. The advances under Columns 3 and 7 also have since been reduced considerably, the outstandings being now (May 1936) Rs. 90,599 and Rs. 81,213 respectively.

(b) The amount shown in column 7 includes balances of advances granted long ago as will be evident from the following details :—

	Amount of outstanding advance.		
	Rs.	A.	P.
Years upto 1927-28	10,891	5	9
During 1928-29	19,080	6	11
During 1929-30	1,10,056	4	8
During 1930-31	11,506	9	1
During 1931-32	89,758	9	10
During 1932-33	83,021	10	6
During 1933-34	2,11,222	0	11
Total ...	5,35,536	15	3

Of this total amount, Rs. 1,85,317-2-9 was adjusted during 1934-35.

(c) Amounts advanced to the Chief Executive Officer, the District Engineers etc. long ago in cases of emergency, *e.g.*, lunar eclipse, cooly strike etc. were in some cases left outstanding for years. Some instances are mentioned below :—

To whom advanced.	Purpose.	Date.	Amount still outstanding
			Rs. A P.
(1) Superintendent, Hogg Market.	Cooly strike ...	16-7-28	200 0 0
(2) Chief Executive Officer	Do.	25-6-28	150 0 0 (out of 500)
(3) Do. do. ...	Do.	2-7-28	300 0 0 (out of 800)
(4) Engineer, District II ...	Do. ...	5-7-28	9 13 0
(5) Do. III ..	Do. ...	5-7-28	0 12 0
(6) Health Officer, District II	Lunar eclipse	13-1-26	10 0 0
(7) Law Officer	Cost of witness in Suit against Mirza Ahmed.	22-1-30	20 0 0

PARA 10 (c) & (d).—The Chief Accountant reports :— The outstandings as per serial Nos. 1, 2, 3, 4, 5 and 6 have since been adjusted.

(d) An enquiry was made whether the officers concerned had submitted accounts and vouchers for adjustment but no definite reply was furnished on that point. It was however stated that the matter was being dealt with and that adjustment would be made when provision is made in the budget under the Budget head debitable.

Corporation.			
Chief Executive Officer's remarks	Resolutions of the Finance Standing Committee as confirmed by the Corporation.	Audit Rejoinder together with further replies of the Corporation.	Final orders of Government, as per Letter No. 186-M, dated 19th January, 1938.
	PARA 10 (a). That the departments concerned be directed to take necessary action for adjustment of the advances within 5 years from the date of the advances.		(2) (i) *Paragraph* 10 (a).—*Outstanding Advances.* In view of the fact that advances are granted on various accounts, the reasonable period required for the adjustment of cases may vary widely. It is not, therefore, practicable to fix one time limit for adjustment to suit all cases. The proper procedure would be for the Corporation to formulate the terms of adjustment including the period in respect of each advance or of each class of advances and to insist upon adherence to these terms. This procedure may be adopted and the auditors informed of the action taken by the Corporation so that it may be possible for them to examine whether the terms, including the period of adjustment, are observed and to record any deviation from or violation thereof when detected.

Auditors' Report.

(e) The following old items of advances were outstanding against the Executive Engineer, Water Works :—

		Rs.	A.	P.
Out of advances granted in	1918-19	17	11	1
Do.	1920-21	71	14	2
Do.	1921-22	208	15	0
Do.	1922-23	1,296	4	7
Do.	1923-24	1,436	15	10
Do.	1924-25	2,244	8	7
Do.	1925-26	86	8	4
Do.	1926-27	839	8	11
Do.	1927-28	1,160	11	9
Do.	1928-29	1,800	10	5
Do.	1929-30	1,700	7	0
Do.	1930-31	1,352	4	1
Do.	1931-32	970	9	7
Do.	1932-33	3,156	7	10

Out of these amounts, a sum of Rs. 1,870-5-10 (out of the advances granted during the last 5 years) was adjusted in 1934-35. As regards the balance belonging to the previous years, it was stated that "departmental reports" had not yet been received.

(f) Advances should not be granted unless they are required for immediate disbursement, and should ordinarily be adjusted in the accounts of the year in which they are granted.

(g) The cost of work done in default of others is charged to Advance pending recovery of the cost. Some items outstanding for a very long time are mentioned in Statement A annexed.

Value of stock in the Workshop.

11. The value of unfinished works at the Corporation workshop at Entally and of outstanding transfer statements for work done but not adjusted has been increasing year by year as will be seen from the following table :—

	Unfinished work.	Outstanding Transfer Statement.
	Rs.	Rs.
31st March, 1932	1,00,029	64,994
31st March, 1933	1,46,481	1,08,985
31st March, 1934	1,51,412	1,49,892

11 transfer statements of 1931-32 amounting to Rs. 4,770-11-4 and 33 of 1932-33 amounting to Rs. 5,144-0-8 were among the transfer statements outstanding on the 31st March, 1934

On enquiry it was found that no attempt was made to determine the approximate value of the articles in process of manufacture In valuing assets it is obviously not safe to rely on the book-value alone.

Closing Balance—Loan Account.

12. The Loan Account closed on the 31st March, 1934 with a balance of Rs 30,97,828-14-7 consisting of Rs. 22,79,548-12-6 in cash and investments Rs. 7,12,133-0-6 in advances and Rs. 1,06,147-1-7 in the shape of stores.

Replies of the

Departmental replies and Chief Accountant's remarks.

PARA 10 (e).—The Chief Accountant reports :—
The outstandings against the Executive Engineer, Water Works, are all adjustable advances. No part of them represents a cash advance. They are all cost of materials issued for temporary Filtered Water connections, *e.g.*, in Bustees for prevention of epidemic. There is a proposal in a large number of cases to retain these temporary connections permanently and the advance will be adjusted as soon as the question is finally decided

PARA 10 (f).—It is only a very small fraction of the amount shown under column 7, *viz.*, the cash advance for doing certain works to which this remark of the Auditor may apply. Sufficient steps are always taken to reduce the outstandings of such advances.

PARA 10 (g).—The Chief Accountant reports :—
Out of the 19 cases, four have been settled, one relates to the cost of filling up tank and the land is in possession of the Corporation. The others are still pending.

The Chief Accountant reports :—
PARA 11.—The balance of unfinished works up to the year 1933-34 has since been reduced to about Rs. 4,000-0-0 and the balance of Rs. 1,49,892 for outstanding transfer statements has been reduced to Rs. 4,216-4-8 at the end of May, 1936.
All the transfer statements of 1931-32 and 1932-33 have been passed for adjustment with the exception of one of 1931 32 amounting to Rs 656-4-2 and four of 1932-33 amounting to Rs. 1,062-14-7.
The Manager, Workshops, reports :—
It is not practicable to value the unfinished articles on 31st March. To do this the workshops will have to be closed for several days.

Auditors' Report.	Replies of the Departmental replies and Chief Accountant's remarks.
GENERAL ASSETS. BALANCE SHEET. 13. A copy of the Balance Sheet as compiled by the Corporation is shown in Statement B. The main item under Assets consisted of the outstanding balances of the consolidated rate and other revenue amounting to Rs. 54,37,692. This amount represented the entire balance of unrealised income instead of that portion of the balance which could be regarded as good and recoverable. It will appear from the remarks given against respective items in Statement C appended to the report that some of the assets shown in the balance sheet have been overstated. As the balances in several cases included items of long outstanding arrears and as substantial remissions were in fact granted during the next year out of the demands that were outstanding on the 31st March, 1934, it was hardly correct to exhibit the assets at their face value in the balance sheet. The Balance Sheet is to this extent defective.	PARA 13.—The Chief Accountant reports :— There is no means to avoid this.

Corporation.			
Chief Executive Officer's remarks.	Resolutions of the Finance Standing Committee as confirmed by the Corporation.	Audit Rejoinder together with further replies of the Corporation.	Final orders of Government, as per Letter No. 186-M, dated 19th January, 1938.
		Accountant-General, Bengal's Letter No. L.A./2617, dated 17th December, 1936 to Government. *Paragraph* 13.—In order to ensure the preparation of a fairly correct balance sheet, each department responsible for collection of demands should review the outstandings at the end of the year and certify to what extent they are good and recoverable. (*Extract from the Proceedings of the Finance Standing Committee dated 23rd March*, 1937.) The Chief Accountant reports :— Paragraph 13.—This refers to the question of including in the Balance Sheet as assets all outstanding demands. The suggestion is impracticable. Besides departmental reports, if any, on the subject cannot be accepted in audit unless such reports are finally approved by the Corporation. The main portion, *viz.*, rates, must remain as it is till remissions, if any, have been granted and cancellation, if any duly sanctioned by the Corporation. *Accountant-General, Bengal's Letter No. L. A.* 1163, *dated 28th July*, 1937. Paragraph 13—It is not denied that the Balance Sheet as now prepared is defective. It would certainly make for a more correct statement of assets in the balance sheet if the Corporation make their review of the assets before the balance sheet is prepared. And as the latter is submitted for audit six months after the closing month of the financial year, it should ordinarily be possible to arrange for this review. *Chief Executive Officer's Letter No. S/4826, dated 4th November* 1937 *to Government.* Paragraph 13—It would be quite clear from these remarks that the auditors are sufficiently convinced now that it is impracticable to make an accurate estimation as to how much of the outstanding balances will happen to be actually irrecoverable. What they want is a more correct statement of the recoverable assets. As a matter of fact, every endeavour is always made for getting the irrecoverable amounts eliminated from the accounts as far as practicable. Instances are however not wanting in which balances at first appearing to be bad or doubtful were subsequently realised in full or in part owing to change of circumstances. As the Corporation has to carry out its collecting work through various agencies and the balances extend to a very large number of cases, it cannot be a sound financial policy to pass remission, cancellation or write-off orders in haste, simply to make the Balance Sheet appear more correct although it would still be not accurate. We cannot sacrifice revenue for the sake of an appearance of correctness. Generally demands which are considered irrecoverable by the executive are placed before the Corporation for cancellation from time to time and these are adjusted as soon as the cancellation is sanctioned by the Corporation. Certain comparatively small items are cancelled by the Chief Executive Officer under a delegation. All cancellations sanctioned in time are included in the Annual Accounts.	(4) *Paragraph* 13.—*Balance Sheet.* In the opinion of Government, it would make for a more correct statement of assets in the balance sheet if the Corporation makes a review of the assets before the balance sheet is prepared. As the balance sheet is submitted for audit six months after the close of the financial year, it should not ordinarily be difficult to arrange for such review.

Cash Account.

14. Besides the Revenue and the Loan Accounts which make up the Municipal Fund proper, the accounts also comprise Deposits (mainly from contractors) and a few subsidiary funds of the nature of reserve funds. The cash balances of all these funds (apart from advances or stores) on the 31st March, 1934, were as mentioned below :—

Dishonoured Cheques.

16. (a) A list of the cheques which were dishonoured and remained unadjusted on the 31st March, 1934, is given in Statement D annexed. Sixty-one of these cheques amounting to Rs. 17,516-4-9 were dishonoured during the month of March, 1934, alone. This statement further shows that many of the cheques dishonoured several years ago are still outstanding.

Steps should be taken to recover these amounts without delay

(b) The undermentioned figures show the total amount outstanding on account of dishonoured cheques during the last five years :—

	Rs.	A.	P.
On 31st March, 1930	16,926	13	4
On 31st March, 1931	15,618	1	3
On 31st March, 1932	17,073	5	3
On 31st March, 1933	10,981	15	0
On 31st March, 1934	36,231	0	0

(c) The departments responsible for receiving such cheques may be asked to consider how the question of dishonoured cheques can suitably be dealt with Effective steps should be taken to recover the amounts due in respect of these cheques from the parties concerned. This point was raised in previous years also (*vide* paragraphs 9 (c) of the Audit Report for 1931-32 and 5 (b) of the Test Audit Note for 1932-33)- *vide* copy enclosed in Annexure I but, practically, with no result.

PARA 16.—The Chief Accountant reports :-
Out of 105 cheques amounting to Rs. 36,231 outstanding on 31st March, 1934 as per Statement D, 89 cheques amounting to Rs. 34,892-13-9 have so far been realised or adjusted, leaving a balance of Rs. 1,338-2-3 only still outstanding in 14 cheques.
Against these 5 cheques amounting to Rs. 449-5-3, *viz.*, items 2, 3, 4, 6 and 7 have been put up by the Law Officer to the Finance Committee for cancellation. Item No. (9) is pending before the Markets Standing Committee. The License Officer is dealing with items Nos. 11 and 14. The Law Officer reports that steps are being taken to file civil suits in respect of items Nos. 18, 19 and 24 and that an amiable settlement is expected in respect of item No. 52, and a suit was filed and a decree passed on the 20th April, 1933 and execution is being taken in respect of item No. 8, the last step having been taken on 24th February, 1936.
Thus it will be seen that sufficient action has been taken in respect of dishonoured cheques.

Cash in hand (with Treasurer)

17. Besides the cash balance in the Imperial Bank there was some cash in hands of the Treasurer on the 31st March, 1934, which was shown as Rs. 18,64,013-9-6½ in the Cash Book of the Municipal Fund kept by the Accounts Department but as Rs. 13,58,180-1-11 in the cash book kept by the Treasurer. The discrepancy was explained as under:—

	Rs.	As.	P.
Balance as per Treasurer's Cash Book	13,58,180	1	11
Add. amount of collection received by the Treasurer on 3rd April 1934 (morning) but accounted for in the Cash Book of the Municipal Fund on 31st March 1934 ...	4,91,836	5	0
Add amount of cheques remitted but not accepted by the Bank	13,997	2	7½
Balance with Treasurer as per Cash Book of the Municipal Fund	18,64,013	9	6½

PARA 17.—No remarks.

18 A list of the cheques remitted but not accepted by the Bank up to the 31st March, 1934 is given in Statement E annexed.

19. Dishonoured cheques amounting to Rs. 41,809-3-0 were shown as outstanding on the 31st March, 1934 in the Treasurer's register. The amount of dishonoured cheques and short remittances as shown in the Accountant's Cash Book was Rs. 50,228-2-7½ as detailed in the margin. The difference of Rs. 8,418-15-7½ should be reconciled in the manner suggested in paragraphs (9) (a) and (b) of the audit report for 1931-32.

	Rs.	A.	P
Dishonoured cheques ...	36,231	0	0
Short remittances ...	13,997	2	7½
	50,228	2	7½

PARA 18.—The Chief Accountant reports :—
The outstanding balance of Rs. 13,997-2-7½ on 31st March, 1934, as per Statement E on account of remittances not accepted by the Bank was reduced to Rs. 1,204-0-9 on 20th May, 1936.

PARA 19.—The Treasurer reports :—
This office list of dishonoured cheques outstanding up to 31st March, 1934, and shown as outstanding, has since been reconciled with that of the Accounts Department. The discrepancy was due to some of the non-clearing or discount cheques not being taken into account by my Department during March, 1934, and some not being taken into account in my book as they were previously transferred to the Law Department by the departments concerned. Some of the adjustments also were not noted in my book due to non-receipt of papers regarding the same within the year.
These lists are reconciled once at the end of each year and we have neither experienced any difficulty nor has there been any confusion in the accounts of either department on account of this annual reconciliation. Therefore in my opinion, it is neither necessary nor practicable (with the existing staff so far as my department is concerned) to have the lists agreed or in case of discrepancy to have them reconciled in a memo every month.

			(5) *Paragraph* 16—*Dishonoured cheques* Government note that the Corporation has already taken necessary action in respect of dishonoured cheques. It is desirable that speedy action should be taken in such cases in future.
This matter requires further consideration. I think we may reconcile them once a quarter	PARA 19—That the Committee are of opinion that the lists of dishonoured cheques should be reconciled once a quarter as ordered by the Chief Executive Officer.

ASSESSMENT DEPARTMENT.

Disposal of objections.

20. The number of objections filed against assessment and the number disposed of during 1933-34 are given below:—

Outstanding objections of the previous year	8,681
Objections filed during the year	12,393
Total number of objections to be disposed of	21,074
Number of objections disposed of during the year ...	11,594
Balance of undisposed of objections	9,480

A comparative statement of the undisposed of objections for the last 4 years as given in the margin, will show how the outstanding objections against assessment have increased from 2,435 in 1930-31 to 9,480 in 1933-34.

Outstanding objections at the close of the year.			
1930-31	1931-32	1932-33	1933-34
2,435	7,584	8,681	9,480

PARA 20.—The Assessor reports:—

	1932-33.	1933-34.
Objections received during the year	8,887	12,393
Balance of previous years' objections	7,584	8,681
	16,471	21,074
Objections disposed of during the year	7,790	11,594
Balance at the end of the year ...	8,681	9,480

It will be seen from the above statement that objections received and disposed of during 1933-34 were much larger than during 1932-33.

It may be pointed out also that the number of objections received has been increasing steadily, the figures for the last four years being:—

1930-31.	1931-32	1932-33.	1933-34.
5,893	8,669	8,887	12,393

Loss of the consolidated rate through error in calculation and for the lump sum reduction of the annual value under Section 146 of the Act.

21. The annual value of the premises No. 67, Sukeas Street. in Ward No. 4 was revised from Rs. 2,624 to Rs. 3,216* during the general revision of assessment with effect from the 2nd quarter of 1927-28 on the ground of increase in the value of land. During the hearing of the objection on the 13th January, 1928 under Section 140 of the Act, the First Deputy Executive Officer reduced the value of the land from Rs. 3,200 to Rs. 2,600 per cotta. The value of land was, however, wrongly calculated on 15 chattaks instead of on 15 cottas of land and accordingly the annual valuation of the said premises was erroneously fixed at Rs. 938 instead of at Rs. 2,766, the correct annual value. Neither the revising surveyor nor the Deputy Executive Officer appear to have considered why the annual value proposed was so abnormally lower than the value already fixed. The Corporation had to suffer a loss of Rs. 2,139 in the 6 years from the 2nd quarter of 1927-28 to the 1st quarter of 1933-34 on account of the consolidated rate of this holding.

Revised assessment from 2nd quarter, 1927-28.

PARA 21.—As stated in Para 8 of the Report, the question formed the subject matter of a special report by the Joint Auditors under Section 122 (aa) of the Act. (Letter No. LA/1138 dated 23rd/25th September, 1935). An *ad-interim* reply was sent to the Local Government as per Chief Executive Officer's letter No. S/4306 dated the 1st November, 1935. The matter has been disposed of by the Corporation.

L Saha had each contributed to the making of this serious under-assessment The Corporation also directed a Police enquiry in the matter. The result of the Police enquiry and the action taken thereon are awaited. (*Extract from the Proceedings of the Finance Standing Committee dated 15th March, 1937.*) The Chief Accountant reports :— *Paragraph* 21.—This relates to a case of wrong calculation of the valuation of a premises. The 1st Deputy Executive Officer states that "the police enquiry has failed to throw any new light on the matter. The investigating officer's report contains some inaccuracies The question of a further enquiry is under consideration" As regards the case itself, the Assessor reports as follows :— The premises No. 41, Kailash Bose Street was revalued under Section 146 of the Act on the strength of an opinion of the Law Officer dated the 28th November, 1935, which is quoted below, increasing the valuation from Rs 938 to Rs 3,171, with effect from the last general revaluation of the Ward, *i.e.*, from the 2nd quarter of 1933-34 The party having filed an objection against the revised valuation, the 1st Deputy Executive Officer was pleased to reduce the same to Rs. 2 646 at a hearing on the 22nd June,	(7) *Paragraph* 21.—*Loss of the consolidated rate through error in calculation and for the lump sum reduction of the annual value under section* 146 *of the Calcutta Municipal Act.* Government may be informed in due course of the result of the Police enquiry instituted in this case and of the action taken by the Corporation in the matter.

Auditors' Report.

Replies of the Departmental replies and Chief Accountant's remarks.

Loss suffered by the Corporation.

Consolidated rate (both owner's and occupier's share) per quarter on the annual value of Rs. 938 ...	45	11	6
	89	2	0

Total loss for 24 quarters from the 2nd quarter of 1927-28 to the 1st quarter of 1933-34 was Rs. 89·2 x 24 = Rs. 2,139.

Again during the next general revision of assessment with effect from the 2nd quarter of 1933-34, the annual value of the said premises (then numbered 41, Kailas Bose Street) was again revised to Rs. 3,171 by taking the value of land at Rs. 3,200 per cotta. The first Deputy Executive Officer in disposing of the objection of the party on the 3rd November, 1933 reduced the annual value from Rs. 3,171 to Rs. 2,721 by taking the value of land at Rs. 2,600 per cotta and further ordered on the same date "original valuation restored under Section 146 from G. R." (general revision) without assigning any reason. Thus the annual value of Rs. 938 wrongly calculated on the 13th January, 1928, as stated above, was again restored instead of the correct annual valuation of Rs. 2,721 with effect from the 2nd quarter of 1933-34. So the Corporation continued to lose on account of the consolidated rate of this holding at Rs. 86-15 per quarter from the 2nd quarter of 1933-34 to the 2nd quarter of 1935-36, the total loss amounting to Rs. 782-7-0. The loss at Rs. 86-15-0 per quarter will continue till the annual value of Rs. 938 be revised to Rs. 2,721. The facts are brought to the notice of the Corporation for consideration and necessary action. In this connection it may be pointed out that the reduction of the annual value without any data or reason is presumably not contemplated in Section 146 of the Act.

		1936, with effect from the aforesaid quarter. Accordingly, supplementary bills on the difference between the valuations of Rs. 2,646 and Rs. 938 (quarterly rate Rs 41-10-3, in each share) were issued from the 2nd quarter of 1933-34 to the 2nd quarter of 1935-36 and fresh bills from 3rd quarter of 1935-36 to the 2nd quarter of 1936-37 were issued on the annual valuation of Rs 2,646 by cancelling the original bills issued on the annual valuation of Rs. 938, which were outstanding. As under the opinion of the Law Officer, the premises were revalued from the 2nd quarter of 1933-34, no supplementary bills prior to that quarter were issued. The opinion of the Law Officer runs as follows :— "I have seen the objection sheet for 1927-28 as also that for 1933-34, and also the letter dated 13th June, 1933, of the party objecting to the revised valuation. Considering all the circumstances of the case, I think you should revalue the premises under Section 146 (c) of the Act. Such revaluation may be given effect to from the date of the last general revaluation In this case as the major portion of the land liable to be valued has not been valued, I am inclined to think that Section 146 (a) (last clause) also applies and the revaluation may be made under that provision." The Collector reported on 12th January, 1937, that the fresh bills for 2nd quarter of 1936-37 and original bills at the enhanced rate for 3rd quarter of 1936-37, were paid by the parties He allowed instalments for payment of supplementary and fresh bills from 3rd quarter of 1935-36 to 1st quarter of 1936-37. One of the parties paid Rs. 50 and other party promised to pay a considerable sum in February next. The Finance Committee on 20th December, 1935, resolved as follows :— (i) That the Committee are of opinion that a case of loss has been made out in the Auditors' report and that they are taking steps to realise the amount of loss from the party concerned, failing which the Corporation will have this loss made good by the officer or officers concerned. (ii) That for the purpose of fixing or apportioning the responsibility as between the different officers concerned, a Sub-Committee consisting of the three members of the Finance Committee, *viz.*, Mr. Madan Mohon Burman, the Hon'ble Mr. B K. Basu and Mr. W. A. Burns, be appointed to go into the question in details in consultation with the Chief Executive Officer and the 1st Deputy Executive Officer and to favour the Committee with their report as early as possible. That they be further requested to consider and

Delay on the part of the Corporation Councillors in paying taxes.

23. It was suggested in paragraph 8 (b) of the audit report for the year 1932-33 that it would be well for the Corporation to compile a list of outstanding rates, taxes and other dues from the Corporation Councillors and employees and to note in this statement the reasons for the non-realisations and the steps taken to deal with them, but no such list could be produced

PARA 23.—This question formed the subject matter of a special report under Section 122 (a) as per letter No. I.A/1155 dated the 25th September, 1935, from the Joint Auditors to the Chief Executive Officer. An *ad-interim* reply was sent to the Local Government as per Chief Executive Officer's letter No. S/4306 dated 1st November, 1935. The matter has been disposed of by the Corporation

		report also upon the procedure to be adopted with a view to avoid the recurrence of any such loss in future. (iii) That the report to be submitted to the Local Government be drafted on the above lines by the Law Officer in consultation with the Chief Accountant. The above resolutions were not placed before the Corporation. The Finance Committee, however, further considered the matter at their meeting dated 17th March, 1936, and as recommended by them, the following resolution was passed by the Corporation on 8th July, 1936 :— That in regard to letter No. L. A. 1138, dated the 23rd and 25th September, 1935, from the Joint Auditors regarding loss of the consolidated rate in respect of No. 67, Sukeas Street (now 41, Kailash Bose Street) the Corporation do not find it possible at this late date to obtain all the evidence that they would like to obtain. But they find from a general enquiry that the 1st Deputy Executive Officer is, throughout the whole transaction, technically responsible and so also in a lesser degree, is the Assessor. The Assessing Inspector, Babu Dhirendra Nath Banerjee, who negligently made the misleading and incorrect reference to Sec. 146 and the Asst. Assessor, Mr. M. L. Saha who negligently failed to check the accuracy of this misleading and incorrect reference to Section 146 have each contributed to the making of this serious under-assessment. Further evidence may transpire as the result of a police enquiry; and accordingly the Corporation direct the Chief Executive Officer to have, if possible, a police enquiry made in this matter. The Corporation further find that in this case the provisions of the Assessment Manual have not been strictly observed. *Corporation dated 27th August, 1937.* That the Corporation are of opinion that the technical responsibility in the case of the 1st Deputy Executive Officer does not involve any monetary responsibility and that the Provident Fund money due to him be refunded.	
		Accountant-General, Bengal's letter No. L. A. 2617 dated 17th December, 1936, to Government. *Paragraph* 23.—The Corporation doubt the utility, for the purpose of audit, of a list as pointed out in the report and it has been urged that such a list was not necessary even for administrative purposes. It has, however, been stated that a list of the comparatively large items (Rs. 500 or more) was generally prepared and greater attention paid to it. On enquiry it has been found that no such list was prepared.	(8) *Paragraph* 23.—*Delay on the part of the Corporation Councillors in paying taxes.* A separate list should be maintained of all persons, including Councillors, Aldermen and municipal employees, who are in arrears of comparatively large amounts, (i.e., Rs. 500 or more) and showing the details of all outstanding dues, the reasons for non-realisation and the steps taken to deal with them.

*Notices of demand were sent to him by the Collector *vide* No. C. V. 388 dated 26-6-33. No Warrant was issued. Bills have been transferred to the Law Department on 29-3-35. Legal action has not yet been taken.

(a) The bills were transferred to Law Department on 3-9-34. The Law Department sent a letter No. L/261 dated the 23rd September, 1935, *i. e.* after a year demanding the payment.

Warrants did not appear to have been issued and executed against any of them as no such note has been recorded against them in the demand and collection register. Some of the outstanding bills have been transferred to the Law Department but legal steps did not appear to have been taken as yet. Default by the Councillors of the Corporation and omission of procedure for recoveries from them are considered specially serious for review by the Corporation and notice in audit. A complete list of all Corporation Councillors, Aldermen and employees who have not paid their rates, taxes and other dues to the Corporation with the details of all outstanding dues, should be prepared and the reasons for the non-realisation and the steps taken to deal with them should be noted against each.

		(Extract from the Proceedings of the Finance Standing Committee dated 23rd March, 1937) The Chief Accountant reports :— *Paragraph* 23 —The original suggestion of the Auditors was that a list of Councillors and employees who default in paying rates, taxes, etc , should be prepared The Collector reports on 12th January, 1937, that there is no provision in the Manual to prepare a list of the comparatively large items say Rs 500 or more but owing to heavy accumulation of outstanding bills the Divisional Inspectors are generally directed to prepare such lists for facility of work and that such lists for 1935-36 have already been inspected by the Government Auditors *Accountant-General, Bengal's letter No. L A 1163 dated 27th July, 1937 to Government.* *Paragraph* 23 —The statement made in the Chief Accountant's report is not accurate inasmuch as no separate outstanding lists for items of Rs 500 or more were prepared for 1935 36, but an annual list of all outstandings (whether large or small) to end of 1935 36, arranged according to holdings was prepared and the latter was seen by the auditors It may be stated that separate lists for items of Rs 500 or more outstanding on 31st March, 1937 have recently been received in the Government Audit Department *Chief Executive Officer's Letter No 84826, dated 4th November, 1937, to Government* The Government Auditors have apparently misunderstood Collector's report in reply to query 23 He reported "There is no provision in the Manual to prepare a list of the comparatively large items, *say* Rs 500 *or more*, but owing to heavy accumulation of outstanding bills, the Divisional Inspectors are generally directed to prepare such lists for facility of work and such lists for 1935 36 have already been inspected by the Government Auditors" The exhaustive list up to 1935 36 was considered necessary at the time and I do not see how it can give rise to a complaint.

VERIFICATION OF RATE BILLS.

Receipts produced in lieu of Rate Bills

25. In the course of verification of the Rate Bill receipts from parties in lieu of the original outstanding bills were produced in several cases. The bills in lieu of which such receipts were produced related to holdings belonging to Government and other public bodies as well as to private persons with whom the bailiffs had left the bills for inspection. Inspite of the remarks made in paragraph 27 of the Audit Report for 1929-30 and paragraph 22(a) of the report for 1931-32 (copies enclosed in Annexure I) no action appeared to have been taken to obtain the original rate bills for verification. In reply to paragraph 27 of the Audit Report for 1929-30 it was stated that arrangements had been made to verify the party's receipts by the Audit Inspectors of the Accounts Department. The receipts produced, however, did not seem to bear any mark of such verification. Sanction of the competent authority, as required under Rule 439 of the Assessment and Collection Manual for leaving bills with the parties, was also not forthcoming in audit in any case.

Replies of the

Departmental replies and Chief Accountant's remarks.

PARA 24 (a) and (b).—The Collector reports:—

So far as this Department is concerned the outstanding rose on account of general trade depression, limited capacity of the rate-payers, appointment of many receivers, etc. At the end of 1932-33 Corporation appointed a Special Committee to look into the state of affairs. They scrutinized the outstanding and directed some steps as a result of which the balance fell next year to 15 lacs from 21 lacs.

The Assessor reports:—

The increase in the outstanding amount during the year under report is Rs. 3,77,958. More than half of this is covered by the few premises noted below for which the bills for several quarters had to be recalled for reduction of assessment or on other grounds, under the orders of the Deputy Executive Officers:—

Ward	Premises.	Quarters.	Amount.
			Rs.
1	1, C. I. T. Scheme VII J	3/32-33 to 4/33-34	27,456
3	1, Do. VII H	3/32-33 to 4/33-34	52,872
6	6, Beadon Street ... (Minerva Theatre).	2/31-32 to 4/33-34	8,946
7	22, Canning Street ...	1/32-33 to 4/33-34	16,996
12	6, Esplanade Row West (Bengal Council Chamber).	1/33-34 to4/33-34	60,704
13	1, C. I. T. Scheme XXXI.	2/29-30 to 4/33-34	38,614
13	5, Dharamtolla Street ...	1/33-34 to 4/33-34	12,800
			2,13,388

All these have since been disposed of excepting the item relating to Bengal Council Chamber.

As regards the balance, the same is largely due to number of vacancy cases as well as reduction cases having increased considerably.

The Chief Law Officer reports:—

It appears from my records that outstanding balance in my hands rose to Rs. 1,19,174 in the year 1933-34 due to heavy transfer of demand beyond all proportions from the Collector year after year.

PARA 25.—The Collector reports:—

Attempts are always made to produce the bills in original instead of receipts but in most cases the bills cannot be got back from the parties even after repeated requests.

So far as the question of sanction referred to in last 3 lines is concerned, it may be stated that the existing practice of leaving bills with parties in lieu of receipts is continuing under orders of the sanctioning authority, the Deputy Executive Officer.

The Chief Accountant reports:—

The Audit Inspectors of the Accounts Department verify the receipts at random. It is not possible for them to check all the cases. The Audit Inspectors have been instructed to put their initials with designation on each receipt at the time of verification.

Form No. C-30 of the Assessment and Collection Manual. It is for consideration whether the said instruction should not be strictly observed. The object of the verification of the outstanding rate bills in hand is frustrated if the collecting bailiffs are allowed to submit old receipts instead of actual rate bills at the time of verification. If any receipt is shown in lieu of bills at the time of verification as a special case, the sanction of the Deputy Executive Officer should be produced in the case of private parties under Rule 439 of the Assessment and Collection Manual. (*Extract from the Proceedings of the Finance Standing Committee dated 23rd March, 1937.*) The Chief Accountant reports :— This relates to the practice of leaving Rate Bills with parties for inspection against Receipts.	(10) *Paragraph* 25.—*Verification of rate bills.* The objection of the auditors was based on paragraph 439 of the Assessment and Collection Manual of the Corporation which lays down that outstanding rate bills should not be parted with in cases other than those of Government officers except under the special orders of the Deputy Executive Officer. There may be practical difficulties in complying with the provisions contained in this paragraph in certain cases, but the specific instructions laid down in the Corporation's Assessment and Collection Manual should be followed as far as possible.

PARAS 26 and 27.—The License Officer reports:—
The figure for the year 1933-34 is the accumulation of the past few years. The unrealised outstanding of this Department has been reduced by cancellation under section 213 of a total demand of Rs. 2,59,750 under different heads vide the statement below, I am taking steps for cancellation of unrealisable demands for 1931-32 and 1932-33 and shall place the list before the Committee soon. Nothing is left undone to realise the outstanding demands and also to raise the standard of collection and the figures for 1934-35 and 1935-36 will show that we can claim to have achieved some success in this direction.

Corporation.

Chief Executive Officer's remarks.	Resolutions of the Finance Standing Committee as confirmed by the Corporation.	Audit Rejoinder together with further replies of the Corporation.	Final orders of Government, as per Letter No. 186-M, dated 19th January, 1938.
		This point has been dealt with in our replies to Paragraphs 27, 23 and 22 of the Audit Reports for 1929-30, 1930-31 and 1931-32 respectively explaining that the system of producing the receipt of the parties in lieu of the actual rate bills at the time of verification cannot be done away with altogether. It was accordingly arranged that the Audit Inspectors of the Accounts Department should make a test verification of the party's receipts on local inspection. This arrangement was indirectly approved by the Accountant-General, Bengal, in his further remarks to Paragraph 27 of the Audit Report for 1929-30 wherein he pointed out the absence of certificates of verification by the Audit Inspectors on the party's receipt (*vide*—Accountant-General of Bengal's letter No. LA/1418, dated 24th October 1934, to the Chief Executive Officer). The Audit Inspectors were accordingly instructed to put in their signatures on the receipts verified by them. I do not understand why the old question which has already been settled has been raised again by the Auditors. The Collector reports as follows in this connection: "Our past experience shows that the suggestion cannot be enforced without risking collection itself. Regarding submission of receipts in lieu of bills in audit, it was a general sanction of the Deputy Executive Officer, dated 26th February, 1936. A copy of such sanction may be furnished if required." *Accountant-General Bengal's Letter No. L.A.-1163, dated 28th July, 1937 to Government.* *Paragraph* 25.—The objection was based on paragraph 439 of the Assessment and Collection Manual which laid down that outstanding rate bills should not be parted with in cases other than those of Government officers except under the special orders of the Deputy Executive Officer. If the provisions contained in this paragraph cannot be observed in practice, the paragraph should be amended. *Chief Executive Officer's Letter No. S-4826, dated 4th November 1937.*— The question will be taken up at the time of revision of the Assessment and Collection Manual.	
	PARA 26.—That the License Officer be requested to take steps to reduce the amount of outstanding demands in his department as far as practicable.		

Auditors' Report.

Replies of the Departmental replies and Chief Accountant's remarks.

27. The outstanding balances of the various license fees on the 31st March of the three previous years are given below:—

	Trade and profession license.	Carriage and animals license.	Scavenging license.
	Rs. A. P.	Rs.	Rs. A. P.
On 31-3-33	4,60,005 8 0	2,54,545	28,642 12 0
On 31-3-32	3,27,855 12 9	2,66,922	23,354 0 0
On 31-3-31	2,28,565 12 0	2,02,978	19,280 4 0

It would appear from the above that the outstanding license fees are increasing year after year which seems to point to the necessity for greater activity on the part of the Collecting staff. The outstanding balance in respect of carriage and animals license fees on the 31st March, 1934, was Rs. 2,65,618 while the demand for the year was only Rs. 80,990, or, in other words, more than 3 years' demand was lying unrealised. The reasons for these unusually heavy arrears may be stated

Remission and Cancellation of License fees without proper sanction.

28. (a) In the course of a test check of the demand register of Trades and Profession taxes of Ward No. 7 for the year 1933-34 it appeared that remissions of license fees under Section 175 (c) of the Act were granted under the orders of the Deputy Executive Officer without the sanction of the Finance Committee to whom the powers of reduction and remission under Section 175 have been delegated by the Corporation.

(b) Similarly, in several cases, the license fees assessed by the Assessing Inspector under Section 175 of the Act were reduced to one-half by the Deputy License Officer on the 31st March, 1934 under Section 175 (a) of the Act on the report of the Collecting Inspector. These remissions allowed by the Deputy License Officer were not sanctioned by the Finance Committee nor were they approved even by the Deputy Executive Officer. The omission to obtain the sanction of the Committee having been pointed out in the query statements in audit, lists of half remission and reduction of the Trades and Profession taxes under Section 175 (a); (b) and (c) for the year 1933-34 have subsequently been prepared and submitted before the Finance Committee which have referred the same to a Sub-Committee for scrutiny The Accounts Department however adjusted the amounts of these half remissions and reductions in the accounts for the year 1933-34 without waiting for the final orders of the Finance Committee. This practice was irregular. The same irregularity was dealt with in the previous audit reports and it was suggested in paragraph 41 of the Audit Report for 1931-32 that the Accounts Department should not adjust such remissions and reductions in the accounts until they are finally sanctioned by the Finance Committee but no attention appears to have been paid to the suggestions.

PARA 28.—The Chief Accountant reports:—
This question formed the subject matter of a special report under section 122 (aa) of the Act as per letter No LA/1135 dated the 23rd September, 1935, from the Joint Auditors Action was taken and the Accountant-General, Bengal has ultimately treated the matter as disposed of.

SIR STUART HOGG MARKET.

Unbusinesslike transaction

29. Stalls Nos. 64-65 in block "F" (New) of the Sir Stuart Hogg Market were allotted by the Public Utilities and Markets Committee at their meeting held on the 6th September, 1926 to Babus Nabadwip Chandra and Brindaban Chandra Saha on condition that an initial rent of Rs. 2,750 was paid as below:—

Rs. 1,000 on 6th September, 1926.

Rs. 875 on 31st October, 1926.

Rs. 875 on 30th November, 1926.

PARA 29.—The Chief Law Officer reports:—
Out of Rs. 500 the party has paid Rs. 15 and has promised to pay Rs. 100 in December, 1936 and in the meantime at the rate of annas eight per diem. From January he has promised to pay at the rate of Rupee one per diem. The above proposal of the party has been accepted by 2nd Deputy Executive Officer who has asked the Revenue Officer to receive the instalments as proposed by the party.

Auditors' Report.	Replies of the Departmental replies and Chief Accountant's remarks.
The first instalment was paid on 7th September, 1926 and Rs. 1,250 on different dates between 10th January, 1927 and 15th November, 1931—possession having already been given on realisation of the first instalment. The balance amounting to Rs. 500 still remains outstanding. In reply to audit query dated 2nd February, 1932 the Superintendent of the Market stated on 5th March 1935 that the matter had been referred to the Law Officer for taking necessary steps for recovering the outstanding dues. Further enquiry elicited the information that the Law Officer did not take any action at all on the ground that the "demand was not officially transferred" to his department. The rent roll shows that the party is still in possession of the stall. Immediate action should be taken to recover the amount.	
Park Circus Market.	
30. The comparative statement given below of the total receipts and expenditure of the Park Circus Market during the years 1931-32, 1932-33 and 1933-34 will show that the Corporation is suffering heavy loss in maintaining the market:—	PARA 30.—The matter is now pending before the Corporation *vide* item No. 30 of 30th March, 1936.

Year.	Total receipts during the year.	Expenditure on account of rent payable to the Calcutta Improvement Trust during the year.	Expenditure on account of establishment and other charges during the year.	Total expenditure during the year.	Net loss during the year.
	Rs. A. P.	Rs.	Rs. A. P.	Rs. A. P.	Rs. A. P.
1933-34	5,319 9 6	7,560	2,734 6 10	10,384 6 10	5,064 13 4
1932-33	4,955 0 0	7,060	3,113 5 4	10,163 5 4	5,208 5 4
1931-32	6,306 2 6	6,450	3,720 13 9	10,171 13 9	3,865 11 3

It appeared from the case file in connection with the taking over of the Park Circus Market by the Corporation that the said market was constructed by the Calcutta Improvement Trust from whom the Corporation took possession of the same on a perpetual lease on certain conditions. The contract, however, has not been formally executed yet. The rent of the market payable by the Corporation to the Improvement Trust was fixed at Rs. 500 per mensem rising upto Rs. 770 in the course of 6 years at the rate of Rs. 50 per annum upto the 5th year and Rs. 70 in the 6th year. The Corporation took possession of the market with effect from the 1st June, 1930 and since then they are suffering loss on account of the same every year. Once, in 1931, the Corporation expressed their desire to the Calcutta Improvement Trust for the abandonment of the Market but the latter was not agreeable to take back the market on the ground that such a course would be a breach of faith with the public of the locality concerned to whom they sold their surplus lands at high prices and who expected that a Municipal Market would be in existence in that locality. The Corporation could neither give up the market nor could they sub-lease it as that was not admissible according to the conditions on which they took possession of the Market. In view of the recurring loss from the market, the Corporation may consider whether the Improvement Trust should not be requested to fix a lower rate of rent if they cannot forego the same altogether.

Heavy Outstandings.

31. The total demand, collection and the balance outstanding in respect of the rate bills as well as the miscellaneous bills in the hands of the Law Officer on the 31st March 1934 are shown below:—

It would be seen from the above that the total outstandings in respect of rate bills and miscellaneous bills on the 31st March, 1934 were Rs 11,76,048 against Rs. 8,35,518 on the corresponding date of the previous year. The outstandings in the hands of the Law Officer have thus increased by more than 3 lacs in the course of the year 1933-34. Out of the total amount of Rs. 11,76,048, only Rs. 1,49,095 has been decreed, and suits for Rs. 2,00,264 are pending in different courts, leaving a balance of Rs. 8,26,689 for the realisation of which no suit was filed during 1933 34.

PARA 31.—The Chief Law Officer reports:—
The heavy outstandings were due to want of adequate staff for taking prompt action for the increased volume of work. A Reorganisation Committee was formed for the purpose and to consider what steps should be taken in that behalf. The Corporation on 19th February, 1936, approved the recommendations of the Committee including the appointment of an additional officer for the improvement of the departmental works. Such officer has not yet been appointed.

Bills time-barred

32. In the course of verification of the bills in the hands of the Law Officer on the 31st March, 1934 it was found that several bills were outstanding for over 12 years and thus got barred by limitation. A list of such bills is appended hereto in Statement G. An enquiry as to the reasons for not taking legal steps in respect of these bills was made, but no reply to the audit query was furnished by the Law Department. Rule 490 of the Assessment and Collection Manual enjoins that all suits must be filed within three months from the date of receipt of bills from the Collector, but in these cases no action appears to have been taken. The circumstances under which the bills were allowed to get time-barred and the action taken, if any, for the realisation of these bills may be reported It is suggested that a list of such time-barred bills should be prepared at the end of every year with an explanation against every item as to the reason for which it was allowed to get time-barred and submitted to the Corporation for orders.

PARA 32.—The Chief Law Officer reports:—
The replies with reference to each particular item mentioned in statement "G" may be seen.

The adoption of this procedure would facilitate the supply of the explanation required by the auditors and would enable them to check individual cases.

CITY ARCHITECT'S DEPARTMENT.

Cost of Police Watch not fully recovered

35. A sum of Rs. 8,652 is paid annually on account of the pay, and pension and leave contribution of one Sub-Inspector of Police and 10 Constables appointed for Corporation work, viz., to prevent unauthorised construction of buildings. The Corporation realises a charge of Rs. 5 per day for constant watch and Rs. 2-8-0 for occasional watch from the owners of such buildings. The amount recovered falls far short of the expenditure incurred as will be seen from the following table:—

Year.		Expenditure.	Recovery
		Rs.	Rs. A. P.
1931-32	...	8,652	1,576 8 0
1932-33	...	8,652	1,471 8 0
1933-34	...	8,652	2,539 8 0

It was accordingly suggested in paragraph 54 (a) of the Audit Report for 1931-32 (vide copy in Annexure I), that the rates of recovery might be suitably raised to cover the cost incurred Action taken by the Corporation on this point has however not yet been communicated.

PARAS 33, 34, 35 and 36.—These questions formed the subject matter of three special reports under Section 122 (a) of the Act as per letter Nos LA/1139 and LA/1136 dated 23rd September, 1935, letter No. LA/1156 dated the 25th September, 1935, and letter No. LA/1313 dated the 24th October, 1935, from the Joint Auditors to the Chief Executive Officer *Ad interim* replies were forwarded to the Local Government as per Chief Executive Officer's letters No. S/4306 dated 1st November, 1935, and S/4647 dated 20th November, 1935 The matters have been disposed of by the Corporation.

		action taken from time to time and the circumstances in which the bills could not ultimately be recovered Such circumstances are in each case reported to the Chief Executive Officer, the Finance Committee and the Corporation The proceedings of the Committee and the reports in the files may be inspected by the Auditors if thought necessary The preparation of a list of time-barred bills as suggested does not seem to be necessary. A list of cancellation of demands is prepared from time to time and placed before the authorities for their orders. *Corporation dated 27th August, 1937* :— That the Corporation are of opinion that a list of time-barred cases showing why they got time barred be kept in future and that it be a direction to the Department that the list should be laid before the Finance Committee once a quarter	
		Accountant General, Bengal's Letter No. L A./2617, dated 17th December, 1936 to Government :- *Paragraph* 33.—The Corporation are of opinion that it is not obligatory to realise the whole amount of Police cost from the party and that they have to maintain the Police staff whether their services were required on any particular day for the prevention of unauthorised construction. The Police force as maintained appears to be more than what is required as on a "Peace footing" and the auditors further think that the full cost for the period of employment should be recovered under Section 365 (3) of the Act (*Extract from the Proceedings of the Finance Standing Committee dated 23rd March*, 1937.) The Chief Accountant reports :— *Paragraph* 33.—This relates to the question as to whether the cost of the Police force which has to be maintained by the Corporation as insisted upon by the Commissioner of Police should be recovered in full from parties upon whose property the police is posted to prevent unlawful construction or only the cost of the police actually posted. I have nothing further to add to what has already been stated and which led to the resolution of the Corporation dated 8th July, 1936 on the subject, a copy of which was forwarded to Government as per Chief Executive Officer's letter No. S/2865 dated 23rd July, 1936. If the Government be pleased to accept the suggestion of the Auditors they may further be pleased to request the Police Commissioner to reduce the charge for the police force supplied to the Corporation by maintaining fewer constable than at present so that it may be practicable to give effect to the suggestion.	(13) *Paragraph* 33.—*Recovery of the cost of police watch.* As regards the recovery of the full cost of the police watch, Government are of opinion that, although it is strictly speaking not obligatory on the part of the Corporation to realise the whole of the cost, it is only fair in the interests of the rate-payers that remissions should not be granted without adequate reasons. As regards the present strength of the police force maintained by the Corporation, it is suggested that the Corporation may consider the feasibility of some reduction in its strength in consultation, if necessary, with the Commissioner of Police, Calcutta.

Overtime Allowance paid to the Asphaltum (Lorry) staff of the Motor Vehicles Department

34. Overtime allowances were paid to the Asphaltum (Lorry) staff of the Motor Vehicles Department under the sanction of the Chief Executive Officer, *vide* instances mentioned in the margin. It was stated that the allowances were being paid from the year 1921, but under Section 56 of the Calcutta Municipal Act of 1923, rules regarding the payment of allowances are required to be passed by the Corporation and are subject to Government sanction under Section 485 of the Act. As the requirements of the law were not fulfilled, payments of the overtime allowances were irregular.

Free use of a Corporation car.

35. Mr. R. M. Ghosh, Traffic Manager of the Corporation Railway was allowed to use one of the Corporation motor cars in connection with unloading work at Dhappa from December, 1930. The Motor Vehicles Department issued bills against him for the hire of the car at the rate of annas eight per hour. Under the Chief Executive Officer's order, the amounts of these bills, instead of being recovered from him were adjusted by debit to "B. I. No. 53 (c) (j)—Unloading at Dhappa" and by credit to "B. I. 22 (n)—Miscellaneous receipts." Thus the amount of miscellaneous receipts was swelled unnecessarily. The total expenditure thus adjusted in 1933-34 amounted to Rs. 1,816 which greatly exceeded the amount of motor car allowance paid by the Corporation at Rs. 100 a month to the other employees who have their own cars. Though the Corporation have delegated the power to the Chief Executive Officer to allow free use of the Corporation car by employees on the Corporation work, when required, such recurring charge for the use of the Corporation car by the Traffic Manager is to be treated as an allowance and sanction of the Corporation is necessary under section 51 (2) of the Act.

Stamp Charges on Loan paid from Loan Account.

36. Stamp charges amounting to Rs. 24,202 were incurred from the Loan Account in connection with loans amounting to Rs. 24,20,200 raised during the year under report for repaying old loans of 1903-04. Specific sanction of Government was not obtained to the charging of this expenditure to the loan account but the debit was adjusted on the strength of the Government letter No. 2197-M dated the 23rd July, 1929 in which Government accorded sanction to the charging of all incidental expenses in connection with the raising of the sterling loan of £500,000 of 1923 to the Capital Account. As the sanction in the Government letter quoted above was accorded in a specific case and not in general terms, sanction of Government is necessary for debiting the stamp charges to the loan account in the present case. Similar objections were also raised in paragraph 90 of the Audit Report for the year 1931-32 and paragraph 37 of the Audit Report for the year 1932-33, but apparently to no effect.

In that case sanction of the Corporation should have been obtained under section 51 (2) of the Act. The free use of a fully equipped car is virtually an allowance which requires specific sanction of the competent authority. As, however, the matter has gone up to the Corporation which have raised no objection to the arrangement, the objection has been treated as settled. The explanation gives no new information but only asserts that Government accepted the principle of such debits when they sanctioned the debit in the case of the sterling loan. The decision of Government asked for in this office letter No. LA/1640, dated 10th September, 1936 is awaited. (*Extract from the Proceedings of the Finance Standing Committee, dated 23rd March*, 1937.) The Chief Accountant reports :— *Paragraph* 36.—This relates to the debit of discount, etc., to capital instead of to revenue :—No remarks.	(14) *Paragraph* 36 —*Debit of stamp charges to Loan Account.* In their letter No. 2197-M., dated the 23rd July 1929, Government authorised the Corporation, under section 97 (2) (i) of the Calcutta Municipal Act, to debit to its capital account all charges on account of stamp duty and other incidental expenses in connection with the sterling loan of 1922-23. The Corporation appears to have misinterpreted this letter as a general order authorising the debit of the cost of stamp duty and all incidental charges for raising loans to the Capital Account. In view of the clear provisions of section 97 (2) (i), the Corporation should have obtained the specific sanction of Government in each such case. As no such sanction was obtained, the stamp charges amounting to Rs. 24,202 incurred in connection with loans raised during the year under report should be refunded to the capital account.

"On Account" Payments.

57. (a) "On account" or part payments to contractors in consideration of works executed by them were made on bills supported by a certificate from the head of the department without copies of the measurement sheets being furnished. (For instance, C. V. No. 925 dated the 12th April, 1933 regarding payment of Rs. 3,500 to Messrs. Dutt and Co., for raising the surface of Sahitya Parishat Street and C. V. No. 14305 dated the 22nd September, 1933 regarding payment of Rs. 7,000 to Messrs. Nadia Engineering Co. in connection with the concrete pavement of the Chittaranjan Avenue between Mechuabazar and Beadon Streets.) In the absence of recorded measurements of the work done, it can not be ascertained whether the quantity of work executed warranted the amount paid. A reference is invited in this connection to Rule 183 of the Engineering and Survey Manuals requiring progressive measurement to be shown in the case of "on account" payments.

(b) In this connection it may also be pointed out that the "on account" payment of Rs. 1,50,000 in C. V. No. 14533, dated the 22nd September, 1933 to Messrs. R. P. Roy and Sons for the construction of the additional Town High Level sewer was not posted in any Personal Ledger account of the contractors.

"The Calcutta Municipal Gazette" still running at a loss.

58. (a) The total expenditure during 1933-34 on account of the "Calcutta Municipal Gazette" amounted to Rs. 42,831-9 while the total receipts during the year amounted to Rs. 37,733-7 only. The Corporation thus suffered a loss of Rs. 5,098-2-7 during 1933-34 on account of the "Municipal Gazette." A comparative statement of the receipts and expenditure in respect of the "Calcutta Municipal Gazette" for the last 4 years is given below from which it will appear that the "Gazette" has all along been running at a loss.

PARA 37 (a).—The Chief Engineer endorses the following reports of the District Engineer, District No. 1 and of the Executive Engineer, Drainage.

Report of D. E. I. re. payment to Messrs. Nadia Engineering & Co.

In this case the work was completed by the contractors and measured up long before the part payment was sanctioned. The measurement sheet was there, the bill was there, and the Contractors' claim was nearly Rs. 17,000. As the bill could not be passed for payment for some technical difficulties and the contractors were pressing hard for payment an 'on account' payment of Rs. 7,000 was sanctioned. If it was necessary to paste measurement sheet with the voucher the Accounts Department would have done it and I think it was not necessary, for it would have involved avoidable duplication of work. The Auditors could have had access to the file had they wanted it.

Report of the Executive Engineer, Drainage re. on account payment to Messrs. Dutt & Co.

Measurements which were scrutinised before recommending the on account payment are still in the file (page 143) an extract from which is appended below :—

The work has been completed as already reported. The total value of the works done by the contractors will be as follows :—

	Rs.
Value of work as per 1st progressive measurement	2,100
Consolidation of stone metal, 6" thick 88,000 s.ft. at Rs. 4-12-0 per 100	3,990
Filling in and making rubbished footpath, 10,000 c.ft., at Rs. 6 per 100	600

Total	5,275 approximately.

PARA 37 (b).—The Chief Accountant reports :—

This was an on account payment to Messrs. R. P. Roy and Sons by debit to A/c "Temporary Advance from revenue for Loanable works" for which no personal ledger was maintained at the time A personal ledger has been started from 1935-36.

PARA 38 (a).—The Editor reports :—

The remarks in this paragraph are based on a misconception of the financial basis on which the *Calcutta Municipal Gazette* is run. It is assumed by the Government Auditors that the *Gazette* is published for financial profits, which, however, is not correct. The proceedings of the Committees and the Corporation relating to the publication of the *Gazette* show that, when the paper was started in 1924, the principal motive was to educate the citizens of Calcutta in Civic affairs and to carry on health propaganda. At that time the Corporation clearly laid down that the main objects of the venture were (1) to supply information about the decisions and activities of the Corporation; (2) to develop the Civic sense of the people of Calcutta; (3) to counteract unjustifiable criticism of the Corporation; (4) to publish Corporation notices regarding contracts and other matters; (5) to furnish vital and hygiene statistics, and (6) to incorporate the fore-runner the weekly bulletin of Market Prices Current. The last of these is a statutory obligation of the Corporation, and the rest are designed to promote public health and convenience of the citizens of Calcutta. The question of profit, therefore, does not arise in the case of the *Gazette* as it does not arise in regard to the other public activities of the Corporation.

This view has been reiterated by the Corporation and has been confirmed by a Notification (*vide Calcutta Gazette* dated the 5th December, 1935) by the Local Self-Government Department of the Government of Bengal which clearly says that "the publication of the *Calcutta Municipal Gazette* by the Corporation and the expenditure incurred in connection therewith are matters likely to promote the public health and convenience", etc. The full text of the Notification is given below.:—

Replies of the Departmental replies and Chief Accountant's remarks.

"Whereas the Corporation of Calcutta have by a resolution passed at their meeting held on the 16th September, 1935, made a recommendation under clause (xviii) of Section 477 of the Calcutta Municipal Act, 1923, (Bengal Act III of 1923) that the publication of the *Calcutta Municipal Gazette* by the Corporation and the expenditure incurred in connection therewith are matters likely to promote the public health and convenience within the meaning of the clause referred to above. Now, therefore, in exercise for the power conferred by the said clause, the Government of Bengal (Ministry of Local Self-Government) are pleased to declare that the said matters are such as will promote the public health and convenience within the meaning of clause (xviii) of section 477 of the said Act."

It should also be pointed out that the amount of net loss shown in the Audit Report is not correct as it does not take into account the loss suffered by the *Gazette* from non payment of the full sanctioned charges for Corporation advertisements. If these additional and legitimate items of receipts are included in the reckoning the deficit will be wiped out altogether and a slight profit shown, as will be proved by the table given below.—

Year.	Deficit.	Loss suffered by the Gazette on Corporation advertisements.
	Rs.	Rs. As P.
1931-32	7 867	7,042 8 0
1932-33	6,637	8,741 12 0
1933-34	5 108	7,160 0 0

The second item on the credit side not included in the accounts figures is the allowance for printing the "Market Prices Current." The amount due under this head is calculated at approximately Rs. 2,500 a year. It is obvious that if this amount is taken on the credit side, the *Gazette* will show throughout its existence a fair profit

But even going upon the figures shown in the account of the Corporation, the deficit on the *Gazette* cannot be considered to be material for a paper meant not for financial gain but for propaganda and publicity. The nominal unrecouped amount spent by the Corporation on the *Gazette* during the last ten years is Rs. 41,191, or worked out at an average, approximately Rs. 4 120 a year or Rs. 344 a month. The actual amount must be less because an allowance will have to be made for value of the machinery and types. It has already been stated that the Corporation did not intend to embark on a business venture when it sanctioned the publication of the *Municipal Gazette*. It should be a matter of satisfaction, therefore, that a paper which was not started as a business proposition and which was handicapped in every way as such, has only cost the Corporation between Rs 250 and Rs 344 a month. And when it is considered what the Corporation has gained in the way of publicity and prestige from the *Gazette*, a charge of between Rs 250 and Rs. 344 a month should I submit, be considered a very modest sum for advertising the activities of the Corporation, even if we leave out of the reckoning what the Gazette has done for the spread of civic knowledge in its diverse aspects.

PARA 38 (b).—

A substantial part of the outstanding amount has been realised. There is also no ground for anticipating any loss for the Corporation on this account as, under the terms of his contract, the Sole Advertising Agent of the "*Municipal Gazette*" is responsible for and will reimburse bad debts, if there is any. The suggestion for advance realization of advertisement charges is not also practicable as the advertisers will not agree to these terms, and it is not current practice in the newspaper business. Any attempt to enforce such a rule will, therefore, result in the loss of the greater portion of the advertisement revenue of the "Gazette"

PARA 39.—

The Manager, Workshop, reports:—

The Auditor has pointed out that manufacture of pipes at Corporation Workshops entailed a total loss of Rs 4,353-10-0 as shown below:—

	Rs. A P
(1) Due to acceptance of higher tender ..	1,362 12 2
(2) " excess over accepted tender	930 8 0
(3) " loss in manufacture ...	2,061 5 10

Of these the first does not concern Workshops The order was placed with the Workshops

The second, viz, loss due to excess over accepted tender rate Corporation has accepted a rate of Rs 5-14-0 per cwt 4 per cent. variation in weight is allowed by specification.

The pipes were made on the general work order and charged at the Schedule rate for castings

Auditors' Report.

come to Rs 10,682-8-6, whereas the pipes would have cost Rs. 9,319-12-4 had they been ordered from the Benagl Iron Co. No justification was adduced for ordering so many pipes to be manufactured at the Corporation workshop at a higher cost, the extra expense amounting to Rs 1,362-12-2. When the pipes in question were taken over by the Corporation Stores Depot, they were valued in the transfer statements Nos. 2319, 2321 and 2472 of March, 1933 and 602 and 616 of August, 1933 as shown below :—

Denomination.		Number.	Cost of each.			Total cost

4 inches	...	600	9	8	0	5,625	0	0
						11,622	0	6

Thus, their accepted value exceeded the amount of the tender by Rs. 939-8-0 Again, it was seen from the transfer statements that the actual cost of materials and labour required for the manufacture of the pipes amounted to Rs. 13,675-6-4, thus exceeding the accepted value by Rs. 2,051-5-10 in all. The manufacture of the pipes at the Corporation workshop thus entailed a total loss of over Rs. 4,000 as shown below :—

The third, regarding loss in manufacture.

It will be seen in the Workshops Schedule of 1932-33 that the pipes are C. Grade castings and by calculation giving allowance for painting, the rate per cwt. comes to Rs. 5-14-0, whereas the general rate of casting during that year was Rs. 7 8-0 and there was no classification then. The apparent loss is due to charging at Rs. 7-8-0 in place of Rs. 5-14-0 and the difference went to the profit of the Foundry account.

		It is not understood why the difference between the lowest tender and the one accepted is to be treated as loss, in this case merely because the tender, so to say, of the Corporation Workshop was accepted It is not in each case that the lowest tender is accepted when the work is given to a contractor and it cannot be seriously contended that the difference must be treated as loss. To seek to treat it as loss is to indirectly impugn the action of the authorities in accepting the lowest tender. This matter was directly raised in D. O letter No. L. A./1648, dated 13th December, 1935, from the Examiner of L. A. to the Chief Executive Officer and the Finance Committee on 26th May, 1936, passed the following resolutions which were confirmed by the Corporation on 24th June, 1936 :— " (i) That as there is no provision in the existing Calcutta Municipal Act as amended making it obligatory on the Corporation to accept the lowest tender it does not appear that the provisions of the law were not complied with resulting in loss of public money. (ii) That the Committee are of opinion that it is not the concern of the Auditors to challenge the statutory rights of the Corporation in regard to the acceptance of tenders in such cases (iii) That in the opinion of the Committee the instance pointed out is neither a case of material impropriety nor irregularity nor is it an instance of loss or waste of money caused by neglect or misconduct. The Corporation in the exercise of its discretion divided the contract between two contractors in order to ensure the promptness of supply." A copy of the above resolutions was forwarded to the Examiner of L. A. as per Chief Executive Officer's letter No. S/2108 dated 10th July, 1936. The Examiner of L. A. stated in his letter No. L. A./1166, dated 25th July, 1936, that further action would be taken in due course when the remarks of the Corporation on para 37 of the Audit Report for 1934 35 were received. That para 37 is quoted below :— *Division of supply contract causes loss.* 37 (a) Orders for the supply of whole gram on account of cattle food for the period from October, 1934, to March, 1935, for each District were divided equally between the firms of Messrs. Joykissen and Co., and Messrs. Md. Ali Jagannath Prasad. The samples offered by both the firms were of the same quality and the Controller of Stores certified that they were equally good. The rates of the firm of Messrs. Md. Ali Jagannath Prasad were however higher than those of Messrs. Joykissen and Co., for every centre of delivery. There was nothing on record to show that any attempt was made to per-

Local manufacture of a motor car.

40. As recommended by the Works Committee dated the 9th June, 1931, the Corporation resolved on the 31st August 1931 to place an order for the manufacture of a 15 H.-P. Motor car with Babu Bepin Behari Das of 100, Bondel Road, according to specifications submitted by him at a total cost of Rs 3,000 to be charged against Budget Item 87-F (ii) "Motor Cars—Replacements" the price to be paid at the rate of Rs. 300 per mensem for six months from the date of order and the balance of Rs 1,200 on delivery.

PARA 40.—

The Chief Engineer reports:—

"Local Manufacture of a Motor Car."

There are difficulties and dangers attendant to starting the engine of any motor car. Chief Engineer's order dated 7th March, 1935 clearly states that the car still requires some minor alterations and again on 10th March, 1935 "the car should not be used on the road until the above work is completed and approved by me" and Superintendent, Motor Vehicles note dated 16th March, 1935 pursuant to Chief Engineer's aforesaid orders—asks the Engineering Foreman to report what adjustments are necessary. Yet on 13th March, 1935 the Transport Foreman reports the defects "front wheels are running out of truth etc." Evidently before the Engineering Foreman has an opportunity of complying with Superintendent, Motor Vehicles and Chief Engineer's orders the car was used on the roads by the Transport Foreman. The car has not been used as the necessary repairs due to damage by fire have not yet been completed The Chief Engineer accepted the opinion of the Superintendent, Motor Vehicles, *viz.*, "The Cylinder head gasket and the head were damaged by fire" (*vide* Superintendent, Motor Vehicles' note dated 27th April, 1935). As such was the fact, the manufacturer was not liable for any repairs due to damage by fire. Besides when delivery of the car was taken, the car was publicly tried on the roads and found satisfactory. The Chief Engineer and his officers were satisfied on the trial run. The remarks of the Audit are therefore uncalled for, not being based on facts.

		suade the firm of Messrs. Md. Ali Jagannath Prosad to accept the lower rates offered by Messrs. Joykissen and Co., nor anything to show that the latter were unwilling to supply the entire requirements. If the supply was entrusted solely to Messrs. Joykissen and Co., the Corporation could have saved about Rs. 2,467. (b) Even with Messrs. Md. Ali Jagannath Prosad supplying half of the total requirements for all the Districts the amount of excess expenditure incurred could have been minimised if, instead of dividing the supply equally for every District, the Corporation had arranged to obtain the entire supply from Messrs. Joykissen and Co., in the case of those Districts for which the margin of difference between the quotations of the 2 firms was comparatively more than for the other Districts. If this method of distribution were adopted, the loss would have come down to Rs. 2,096, *i.e.*, a sum of Rs. 371 could have been saved. *Accountant-General, Bengal's Letter No. L.A./1163, dated 28th July, 1937 to Government.* *Paragraph* 39.—Government have already been informed that the auditors do not press that matter should be pursued. As regards the question as to whether the auditors are within their rights in offering criticism with regard to acceptance of tenders, the matter will be dealt with in due course when the Corporation's reply to paragraph 37 of the Audit Report for 1934-35 is received. *Chief Executive Officer's Letter No. S/4826, dated 4th November, 1937* :— No remarks.	
	PARA 40.—That the Committee are of opinion that the experiment for the manufacture of a motor car did not achieve the desired result.	*Accountant-General, Bengal's Letter No. L.A./2617, dated 17th December, 1936 to Government.* *Paragraph* 40.—In addition to the initial cost of Rs. 3,000 a sum of Rs. 252-12-1 has been spent since December, 1933 on repairs. (*Extract from the Proceedings of the Finance Standing Committee dated 23rd March, 1937.*) The Chief Accountant reports :— *Paragraph* 40.—This relates to the manufacture of a motor-car by Babu Bepin Behary Das locally for the Corporation.—No remarks.	(18) *Paragraph* 40.—*Local manufacture of a motor car.* As pointed out by the auditors, there is no provision in the Calcutta Municipal Act empowering the Corporation to incur any expenditure on such experiments. Any expenditure in future on experiments of this kind will be liable to be surcharged by the auditors under section 123 B of the Act.

Auditors' Report.	Replies of the Departmental replies and Chief Accountant's remarks.
After many extensions of time for the manufacture, the car was passed by the police on the 8th November, 1933 for registration and it was registered. The car was sent to the Exhibition held at Sraddhananda Park where it was reported to have been damaged by fire on the 2nd December, 1933. The damages were repaired at the Corporation workshop at a cost of Rs. 101 and the car was painted at a cost of Rs. 96. These repairs were reported on the 20th November 1934 to have been completed, but, as suggested by the Chief Engineer, the Chief Executive Officer ordered that the car should be garaged and used on special occasions only. The car (No. 35977) was commissioned on the 9th March, 1935, but on the 13th March, 1935 it was reported that 3 men had been injured while starting the engine, that the front wheels ran out of truth and that the hub cabs came out of the wheel centres. The car being thus unsafe to run, it was remanded to the workshop for repairs and replacements and it has been there since March, 1935. No fresh estimate for these replacements was prepared, the Chief Engineer ordering that the work including replacement of the cylinder head should be done as a continuation of the repairs to the damage caused by fire. According to the terms of the tender and the Corporation resolution on the subject, the manufacturer was to "repair faults due to defective material or workmanship free of charge." As these repairs and replacements have no connection with the damage by fire, this work should have been done at the cost of the manufacturer. The contractor's security deposit should not have been refunded till the expiry of two years from the date of delivery within which faults discovered as above were undertaken by the manufacturer to be repaired free of charge. The cost of repair should be recovered. The discretion reserved by the Corporation to keep back Rs. 1,200 till the car was delivered and found serviceable was given up when the Corporation resolved on the 18th May, 1932 and on the 31st May, 1933 to pay further advances of Rs. 800 and Rs. 500 long before the car was ready. These advances should not at any rate have been adjusted till it was ascertained that the Corporation got the full value for the money at stake. The particulars mentioned above will show that the car is useless, and inspite of the defects that had come to light and without the certificate of any officer that the car worked to his entire satisfaction, the Chief Engineer countersigned the bill for Rs. 1,200 for adjustment as correct and the Chief Executive Officer approved of the Chief Accountant's note that the security deposit might be adjusted to the extent of Rs. 100 and the balance refunded. The advance was accordingly adjusted to the full extent of the price contracted. From the discussions in the meeting which resolved to sanction the expenditure it appeared that the idea underlying the resolution was to have a motor car manufactured in India and thus to promote indigenous industry. Whether the motor car will achieve this result is doubtful. Moreover, the Act does not seem to authorise the expenditure of the rate-payers' money on experiments which have only this end in view.	
Garden at 3, Jessore Road. 41. (a) A garden situated at No. 3, Jessore Road, within the Dum Dum Municipality and containing about 40 bighas of land, about 1500 fruit-bearing trees, two big jheels, one tank and some buildings was taken on lease for 5 years from the 1st June 1930 on a rent of Rs. 600 per mensem plus municipal taxes for locating the North Dhobikhana there. A dhobikhana was accordingly set up in the garden at a cost of about Rs. 30,000 but as the number of dhobis diminished day by day, the Corporation resolved on the 22nd January 1932 that the dhobikhana be closed down at once and the lease surrendered. The owners were not however agreeable to cancel the lease, but in a letter dated the 17th June 1932 permitted the Corporation to sub-let the property. As a result of private negotiation as well as advertisement in the newspapers 20 offers varying from Rs. 110 to Rs. 50 per mensem were received (*vide* Statement H) but though the question of subletting the garden was frequently put up before the Estates and General Purposes Committee, consideration of the matter was postponed from time to time till the lease expired on the 31st May, 1935.	Para 41.— The question formed the subject matter of a special report under sections 122 (a) and 122 (aa) of the Act as per letter No. LA-1157 dated the 25th September 1935 from the Joint Auditors to the Chief Executive Officer. An *ad-interim* reply was sent to the Local Government as per Chief Executive Officer's letter No. S-4306 dated the 1st November, 1935. The matter has been disposed of by the Corporation.

The Corporation does not appear to have made any detailed enquiry into the facts of the case with a view to fixing responsibility for the loss but has accepted an explanation furnished by its Chief Valuer and Surveyor and recorded a finding that the Committee was not guilty of any negligence as it tried its best to get suitable offers and to minimise the loss. Auditors' Report.	Replies of the Departmental reply and Chief Accountant's remarks.
(i) The agenda before the Committee on the 15th September, 1932 included (a) a report from the District Engineer I that one of the tiled sheds of the dhobikhana had come down and the materials had been stolen and the District Engineer's suggestion that a guard be appointed to watch over the structures and the garden generally and (b) the surveyor's report of an application from one Munshi Harendra Chandra Roy and Babu Khagendra Nath Dutt for sub-lease offering the rent of Rs. 110 per mensem (and six months' rent as security deposit) provided the Corporation carried out general repairs when required and completed the dhobikhana with bibcocks and hand pumps. Consideration was postponed to enable the Chairman to go through the files.	
(ii) Offers received up-to-date were noted in the precis to have been made over to the Chairman who was to express his views before the Committee on the 10th November, 1932, but the Committee resolved to postpone consideration with direction on the Surveyor to negotiate terms with "the party."	
(iii) On the 2nd February, 1933 the Committee considered the District Engineer's proposal for a guard and requested the Chief Executive Officer to appoint a guard. The Chief Executive Officer in ordering to place the matter before the Committee remarked as follows:— "As we are losing heavily, we may accept whatever we can get from it to minimise our loss." The Committee directed the Surveyor to try to "lease out the garden again."	
(iv) It was reported to the Committee on the 1st June, 1933 that advertisements had been issued in the local newspapers fixing the 11th March 1933 as the last date of offer, but they elicited very little response. It was resolved that fresh offers be invited.	
(v) 12 offers received up-to-date were noted in the precis to have been put up before the Committee on the 6th November, 1933. The offer of Munshi Harendra Chandra Roy and another was still the highest, but the unconditional offers included the following:— (a) Byomkesh Gan, Esq.—Rs. 100 a month for the unexpired portion of the lease. (b) Shukoo—Rs 80 a month and security deposit of Rs. 150. The Committee resolved that fresh offers should again be invited.	
(vi) In Estates and General Purposes Committee's resolution No. 55 dated the 8th January, 1934 the motion of Mr Mrigendra Kumar Majumdar that the property be let out was dropped in view of the assurance that "offers had already been invited from the public which were to be received upto the 15th August, 1933."	
(vii) The 15th August, 1933 had long expired on the 8th January, 1934 and between these dates the Committee had met on the 6th November, 1933 when all the offers received up-to-date were noted to have been put up. The sense of the assurance given and accepted is therefore not at all clear	
(viii) The Estates and General Purposes Committee considered this question on the 19th February, 1934 when it was postponed for local inspection by the whole Committee.	
(ix) From the proceedings of the Committee on the 2nd August, 1934, it was seen that the inspection had been arranged to be held on the 6th March, 1934, but that none of the members attended On that date the Committee resolved to call for a report from the District Engineer regarding the sale proceeds of fruits etc. from the garden. The District Engineer (District I) reported that fruits were sold in July, 1934 for Rs. 41-11-0 and this was recorded in the proceedings of the Committee held on the 3rd December, 1934. Some fruits were again sold for Rs. 20 in April 1935 and the fish for Rs. 40.

Auditors' Report.	Replies of the Departmental replies and Chief Accountant's remarks.
(b) The total amount spent over the garden was about Rs. 70,000 as detailed in the margin. The action of the Estates and General Purposes Committee prevented the recoupment of a portion of the loss that could have been recouped, though this was pointedly brought to their notice by the Chief Executive Officer. Evidently, they considered the offer insufficient, but they took no tangible steps to have them improved upon. If there was any negligence in the procedure of calling for tenders, it was for the Committee to point that out and to have it remedied, but there was nothing on record on this point. In the absence of any evidence to the contrary, the offers received must be regarded as what could be reasonably expected and the disparity between the rent paid by the Corporation and that offered to it proves, if anything, that the former was exorbitant. A few small sums aggregating Rs. 41-11-0 only was explained to have been realised on account of sale proceeds of fruits during 1934 and Rs. 20 in 1935, besides Rs. 40 for fish in 1935. This was manifestly insufficient, in comparison with the offers received (vide Statement H) some of which are mentioned below:—

STATEMENT C.

(Vide paragraph 13.)

Showing assets incorporated in the Balance Sheet full realisation of which is doubtful.

Serial No.	Budget Item	Head of Receipt.	Total outstanding balance shown as assets.	Remarks.
			Rs.	
.	...	Closing balance Revenue Fund Cash (and investments). In Bengal National Bank.	2,50,000	The Bank went into liquidation in 1927-28.
2	...	Dishonoured Cheques	36,231	It is seen from Statements D and E that some of the items are very old dating back even to 1923.
2A	...	Short remittances (cheques not accepted by the Bank.)	13,977	
3	1	Consolidated Rates	36,73,783	(1) Remissions actually given in 1934-35 on account of arrears upto 31st March, 1934. During 1st and 2nd quarters amounted to Rs. 4,11,391. (2) Bills amounting to Rs. 11,19,173 were in the Law Department for legal steps, but in respect of Rs. 8,26,689 no legal action was taken. The average realisation by this Department during the last 3 years, 1931-32, 1932-33 and 1933-34 was about Rs. 71,225 only. (3) In many cases, the balances transferred to Law Department amounting to Rs. 894-11-0 were found to have become time-barred *vide* Statement G.
4	2	Taxes on Animals and Carriages	2,66,872	(1) The total amount realised in 1933-34 amounted to Rs. 58,411 only and the amount budgeted to be realised next year was Rs. 57,000 only. A large portion of the balance was thus presumably irrecoverable. (2) The License Officer submitted on the 11th January, 1935 a statement of irrecoverable items amounting to Rs. 30,249 for 1929-30 and 1930-31 alone (*vide* F. C. dated 28th May, 1935.)

ANNEXURE I.

(*Vide paragraph* 25.)

Copy of Paragraph 27 of the Audit Report for 1929-30 :—

The stock of outstanding bills in the hands of this bailiff at the end of the 3rd quarter of 1930-31 was also taken by the Accounts Department. Apparently, the stock-taker of the Accounts Department also accepted the party's receipt in lieu of the two missing bills. This is hardly proper. As each party's receipt for a bill may involve a temporary misappropriation of the amount involved, the Accounts Department should not accept a party's receipt during the quarterly verification to be made by them, but should always insist on the production of the original bills.

Copy of Paragraph 22 (a) of the Audit Report for 1931-32 :—

During the verification of the outstanding rate bills, receipts from the parties in lieu of the original outstanding rate bills were produced in several cases. Inspite of the suggestion made in paragraph 27 of the audit report for the year 1929-30, no action appeared to have been taken by the bailiffs to obtain the original rate bills left with the parties (for inspection before payment) for verification. In view of the various misappropriations, it is not free from risk to accept the parties' acknowledgment in lieu of outstanding rate bills at the time of verification.

Dishonoured Cheques.

9. (a) The amount of dishonoured cheques which remained unrealised on the 31st March, 1932, as shown in the Municipal Fund cash book did not tally with those shown in the register of dishonoured cheques kept in the Treasurer's Department as detailed in the margin and in Statements B and C annexed It would be seen from these statements that the amounts of cheques outstanding in the municipal fund cash book were not traceable in the Treasurer's list and *vice versa*. It was verbally stated that some cheques adjusted by the Accounts Department were still shown in the Treasurer's register and cheques transferred to the Law Department were omitted from the Treasurer's list but they were shown in the Municipal Fund Cash Book. The list should be agreed every month and the discrepancies if any should be reconciled in a Memo

Copy of Paragraph 9 (c) of the Audit Report of the Calcutta Corporation for 1931-32

9. (c) The amounts of outstanding dishonoured cheques have been steadily increasing every year as shown in the margin. It is seen that large number of dishonoured cheques are generally received during the month of March An enquiry may perhaps be made into this and steps taken to avoid such practice

Annexure I -(contd.)

These figures indicate an improvement in the position at the end of the year 1932 33. But the very fact that worthless cheques are sometimes received indicates the urgent necessity for a suitable modification in the system. Cheques, for instance, should not be received except from well-known and respectable persons or firms and those tendering cheques which have been dishonoured should be made to pay in notes and coins in future and proceeded against under the Calcutta Municipal Act or the ordinary law as the case may be. This practice cannot be stopped altogether except by resort to stern measures.

CITY ARCHITECT'S DEPARTMENT.

Deficit in recovery of Police costs.

54. (a) About Rs. 8,800 was paid annually to the Local Government on account of pay, pension and leave contribution of one Sub-Inspector, one Head Constable and ten constables appointed for the Corporation to watch unauthorised construction of buildings but about Rs. 1,586 and Rs. 1,277 only were recovered for police costs during the years 1930-31 and 1931-32 respectively. As the costs of Police guards are recoverable from the parties, it may be considered by the authority whether the rates of recovery at Rs. 5 and Rs. 2-8 for constant watch and occasional watch respectively per diem may not be revised so as to cover the whole costs incurred

Extract from the Proceedings of the Finance Standing Committee dated the 24th May, 1938, as confirmed by the Corporation on 8th June, 1938.

Chief Accountant's report dated 28th March, 1938 to the Chief Executive Officer on the orders and observations of Government as per their letter No. 186-M, dated 19th January, 1938 as placed before the Finance Standing Committee :—

In communicating the orders and observations of Government on the Audit Report for the year 1933-34 the Secretary, P. H. and L. S. G. Department has requested in the concluding portion of the letter that the Audit Report together with the relevant matters may now be published as required by Rule 7 of the Rules regarding the audit of accounts of the Calcutta Corporation.

The original letter of Government has been separately submitted to you for orders regarding publication of the report. In connection with publication of the report I have already pointed out that the Audit Rules do not provide for inclusion in the publication any replies or remarks subsequent to the passing of final orders of Government. The orders and observations of Government are however of a nature deserving the attention of the Corporation. The letter may therefore be placed before the Corporation through the Finance Committee for which your orders are solicited.

These orders and observations are dealt with para by para below as they appear in the Audit Report :—

Paragraph 3.—Delay in the submission of the annual accounts.

Rule 3 of the Audit Rules makes it incumbent upon us to complete and submit the annual accounts for each financial year to the Auditors not later than the first day of October in the next financial year. The annual accounts for 1936-37 were made over to the Auditors on the due date *viz.*, 1st October, 1937.

Paragraph 10 (*a*)—Outstanding advances.

The remarks regarding fixing one time limit for adjustment of all cases apparently relate to the directions given by the Corporation at their meeting dated 13th October, 1936 that the departments concerned should take necessary action for adjustment of advances within 5 years from the date of advances. I think the intention of the Corporation was that none of these accounts should be left unadjusted beyond a period of 5 years in the ordinary course. Every care is always taken to adjust the advances as soon as necessary accounts are available and as a matter of fact quite a large number of cases are squared up long before the expiry of the term of 5 years.

As pointed out by Government the period required for adjustment of different cases vary widely according to the peculiar circumstances of each case. In some cases five years' time also proves insufficient. I do not consider that any workable time limit can be prescribed for each class of advance. The Chief Executive Officer has already issued orders for early adjustment of the outstanding cases.

Paragraph 10 (*g*).

These relate to the outstandings on account of cost of works done in default of others.

Steps are being taken to adjust these as quickly as possible. These cases are noticed in each year's Audit Report and dealt with in connection therewith.

Paragraph 11.—Value of stock in the Workshop.

This relates to the work of erection of certain electric converters at S. S. Hogg Market. The amount is recoverable from the bill of the contractors Messrs. P. K Ghose & Co. The Electrical Engineer reports on 12th March, 1938 that the work is not yet complete and he expects to have it completed in about two months' time

Paragraph 13.—Balance sheet.

I have nothing further to add to what was stated in the Chief Executive Officer's letter No S/4826 dated the 4th November, 1937 to Government in reply to the third batch of further remarks of the Accountant-General, Bengal as per his letter No. LA/1163 dated 28th July, 1937. The further remarks of the Accountant-General, Bengal and the replies sent to Government are reproduced below :—

[*Further remarks of the Accountant-General, Bengal.*

It is not denied that the Balance Sheet as now prepared is defective. It would certainly make for a more correct statement of assets in the balance sheet if the Corporation make their review of the assets before the balance sheet is prepared. And as the latter is submitted for audit six months after the closing month of the financial year, it should ordinarily be possible to arrange for this review.

Reply as per Chief Executive Officer's letter No. S/4826 dated 4th November 1937.

It would be quite clear from these remarks that the Auditors are sufficiently convinced now that it is impracticable to make an accurate estimate as to how much of the outstanding balances will turn out to be actually irrecoverable. What they want is a more correct statement of the recoverable assets. As a matter of fact, every endeavour is always made for getting the irrecoverable amounts eliminated from the accounts as far as practicable. Instances are however not wanting in which balances at first appearing to be bad or doubtful were subsequently realised in full or in part owing to change of circumstances. As the Corporation has to carry out its collecting work through various agencies and the balances extend to a very large number of cases, it cannot be a sound financial policy to pass remission, cancellation or write-off orders in haste, simply to make the balance sheet appear more correct although it would still be not accurate. *We cannot sacrifice revenue for the sake of an appearance of correctness.*

Generally, demands which are considered irrecoverable by the executive are placed before the Corporation for cancellation from time to time and these are adjusted as soon as the cancellation is sanctioned by the Corporation. Certain comparatively small items are cancelled by the Chief Executive Officer under powers delegated to him. All cancellations sanctioned in time are included in the Annual Accounts.]

Paragraph 16.—Dishonoured Cheques.—No remarks.

Paragraph 20.—Disposal of objections to assessment.—No remarks.

Paragraph 21.—Loss of the Consolidated rate through error in calculation and for the lump sum reduction of the annual value under section 146 of the Calcutta Municipal Act.

The report of the Commissioner of Police is that the materials available do not make out a case of criminal conspiracy against the officers concerned, nor are they sufficient to establish a criminal case against any of them individually.

The matter is now engaging the attention of the Finance Committee.

Paragraph 23.—Delay on the part of the Corporation Councillors in paying taxes.

In reply to the *ad interim* report of the Joint Auditors as per their letter No. LA/1155 dated 25th September, 1935, the Chief Executive Officer observed as follows in his letter No. S/4306 dated 1st November, 1935 :—

A list of the comparatively large items under rates, say Rs 500 and more is generally prepared and greater attention is paid to these.

The Corporation on 8th July, 1936 resolved that the explanation given in the Chief Executive Officer's reply be accepted.

Paragraph 24.—Heavy outstanding Rate Bills.—No remarks.

Paragraph 25.—Verification of rate bills.—No remarks.

Paragraph 30.—Park Circus Market.

The market cannot be self-supporting unless and until proper structures are put up and the stalls let.

Paragraph 32.—Bills time-barred.—No remarks.

Paragraph 33.—Recovery of the cost of Police Watch.—No remarks.

Paragraph 35.—Debit of Stamp Charges Loan Account.

In reply to the *ad interim* report of the Joint Auditors it has already been pointed out by the Chief Executive Officer in his letter No. S/4647 dated the 20th November, 1935 to Government that in their sanction, Government no doubt, mentioned the stamp duty etc. of the Sterling Loan of the Corporation.

It was further pointed out by him in that letter that in applying for the sanction, it was urged by him that the arguments in favour of the procedure of debiting stamp duty and other incidental charges are of general application to all local bodies and not to the Port Commissioners alone and orders of the Local Government were asked for "to enable the Corporation to adopt the procedure which had been sanctioned for the Port Commissioners" There was no indication in the Government letter that specific sanction would be necessary in each individual case. In view of all these it would be seen that there are nothing wrong in our interpreting the letter as a general order.

The observations now made by Government show that in their opinion specific sanction of Government for debiting the incidental expenses of each loan to the Capital Account is necessary in our case under Section 97(2)(i) of the Act, as distinguished from the case of the Port Commissioners for whom a general order was passed by Government.

Section 97 of the Act is quoted below for ready reference :—

Power to Corporation to borrow money under section 97 (1).—The Corporation may raise a loan of any sums of money which may be required

(a) for the construction of works under this Act, or

(b) for the acquisition of land for the purposes of this Act, or

(c) to pay off any debt due to the Government, or

(d) to repay a loan raised under this Act: Provided as follows :—

(i) no loan shall be raised without the previous sanction of the Local Government.

(2) When any sum of money has been borrowed under sub-section (1).

No portion thereof shall, without the previous sanction of of the Local Government, be applied to any purpose other than that for which it was borrowed and * * * *

It would be seen that under this section no portion of a loan raised for any work can be applied to any work or purpose other than that for which it is borrowed and there is nothing in this section which would preclude the incidental costs being debited to the Capital Account the nett proceeds of a loan being available for the particular Capital Work When a loan of Rs. 50 lakhs, say, is raised from the market at a discount of say 2 per cent. we get Rs. 49 lakhs. We have to pay to Government 1 per cent. *i.e.*, Rs. 50,000 as Consolidated Stamp duty. The purpose for which the incidental costs have to be incurred are by no means different from that for which the loan has to be raised.

The Sinking Fund instalment is however calculated on the face value of the loan *viz.*, Rs. 50 lakhs. In that way the burden of the loan is distributed over the present as well the future generations both of whom enjoy the benefits, when loans are raised at a discount for the repayment of earlier loans, a supplementary loan becomes necessary to cover the discount and Government sanctions such loan on each occasion. If discount were properly chargeable to Revenue Government would never have sanctioned the supplementary loan and the Auditors would have objected to it. There is no reason why the charges should be borne by the present generation only which would be the case if it was debited to one year's Revenue. These and other similar considerations impelled Government to pass the general order so far as the Port Commissioners are concerned. And what is good and correct procedure for the Port Commissioners from the financial and accounting point of view cannot be bad for the Corporation of Calcutta. The Bombay Municipality follow the same procedure as ours *viz.*, the one which has been objected to. The present order of Government being contrary to sound financial procedure, should not be carried out but a representation should again be made for a revision of the order.

Paragraph 37.—"On account" payments.

My replies to the further remarks of the Accountant-General, Bengal, as per his letter No. LA/2617 dated 17th December, 1936 to Government are reproduced below:—

"This relates to an on account payment for work done. The work was done but a properly certified bill could not be drawn up It was quite within the competency of the Chief Executive Officer to sanction an on account payment."

The letter of the Accountant-General, Bengal, was duly considered by the Finance Committee and by the Corporation along with my remarks.

Paragraph 38(b).—*The Calcutta Municipal Gazette*—unrealised Advertisement charges.

The matter is being dealt with.

Paragraph 39.—Acceptance of the higher tender of the Corporation Workshop.—No remarks

Paragraph 40.—*Local Manufacture of a motor car.*

The resolution in this connection runs as follows:—

"That the Committee are of opinion that the experiment for the manufacture of a motor car did not achieve the desired result."

Municipal Corporations, if they are worth their salt must carry on continuous experiments on such matters as "Road surface", "Footpath", "Street Lighting" and the like. It does not require a specific provision in the Act to enable these experiments being carried out. Under Section 80 of the Act "The Municipal Fund is held by the Corporation in trust for the purposes of this Act subject to the provisions therein contained." Roads are a concern of the Corporation so are Motor Vehicles. If Road experiments are within the purpose of the Act, not being prohibited by any provision therein, I do not see how an experiment with the manufacture of a Motor Car can be tabooed.

Again the Health Officer may consider it necessary to carry out experiment (say on rabbits) in connection with "Beri Beri". Would the cost of "such experiments" be surchargeable? Or would experiments for improving the quality of "Swadeshi" mantles for Gas lamps, which are much cheaper than imported mantles come under the term "such experiments"

Mantles come under the term "such experiments." "Such experiments" is a very vague term. No question of surcharge can possibly arise. If this experiment was liable to surcharge, it was incumbent upon the Auditors to surcharge it. Section 12B(1) leaves them no option. In that case the matter could have been decided judicially.

Paragraph 41.—Garden at 3, Jessore Road.

Government desires that a more detailed enquiry should be made but there is no indication as to what sort of enquiry is wanted. The case may therefore be submitted to the Corporation for necessary order.

The matter was placed before the Committee with the approval of the Chief Executive Officer.

Chairman: I have gone into this item very thoroughly. The cases which require further looking into are the following—

(a) Paragraph 20—Disposal of objection to assessment.
(b) ,, 32—Bills time-barred.
(c) ,, 41—Garden at 3, Jessore Road.
(d) ,, 35—Debit of stamp charges to Loan Account.
(e) ,, 40—Local manufacture of a motor car.

Re. (a): We may get a report from the Chief Executive Officer as to how the disposal of objections can be expedited.

The Committee agreed.

Re. (b) Chairman: I think we should get a report from the Chief Law Officer as to what is being done in the matter.

The Committee agreed.

Re. (c) Chairman: I suggest that we should write to Government that the lease expired long ago and it will serve no useful purpose if we go on with the enquiry.

The Committee agreed.

Re. (d) Chairman: It appears that in the case of the Port Commissioners' loan Government passed orders to debit the cost of stamp duty and all incidental charges for raising loans to the Capital Account but in the case of our loan they want us to take specific sanction in each such case. They also urge that as no such sanction was obtained the stamp charges in connection with the loans should be refunded to capital account. Why this differential treatment? The arguments which hold good in the case of one local body apply equally to other local bodies and not to the Port Commissioners alone. I think we should accept the views of the Chief Accountant who should write to Government again.

The Committee agreed.

Re. (e) Chairman: We have got to devise methods of transport of various materials from one part of the city to another and if the Corporation thought that by the local manufacture of a motor car or lorry, they could save a lot of money to the Corporation, I think they would be quite within their rights to do so. We took up sometime ago the manufacture of a road roller in our Workshops.

Mr. D. J. Cohen: This is not analogous. To say that we have a right to experiment with the manufacture of motor car locally by a man who did not even possess a Workshop is not a fair attitude to take up. I entirely agree with the Government that this expenditure should not have been incurred. You will be perfectly justified in making experiments with the manufacture of road rollers, etc., provided your expert

gave you that advice but in the case of a motor car, you can get it from any of the dealers at a cheaper price than what it will cost you to manufacture it. Besides this is perhaps the first experiment of its kind in India.

Mr. G. U. Pottinger: If we need a motor car, we could not possibly guarantee that if we make an experiment to manufacture one that would be successful and our demand would be met. This experiment should not have been undertaken.

Chairman: The only question which we have to decide is the question of principle, *viz.*, whether the Corporation have the right to spend money on experiments. I think we have got this right Besides this experiment of local manufacture of a motor car was made under the orders of the Works Committee and the expert advice of the Chief Engineer.

Mr. M. M. Haq: I think we have got this right.

Kaviraj Shib Nath Sen also expressed the same view.

Resolved—

That it be recommended that the orders and suggestions of Government as per their letter No. 186-*M, dated the* 19*th January*, 1938, *be given effect to subject to the following directions and remarks*:—

Paragraph 10 (a)—*That in the opinion of the Committee no workable time-limit can be prescribed for adjustment of each advance or of each class of advance and they note with satisfaction that the Chief Executive Officer has already issued orders for early adjustment of the outstanding cases. They further recommend that it be a direction to the departments concerned that none of these accounts should be left unadjusted beyond a period of* 5 *years in the ordinary course.*

Para 13—*That the departments concerned should always take prompt action for obtaining the sanction of proper authority to write off the irrecoverable amounts from the account as far as practicable and when an item has been thus written off*, i.e., *after review, it should be excluded from the Balance Sheet.*

Para 20—*That the Chief Executive Officer be requested to report as to how the disposal of objections can be expedited.*

Para 36 (i)—*That the Committee agree with the Chief Accountant that there is nothing in Section* 97 (2) (i) *of the Act which would preclude the incidental costs of raising a loan being debited to the Capital Account.*

(ii) *That the Committee fully agree with the Chief Accountant that the present order of Government is contrary to sound financial procedure and that a representation be made to Government for a revision of the order on the grounds set forth in the Chief Accountant's note.*

Para 37—*That the Committee are of opinion that in exceptional circumstances on-account payment may be made on definite recommendations from the Engineers in charge, even though measurements of the work done and properly certified bills cannot be submitted with their recommendations.*

Para 39.—*That under Section* 69 (4) *of the Act, the Corporation has full power to reject the lowest or lower tender but the Act does not enjoin that the reasons for rejecting the lowest or lower tenders should be placed on record, nor would it be always feasible to do so.*

Para 40 (i)—*That the term "such experiments" as used in the Government letter does not give any indication as to where Government intends to draw a line.*

(ii) *That the Committee are of opinion that if the Corporation carries out experiments in connection with matters which concern the municipal administration of the city and incurs expenditure therefor, the question of surcharge cannot arise at all.*

Para 41—*That the Government be informed that no useful purpose will be served by further enquiry into the matter inasmuch as the lease expired long ago.*

IMPERIAL SECRETARIAT (TREASURY) BUILDINGS.

Calcutta, the 26th November, 1935.

No. L.A./1467.

From

B. N. Sen Gupta, Esq., M.Sc.,
Examiner of Local Accounts, Bengal.

To

The Chief Executive Officer,
Corporation of Calcutta.

Sir,

With reference to Section 122(c) of the Calcutta Municipal Act III of 1923, I have the honour to forward herewith a report on the accounts of the Calcutta Corporation for the year 1933-34 and to request that you will kindly place the same before the Corporation for necessary action at an early date.

2. A Test Audit Note showing the minor irregularities is being forwarded to you separately

I have the honour to be,
Sir,
Your most obedient servant,

(Sd.) B. N. SEN GUPTA,
Examiner of Local Accounts, Bengal

Letter No. S. 4306 dated the 1st November, 1935.

FROM

The Chief Executive Officer, Corporation of Calcutta.

TO

THE SECRETARY TO THE GOVERNMENT OF BENGAL,

Local Self-Government Department.

SIR,

I have the honour to invite a reference to the seven Reports under Section 122 received by me between the 23rd and 25th September last from the Accountant-General, Bengal and the Examiner of Local Accounts, Bengal, as the *Ex-officio* Joint Auditors of the Accounts of the Corporation, under cover of their letters Nos. L A. 1135 dated the 23rd September, 1935, L.A. 1136, dated the 23rd/24th September, 1935, L.A. 1138 dated the 23rd/24th September, 1935, L.A. 1139 dated the 23rd/24th September 1935, L.A. 1155 dated the 25th September, 1935, L.A. 1156 dated the 25th September, 1935, and L.A. 1157 dated the 25th September, 1935; copies enclosed for reference. Duplicate copies of the Reports have presumably been submitted by the Joint Auditors to Government as required by clause (d) of the section. It will be seen that a peremptory direction has been given in each of these letters that I should communicate the action taken on the relative report within 15 days, three weeks or one month as the case may be.

The reports were received by me between the 23rd and 25th September last as stated above, *i.e.*, only a few days before the commencement of the Pujah holidays and this fact appears to have been over-looked by the auditors when they peremptorily fixed the time limit for action to be taken by me.

Apart from the Pujah holidays, a time limit of 15 days or even one month cannot be regarded as reasonable inasmuch as under Section 123 (1) it is the Corporation who must consider these Reports and take action and report to Government. Matters like this must first be dealt with in the Departments and placed before a Standing Committee and then placed before the Corporation with the recommendation of the Committee. It is not possible to work to a time-table so as to ensure the disposal of such matters even within a month. The Auditors are certainly not unacquainted with the method of working of the Corporation. Nor are the matters dealt with in the Reports such as would demand that a special meeting of the Corporation should be called by the Mayor to consider them peremptorily. In fact I shall endeavour to show below that the interest of the ratepayers would not have suffered had six of these (*i.e.* with the exception of the one pointing out a mistake in calculation resulting in undervaluation of a premises, *vide* Auditors' letter No. 1138 dated the 23rd/25th September, 1935) been included in the Annual Audit Report for 1933-34 prescribed in Section 122 (c).

As matters stand these reports can only be placed before the Corporation towards the end of November, inasmuch as owing to the absence from Calcutta of several members of the Corporation, during the Court vacation every year, very few meetings are held for a few weeks after the Corporation Puja holidays. Only one meeting of the Corporation was fixed this year for October, *viz*, on the 30th and the same was duly held

The Reports with departmental explanations will be placed before the Finance Standing Committee as early as possible, and the decision of the Corporation will be communicated to Government in due course. In the meantime, however, I desire to give a few facts, relevant to each Report to enable Government to judge whether the matter dealt with is such as could justify these peremptory injunctions by the Auditors.

(1) *Letter No. L.A.* 1135, *dated the 23rd September*, 1935. *Time allowed for taking action—Three weeks.*

This purports to be a report on a case of loss observed in audit. In fact there has been no loss.

The power under Section 175 of the Act to remit, refund or exempt trade or profession tax or to lower assessment, has been delegated by the Corporation to the Chief Executive Officer "subject to approval of the Finance Standing Committee, whose order shall be final." This power has been redelegated by me to the Deputy Executive Officer. Whatever may be the theoretical position, in actual practice action cannot be deferred till the approval of the Committee, for in that case the delegation to the Chief Executive Officer would be purposeless. And when action is taken (and lower taxes are realised) it is only proper that the actual taxes should be adjusted. If taxes which have, as a matter of fact, been remitted, were to be shown in the Accounts as outstanding, the assets would be inflated without any reason and I should not be surprised if the Auditors themselves described such an account and balance sheet as incorrect. There has, no doubt, been delay in placing the matter before the Committee but there has been no loss. Assuming for arguments' sake that the Committee would, in some cases, consider that a higher demand should be made, it would then be for the Accounts Department to revive the difference in demand. As a matter of fact the Sub-Committee to which the Finance Standing Committee referred the list for consideration, have recommended acceptance of the departmental proposals and this recommendation will be placed before the next meeting of the Committee whose sanction is final.

(2) *Letter No. L.A.* 1136, *dated the 23rd/24th September*, 1935. *Time allowed for taking action—15 days.*

This purports to be a case of material irregularity.

The overtime allowance is being paid to the Drivers in question since 1921. In that year, on the 3rd June, the Chairman delegated to the Deputy Chairman the power to sanction "payment of special contingent expenses as per Article 371 of the Corporation Accounts Code (2nd Edition).

And this was reported to the Corporation under Section 34 (2) of the Repealed Calcutta Municipal Act. This was recorded by the Corporation by Resolution No. 445 dated the 17th August, 1921. Now "Special Contingencies" under Article 371 of the Accounts Code include "Overtime allowances."

Since the coming into force of the present Act, (*i.e.*, since 1st April, 1924) each monthly bill of the Asphaltum Lorry Drivers in which overtime allowance is drawn, whether for less than 20 days or not, is submitted to me for sanctioning the overtime allowances and I accord sanction on the bill. This procedure is designed to spare me the trouble of according sanction in each individual case..

Overtime allowance is also regularly paid in several other Departments of the Corporation, *e.g.*, the Press, the Entally Workshops, the Department for the supply of water to Shipping besides to Drivers of Motor Vehicles other than Asphaltum Lorries. The overtime allowance to the other drivers is approved by the Corporation when sanctioning their appointments under Section 51 (2) and the overtime allowances to the other Departments are paid in accordance with the provisions in various codes and Standing Orders. In my opinion Section 56 does not apply to these.

(3) *Letter No. L.A.* 1138, *dated the 23rd/25th September*, 1935. *Time allowed*—15 *days.*

This is a case of loss arising out of a mistake in calculation.

The Bills for the Current Quarter have been recalled and the legal point as to whether the party can be made to pay the amount short charged is being examined.

The Auditors also served a notice on the First Deputy Executive Officer personally. It was (No. L.A. 1137) received by him on the 25th September and gave 15 days' time for a reply. A copy of the notice is enclosed. At his request the Auditors were pleased to extend the time for reply to the 30th instant and a reply was forwarded on the 29th October, 1935, as per copy enclosed.

(4) *Letter No. L.A.* 1139, *dated the 23rd/24th September*, 1935. *Time allowed*—15 *days.*

This purports to be a case of material irregularity. In my opinion there has been no irregularity. The case, in short, is as stated below :—

Difficulty having been experienced in obtaining the necessary police assistance under section 451 of the Repealed Act an arrangement was made with the Commissioner of Police under which a staff of 10 constables and one Sub-Inspector was sanctioned by the General Committee on 31st October, 1919 temporarily for six months. Subsequently this staff was sanctioned permanently. It is maintained by the Commissioner of Police at the cost of the Corporation.

There was no provision in the Repealed Act for realising the cost of Police Guard. Although under section 365 (3) of the Act of 1923 the Corporation may require the persons carrying on an unauthorised construction to bear the cost of providing the Police Guard there can be no question of realising the entire cost of the whole staff of 10 Constables and one Sub-Inspector. It is only when there is an unauthorised construction and one or more constables are posted, that the question of recovery arises. In fact, if there is no unauthorised construction there would be no recovery. That would be an ideal state of things and the Corporation would no doubt welcome it. the audit objection notwithstanding. A Police Force must still be maintained as on a "Peace footing."

As it is, recovery is made from the offending parties at the rate of Rs. 5 per day per Constable for continuous watch and at Rs. 2-8 per day per Constable for occasional watch, these recoveries have been ordered by the Corporation under section 365 (3) of the Act at their meeting dated the 19th March, 1930.

I shall now deal with the items mentioned in the statement.-

1—6. No remarks.

7. It is reported by the City Architect that no Constable was posted during the period in question as will appear from both the Police Diary and the office records and that cost of watch actually posted has been realised.

8. In this case Police watch was posted to stop construction of certain unauthorised temporary structures for a carnival show. When the case was pending in the Municipal Magistrate's Court the party left Calcutta leaving no trace behind and as a result the prosecution could not be carried on effectively.

9. This is in Cossipore. The City Architect reports that "it was not possible for the District Building Surveyor and the Building Inspector to come to the Central Municipal Office to record in the Police Diary the date of withdrawal. From the file it appears that the District Building Surveyor in his note dated 22nd April, 1933. recommended recovery of Police cost for one day on 22nd April. 1933, and further stated in his note that the Police had been instructed to withdraw. So the realisation of the cost for one day was quite in order."

10. The City Architect reports that in this case although the Police was requisitioned for constant watch it was actually posted in the evening. So the District Building Surveyor concerned treated the day's watch as occasional and realised the cost accordingly.

11. The watch was converted from "constant" to "occasional" under the City Architect's orders on a report submitted by the Sub-Inspector of Police. The order was taken away by the Police. I do not see why the City Architect's report should not be accepted in audit.

(5) *Letter No. L. A.* 1155 *dated the* 25*th September*, 1935.
Time allowed—15 *days*.

This deals with rates and taxes due from certain Councillors and calls upon the Corporation to prepare a complete list of all Councillors Aldermen and employees who have not paid their rates, taxes and other dues to the Corporation, noting the details of all outstanding dues and the reasons for non-realisation as well as the steps taken to deal with them. The Auditors' observation that the Councillors of the Corporation are expected to set an example to the general body of rate-payers in the regular payment of taxes and other dues reads like a homily and I do not see where the utility of such a list comes in for a proper conduct of audit. After all an audit is not an inquisition.

Nor can the Auditors' order the Corporation about, as it were, and call upon them to prepare any statement that may strike their fancy. Each case of outstanding has to be dealt with separately and there does not seem to be any necessity even from an administrative point of view for pillorying a particular class *e.g.*, preparing a list of European defaulters, of Hindu defaulters or of Mahomedan defaulters, of Doctors and of Lawyers as distinguished from tradesmen who have not paid their taxes and so on. A list of the comparatively large items under rates, say, Rs. 500 and more, is generally prepared and greater attention is paid to these.

Mr. R. M. Ghosh is the Traffic Manager of the Corporation Railway. As such his duty is to see that the Refuse wagons are properly placed at the Dhappa siding. The work of unloading was a part of the consideration for the lease of the Dhappa Square Mile lands to Babu Bhobo Nath Sen. When the lease came to an end, there was a dispute with the lessee and the matter is now pending before the High Court. The work of unloading the wagons is being carried on departmentally since January, 1931 under the supervision of Mr. R. M. Ghosh in addition to his ordinary duties as Traffic Manager For this he gets a monthly allowance of Rs. 25 and the free use of a Corporatian car. The monthly allowance being a fixed sum has been specifically sanctioned by the Corporation but the cost of running the car varies from month to month and the total cost for a year is included in the total cost of unloading to which sanction of the Corporation is obtained. The total cost for 1933-34 has been approved by the Works Committee and will be placed before the Corporation for sanction. In approving the total cost for 1933-34 the Committee recommended that instead of the free use of a car, the Traffic Manager may be given an allowance of Rs. 100 per month. But the cost for 1934-35 has been approved by the Committee without such a reservation.

I do not agree with the auditors that the free use of a Corporation car is to be treated as an allowance and that sanction of the Corporation is necessary under Section 51 (2).

No allowance has been paid, only the means of locomotion has been provided.

As stated above, sanction is taken to the expenditure on unloading as a whole including the running of the car. It is, however, some consolation that the Auditors have not sought to bring this under Section 56 (b), where the word "allowance" occurs of their view about overtime allowance in item (2)

(7) *Letter No.* 1157 *dated the* 25*th September*, 1935.

Time allowed—One month.

Within the short time at my disposal, I have not been able to go into the records for five years. Besides, the report is an indictment against the Committee and the Corporation and the matter may be left to them. The lease terminated in May last when the owners took over possession and no executive action is called for at this stage.

Letter No. S4263.

From the Offg. Secretary, Corporation of Calcutta.

Dated the 29*th October*, 1935.

To

THE ACCOUNTANT-GENERAL, BENGAL,

Sir,

Please refer to your notice under Section 123-B (i) of the Calcutta Municipal (Amendment) Act, 1933, No. L.A 1137 dated the 23rd September, 1935, served on Haji Abdur Raschid Khan, First Deputy Executive Officer, Calcutta Corporation through the Chief Executive Officer, I am directed to enclose herewith the reply of Haji Abdur Raschid Khan. The Chief Execuive Officer has seen the reply. He is out of town just at present and he might put in such further remarks as he may desire on his arrival. Meanwhile, to expedite matters, Haji Abdur Raschid Khan's reply is being forwarded to you.

To

THE ACCOUNTANT-GENERAL, BENGAL AND THE EXAMINER
OF LOCAL ACCOUNTS, BENGAL.

Through the Chief Executive Officer,

Corporation of Calcutta

In reply to the notice No. L.A. 1137 dated the 23rd/25th September, 1935, I submit that the Corporation sustained a loss due to a regrettable error of a calculation which was not detected by the Checker. The Auditor states—"It is curious that it did not strike either the Revising Surveyor or the Deputy Executive Officer why the annual value should be abnormally lower than the existing value." It would not appear to be so curious if one goes into the routine work of the Deputy Executive Officer. Checking and verifying calculations form no part of his duty and he signs to the figures as finally calculated by the office on the assumption that the calculations have been correctly made by those whose duty it is to make them. Under the existing conditions it is not possible for the Deputy Executive Officer at the time of signature to compare the original valuation with the final valuation or to enquire into the causes of abnormal increase or decrease and he will have to give up his other duties if he has to do this work over again.

An opportunity came for the detection of the error during next revaluation, but this opportunity was missed through carelessness of the Assessing Inspector who without trying to find out the cause for discrepancy cut short the matter by putting the remarks "Reduced to 938 under Section 146" which misled me.

On a deputation received by the Chief Executive Officer, consisting of some Councillors and representatives of Rate-payers' Association in connection with the General Revaluation of the Ward, it was agreed that in view of the world-wide depression and consequent fall in value of house properties in Calcutta the valuation of houses occupied by owners should not, for the present, be increased unless there was additions or other special circumstances; this principle was to be extended to valuations previously reduced under Section 146 provided there was no addition or change of circumstances of owner for the better.

As there had been no negligence on my part, I do not know how I can possibly be made responsible for the loss.

(Sd.) Abdur Raschid Khan.
First Deputy Executive Officer,
Corporation of Calcutta.

Letter No. S. 4647 dated the 20th November, 1935, from the Chief Executive Officer, to the Secretary to the Government of Bengal, Local Self-Government Department.

I have the honour to invite a reference to a report under Section 122 (a) of the Calcutta Municipal Act received in my office on the 24th October last from the Accountant-General, Bengal and the Examiner of Local Accounts, Bengal, as the *ex-officio* Joint Auditors of the accounts of the Corporation, under their letter No. L. A. 1313 dated the 24th October, 1935 a copy of which I enclose for ready reference. It is presumed a copy has also been submitted by the auditors to Government as required by clause (d) of the Section.

For the reasons stated in my letter to you being No. S. 4306 dated the 1st November, 1935 dealing with seven other such reports, it has not been possible to deal with this report within the period of 15 days peremptorily fixed by the Auditors.

This report purports to deal with a case of material irregularity *viz.*, the debiting of stamp duty on Debentures to the Capital instead of to the Revenue Account. This matter formed the subject of correspondence between the Port Commissioners of Bombay and of Calcutta on the one hand and Government on the other about 10 years ago and the procedure of debiting Stamp Duty and other such charges to Capital, which the Port Commissioners urged to be correct, was ultimately accepted as such by the Government of India.

I enclose an extract from the proceedings of the Port Commissioners' 1924th meeting, held on the 27th April, 1925, which has been obtained from their office. It will be seen that the following conclusions were drawn by them from their arguments for submission to Government (*vide* para 7 of Draft Joint representation).

"(i) that they have shown their present position to be correct in principle, logical and convenient in execution, and equitable in its effect on the interests they serve,

(ii) that it is consistent with the declared policy of the Government of India in another connection,

(iii) that it is substantially identical with that followed by similar bodies in the United Kingdom,

(iv) that it is supported by professional opinion of high standing."

In letter No 2197-M dated the 23rd July, 1929 to the Corporation, the Local Government accorded sanction to the procedure of debiting Stamp Duty and other incidental charges for raising a loan to the Capital Account instead of to the Revenue Account as insisted upon by the Government Auditors. The point under reference is purely a matter of accounting and we cannot reasonably have different methods for different cases. After protracted correspondence between the Port Commissioners, the Local Government and the Government of India, the Government of India agreed that the Port Commissioners may debit all incidental costs for raising a loan to the Capital Account. The case of the Corporation is identical with that of the Port Commissioners and Government was pleased to approve the same method in the case of the Corporation's Sterling Loan which was then under dispute, as a matter of principle. In my letter to Government it was urged that the arguments in favour of the procedure of debiting stamp duty and other incidental charges to Capital are of general application to all local bodies and not to the Port Commissioners alone and orders of the Local Government were asked for "to enable the Corporation to adopt the procedure which had been sanctioned for the Port Commissioners." In their sanction Government, no doubt, mentioned the Stamp Duty etc., of the Sterling Loan of the Corporation but the principle having been accepted it is absolutely unnecessary to go up to Government each time for its adoption in each individual case or for a reiteration of their acceptance of the procedure as the correct one.

In my opinion further sanction of Government is not necessary.

Corporation resolution dated the 8th July, 1936.

"(1) That in regard to letter No L.A /1135 dated the 23rd September, 1935, from the Joint Auditors regarding the remission and cancellation of license fees without proper sanction, no action is necessary in this case, having regard to the fact that the Corporation have already delegated to the Chief Executive Officer, under Section 12(1) of the Act, final powers in regard to remission, refund or exemption of trade and profession taxes or to lower assessment under Section 175 of the Act.

(2) That in regard to letter No. L. A./1136 dated the 23rd and 24th September, 1935 from the Joint Auditors regarding overtime allowance paid to the Asphaltum (Lorry) staff of the Motor Vehicles Department, the Corporation agree with the view of the Law Officer that overtime allowance does not come within the purview of Section 56 (b) but it comes under Section 51 (2) of the Act and therefore the objection taken by the Auditors, is not maintainable.

(3) That in regard to letter No L.A./1138 dated 23rd and 25th September, 1935, from the Joint Auditors regarding loss of the consolidated rate in respect of No. 67, Sukeas Street (now 41, Kailas Bose Street).

The Corporation do not find it possible at this late date to obtain all the evidence that they would like to obtain. But they find from a general enquiry that the 1st Deputy Executive Officer is, throughout the whole transaction, techinically responsible, and so also in a lesser degree, is the Assessor. The Assessing Inspector, Babu Dhirendra Nath Banerjee, who negligently made the misleading and incorrect reference to Section 146 and the Assistant Assessor, Mr. M. L. Saha who negligently failed to check the accuracy of this misleading and incorrect reference to Section 146, have each contributed to the making of this serious under-assessment. Further evidence may transpire as the result of a police enquiry; and accordingly the Corporation direct the Chief Executive Officer to have, if possible, a police enquiry made in this matter. The Corporation further find that in this case the provision of the Assessment Manual have not been strictly observed.

(4) That in regard to letter No. L.A./1139 dated the 23rd and 24th September, 1935, from the Joint Auditors regarding the cost of Police watch not being fully recovered the explanation given in the Chief Executive Officer's reply to Government in letter No. S. 4306, dated 1st November 1935, be accepted, in view of the fact that Police was posted not only for the purpose of preventing unauthorised construction, but also for keeping watch over such construction for the purpose of securing evidence in Court. The Corporation are further of opinion that it is not obligatory on the part of the Corporation to realise the whole amount of Police cost from the party The old Act did not contemplate any such recovery. Under the new Act, the Corporation may recover such portion of the cost as they may fix. Besides the Corporation have to maintain the Police staff whether there is any posting or not. The question of realizing the entire cost, therefore, does not arise.."

(5) That in regard to letter No. L.A./1155 dated 25th September, 1935 from the Jt. Auditors regarding delay on the part of the Corporation Councillors in paying taxes, the explanation given in the Chief Executive Officer's reply be accepted

(6) That in regard to letter No. L.A./1156 dated 25th September, 1935 from the Jt. Auditors regarding the free use of a Corporation car by the Traffic Manager of the Corporation, the explanation given in the Chief Executive Officer's reply be accepted.

(7) That in regard to letter No. L.A /1157 dated 25th September, 1935 from the Jt. Auditors regarding Garden at 3, Jessore Road, the explanation given in the Chief Executive Officer's reply be accepted.

(8) That in regard to letter No. L A./1313 dated 24th October, 1935 from the Jt. Auditors regarding stamp charges on loans paid from Loan Account. The explanation given in the Chief Executive Officer's letter No. S. 4647 dated 20th November, 1935 to Government be accepted.

L. A. 1157A dated the 25th September, 1935.
L. A. 1313A dated the 24th October, 1935

In continuation of the *ad-interim* reports under Section 122 (d) of the Calcutta Municipal Act forwarded with my marginally noted Memorandums, I have the honour to refer to the Chief Executive Officer's letters No. S. 4306 dated the 1st November, 1935, and 4647 dated the 20th November, 1935 to Government, copies of which have been forwarded to me.

Before examining the merit of their contents I would invite the attention of Government to the procedure adopted by the Chief Executive Officer. The procedure prescribed in Section 123 is that defects or irregularities pointed out are to be forthwith remedied by the Corporation and the steps taken reported to Government. On the analogy of Rule 6 of the rules framed under Section 123-G of the Act it would appear that it is the Auditors and not the Corporation (much less its Chief Executive Officer in his individual capacity) who should refer the differences of opinion, if any, to the Government for orders. In the cases under discussion, the defects have not yet been rectified and the Chief Executive Officer has only reported non-compliance and his reasons therefor to Government.

The Chief Executive Officer has also made it a grievance that the time allowed in each case was insufficient. If so, it was obviously open to him to point out the inadequacy of the time allowed, to me, as the Deputy Executive Officer on whom a notice for an explanation was served had, apparently with his knowledge, done. Further, considering the fact that the replies to the Audit Reports for 1930-31, 1931-32 and 1932-33, sent to the Corporation in July, 1932, July 1933 and December, 1934, have not yet been received back and presuming that the time required is not to be regulated by those standards, it would certainly have been helpful if an indication as to the time considered adequate by the Chief Executive Officer in each case had been given by him.

The Chief Executive Officer next opines that most of the cases dealt with were not emergent enough for *ad-interim* reports. In matters like these it is possible to hold different views. Moreover, the obligatory provision of Section 122 of the Act leaves no option to the Auditors regarding the issue or otherwise of these *ad-interim* reports when cases of "material impropriety, irregularity, wastage or loss" come to their notice.

I now proceed to deal with the cases *seriatim* :—

(i) *Letter No. L. A. 1135 dated the 23rd September, 1935, regarding cancellation and reduction of license without proper sanction.*

The Chief Executive Officer argues that if write-off be postponed till the sanction of the Finance Committee is obtained, the delegation of the power to the Deputy Executive Officer would be purposeless. The argument misses the point that premature action makes the reservation of power in the Finance Committee on the other hand nugatory.

He is however correct in saying that audit would pronounce a balance sheet as incorrect if based on inflated figures. The remedy lies not in anticipating the findings of the Finance Committee, but in showing in the balance sheet recoverable balances only: those that are doubtful or irrecoverable being (so far as the balance sheet is concerned) specifically described as such.

It appears from extracts from the proceedings of the Finance Committee held on the 7th November, 1935, that the Finance Committee have accepted the License Officer's recommendations. The particular case reported may, under the circumstances, be treated as disposed of.

(2) *L. A.* 1136, *dated the 24th September*, 1935, *regarding payment of overtime allowance to the Asphaltum Lorry Staff of the Motor Vehicles Department.*

Sanction of competent authority to the payment of overtime allowance to this staff having been called for in audit, it was explained that in the case of staff working overtime for more than 20 days in a month the Deputy Chairman's order dated the 9th January 1921, still held good and that as regards those who worked for less than 20 days, the Chief Executive Officer's sanction was sufficient. From a copy of the Deputy Chairman's order dated the 9th January 1921, supplied, it was found that specific sanction was contemplated in each individual case "for a fewer number of days than twenty." While the explanation as regards competency could not be accepted on principle, specific sanction in each individual case was also not traceable, and the matter was accordingly reported under Section 122(a). The Chief Executive Officer now explains that to avoid the trouble of according sanction in each individual case he accords his sanction on each bill of the lorry drivers, and that in his opinion section 56 of the Act does not apply because under the Accounts Code of the Corporation special contingencies include "overtime allowance". The first part of this explanation has been verified with reference to the vouchers mentioned in the report. The Chief Executive Officer's order was given on a separate sheet of paper though not on the bill itself. The explanation is therefore accepted in so far as that point was concerned.

But regarding the Chief Executive Officer's authority to pay such allowances, the explanation is not clear. There is no information that the Corporation have formally adopted the Accounts Code referred to. Even if it be the case, the Code cannot override the provisions in the Act. Sanction of the Corporation will have to be obtained either under Section 51 as is explained to have been done in the case of similar allowance paid to other employees or under Section 56, as may be found preferable or convenient.

(3) *Letter No. L. A.* 1138, *dated the 25th September*, 1935, *regarding "Loss arising out of a mistake in calculation."*

The information given in the explanation is very meagre and does not encourage any hope that the Corporation would be able to recoup the loss. The issue of a surcharge certificate is accordingly under consideration.

(4) *Letter No. L. A.* 1139 *dated the 24th September*, 1935, *regarding recovery of the cost of Police watch.*

The explanation is that the Corporation will have to maintain the police force in full, irrespective of the fact whether they can fully utilise their services, or there is any breach of the law at all, because, a force must in any case be maintained on a "peace footing." The facts of the case however indicate that the Police force as maintained is much more than what is required on a "peace footing" in the light of actual requirements. Section 365 (3) of the Act quoted by the Chief Executive Officer authorises the Corporation to recover the cost of Police from the person responsible for unlawful work. The Act apparently contemplates the recovery of the cost in full.

The Chief Executive Officer's explanation as regards item 7 and the last 3 items of the statement appended to the report are accepted on his authority. A fuller explanation with reference to the dates is necessary in the case of item 8.

(5) *Letter No. L. A.* 1155, *dated the 25th September*, 1935, *regarding delay on the part of the Municipal Councillors in paying taxes.*

The explanations on this subject seek to make light of a serious matter. It reads a homily in an appeal to the Councillors to pay their taxes in time, discovers inquisition in audit, mistakes a suggestion for an order, and while urging that such a list is not necessary even for administrative purposes, doubts its utility for the purpose of audit.

The Chief Executive Officer concludes by saying that a statement of arrears of say Rs. 500 or more is generally prepared and greater attention paid to it. The information furnished by the Collector on this point is however, that no such lists are kept and that they are not contemplated in the Manual (*vide* copy of query and reply enclosed.)

(6) *Letter No. L. A.* 1156 *dated the 25th September*, 1935 *regarding the free use of a Corporation car by the Traffic Manager.*

The Chief Executive Officer explains that the car is used in connection with the unloading work at Dhappa and that the total cost of unloading work at Dhappa including the cost of the motor car is placed before the Corporation for sanction. The Corporation have since in their meeting held on the 15th November, 1935 passed the total expenditure on account of the cost of unloading refuse at Dhappa during the years 1933-34 and 1934-35. The free use of a fully equipped car is, however, virtually an allowance, which requires specific sanction of the competent authority. Moreover, the debit of the expenditure on this account to the work instead of to "Establishment" seems to be incorrect.

(7) *Letter No. L. A.* 1157, *dated the 25th September*, 1935, *regarding the garden at No.* 3, *Jessore Road.*

No explanation has been given as the matter concerns a Commitee. The decision of the Corporation will have to be awaited.

(8) *Letter No. L. A.* 1313 *dated the 24th October*, 1935, *regarding stamp charges debited to Loan Account.*

The explanation gives no new information but only asserts that Government accepted the principle of such debits when they sanctioned the debit in the case of the Sterling Loan.

Due to delay in receiving the replies from the Corporation the Audit Report for the year 1933-34 had to be issued after such amendments as the above explanations warranted.

Letter No. L.A. 1640, dated 10th September, 1936, from the Accountant-General, Bengal, and the Examiner of Local Accounts, Bengal to the Secretary to the Government of Bengal, Local Self-Government Department.

In continuation of this office letter No. L.A./1630, dated the 10th December, 1935, on the subject indicated above, we have the honour to invite a reference to letter No. 2865, dated the 23rd July, 1936, from the Chief Executive Officer, Corporation of Calcutta, to Government, in the Local Self-Government Department and to report on five cases out of eight as follows under Section 123 of the Calcutta Municipal Act, 1923, as amended by the Amendment, Act, 1933:—

(1) Letter No. L.A. 1136, dated the 24th September, 1935, regarding payment of overtime allowance to the Asphaltum (Lorry staff) of the Motor Vehicles Department (para 34 of the Audit Report for 1933-34).—The Corporation should have issued orders under Section 51 (2) of the Act, but as the matter has been brought to the notice of the Corporation and considered by them, it is not proposed to pursue the objection further. If, however, the same irregularity is found in the accounts for 1935-36 which are under audit, the sanction of the Corporation will be called for.

(2) Letter No. L.A. 1139 dated the 24th September, 1935, regarding recovery of the cost of Police watch (para 33 of the Audit Report for 1933-34).—We think that Police force as maintained is more than what is required as on a "Peace footing" and that full costs for the period of employment should be recovered under Section 365 (3) of the Act.

(3) Letter No. L.A. 1155, dated the 25th September, 1935, regarding delay on the part of Corporation Councillors in paying taxes (para 23 of the Audit Report for 1933-34).—We have nothing to add to the remarks made on the subject in this office letter No. L.A./1630, dated the 10th December, 1935.

(4) Letter No. L. A. 1157, dated the 25th September, 1935, regarding the garden at No. 3, Jessore Road (para 41 of the Audit Report for 1933-34).—No explanation has been furnished by the Corporation The acceptance by them of the Chief Executive Officer's explanation as furnished in his letter No. S. 2865 dated the 23rd July, 1936 can only be taken to mean that they desire that the negligence in dealing with the matter as disclosed in the auditors' report should be condoned. But as loss has been caused to the Corporation owing to the negligence, the question is whether the provision of Section 123B should not apply. A separate reference will be made to Government after this aspect of the case has been duly examined by us.

(5) Letter No. L. A. 1313, dated the 24th October, 1935 regarding Stamp charges on Loans paid from Loan Account (para 36 of the Audit Report for 1933-34).—We have nothing to add to the comments contained in this office letter of December, 1935 referred to above. The matter may now be decided by Government.

2. With regard to the remaining 3 reports, we may mention that no further action is necessary with regard to 2 of them and that for the third, *viz.*, the case of wrong assessment of 41, Kailas Bose Street, a report will be sent to Government when the results of the Police investigation proposed by Corporation, are available

Letter No. 13 *T. M., dated* 22*nd April,* 1938 *from the Secretary to the Government of Bengal, Local Self-Government Department, Municipal Branch to the Chief Executive Officer, Calcutta Corporation.*

No. S. 4306, dated 1st November, 1935
No S 4647, dated 20th November, 1935

I am directed to refer to your marginally noted letters in which you drew the attention of Government to eight *ad-interim* reports on the accounts of the Calcutta Corporation for the year 1933-34, submitted under clauses (a) and (aa) of Section 122 of the Calcutta Municipal Act by the Accountant-General, Bengal, and the Examiner of Local Accounts, Bengal, as *Ex-officio* Joint Auditors of the Accounts of the Corporation and complained that the time allowed by the Auditors for taking action on these reports was insufficient for the purpose.

2. In reply, I am to say that as the Annual Audit Report for 1933-34, which was forwarded to the Corporation by the auditors on 26th November, 1935, includes all the points raised in the eight reports mentioned above and especially in view of the fact that the delay in framing the rules under Section 123-G of the Act has affected the programme so far as the audit held in the year 1935 is concerned, Government have decided that it will be sufficient if the Corporation forthwith takes up the consideraion of the Annual Audit Report and submits the report prescribed in Rule 5 of the rules prescribed under Section 123-G after having settled with the auditors as many points as possible of the outstanding points raised in the *ad interim* reports. I am to say that this report should be submited to the local Government not later than the 1st August, 1936, *i.e*, within a period of 8 months after the receipt of the Audit Report for 1933-34, as contemplated in the above rule.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 6th March 1940.

Summary.—Excepting heavy showers in places, the rainfall was generally light to moderate during the week. Sowing of *aus* paddy and jute in low lands has commenced. Dacca, the 24th February 1940.

Second Forcast of the Wheat Crop of Bengal, 1939-40.

(*Note.*—On an average of the five years ending 1937-38, the area under wheat in Bengal has represented some 0·4 per cent. of the total area under wheat in India. The ratio of the irrigated wheat acreage to total wheat acreage in (*a*) British India and (*b*) in the territory now reported on has, in the five years ending 1937-38, averaged (*a*) 42·7 and (*b*) 8·8 per cent., respectively.)

Character of the season.—As indicated in the first forecast sowings were done under favourable weather conditions. The dry and fairly cold winter was favourable for the growth of the crop though at a later stage it was adversely affected in some districts for want of sufficient moisture. On the whole, the season is a fairly satisfactory one for the crop this year.

Acreage.—According to the estimates of the District Officers the total area sown is 175,000 acres this year as against 174,000 acres both in the corresponding and final forecasts of last year.

Outturn.—The average provincial outturn as worked out from the district estimates is 79 per cent. as against 76 and 72 per cents., respectively, in the corresponding and final forecasts of last year.

Director of Agriculture, Bengal.

Constitution and Elections.

NOTIFICATION.

No. 409A.R.—12th March 1940.—The following draft of amendments which, in exercise of the power conferred by paragraph 20 of the Fifth Schedule to the Government of India Act, 1935, read with paragraph 6 of Part II of the Government of India (Provincial Elections) (Corrupt Practices and Election Petitions) Order, 1936, the Governor proposes to make in the Bengal Legislative Assembly and the Bengal Legislative Council Electoral (Election Expenses and Election Petitions) Rules, 1936, published with notification No. 7432A.R., dated the 5th September 1936, as subsequently amended, for fixing the maximum scales of election expenses at elections and the numbers and descriptions of persons who may be employed for payment in connection with the elections, is published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on or after the 30th April 1940, and any objection or suggestion with respect thereto received by the undersigned before that date will be duly considered:—

Draft amendments.

1. After clause (*a*) of rule 2 of the said rules, the following clause shall be inserted, namely:—

"(*aa*) 'committee room' means any building, room or place used habitually by a candidate or his agents for the purposes of the business of an election, and includes an open space so used."

2. After rule 10 of the said rules, the following rules shall be inserted, namely:—

"10A. No expenses in excess of the amount specified in column 2 of Schedule IA hereto annexed shall be incurred or authorized by a candidate or his election agent in connection with an election held to fill a seat in the Bengal Legislature specified in the corresponding entry in column 1 of the said Schedule.

10B. No committee room in excess of the number specified in Schedule IB hereto annexed shall be employed or used, and no persons other than or in addition to those specified in Schedule IC hereto annexed shall be employed for payment, by a candidate or his election agent in connection with an election to fill a seat in the Bengal Legislature."

3. In the heading to Part I of Form I annexed to the said rules, after the words "shall be shown" the following shall be added, namely:—

"A room hired for a public meeting or for a committee room must be named or described so as to identify it; and the name and description of every person to whom any payment was made for each such room, together with the amount paid, must be set out separately."

4. After Schedule I annexed to the said rules, the following schedules shall be inserted, namely:—

"Schedule IA.

NOTIFICATION.

No. 8R.—16th March 1940.—In exercise of the power conferred by sub-section (*3*) of section 27 of the Bengal Aerial Ropeways Act, 1923 (Bengal Act VII of 1923), the Governor is pleased to confirm the following additional by-laws made by the Darjeeling Ropeway Company, Limited, under sub-sections (*1*) and (*2*) of the said section for the working of the Bijonbari-Darjeeling Ropeway:—

Additional By-laws.

It is hereby notified for the information of the public that the following additions to the by-laws of the Darjeeling Ropeway have been made and these are to be deemed to have been incorporated with the rules already published:—

1. The speed of the rope shall not exceed 120 yards per minute or 4·1 miles per hour.

2. The Ropeway is propelled by Diesel Oil Engine power and all driving stations will use the brakes fitted to keep the speed of the rope within the maximum limits, viz., 120 yards per minute.

The following Alarm Signals are used to regulate the running of the Ropeway. Alarm Bells are fitted in the two driving stations, viz., Darjeeling and Singtom. Other stations are provided with facilities to signal the alarms by means of hand generator boxes. The following codes are used:—

Code of Signals at Darjeeling.

One ring will indicate "Stop line immediately".

Two rings indicate "Engine being started up".

Three rings to Singtom will indicate "Air Receiver has been charged" and if Singtom is ready and has charged his receiver, will reply by *three rings* to Darjeeling.

Four rings will indicate "Line is being started up".

Five rings will indicate "Line is stopped for the day".

Code of Signals at Singtom.

One ring will indicate "Stop line immediately".

Two rings from Darjeeling will indicate "Engine is being started up".

Three rings to Darjeeling will indicate "Receiver has been charged" and Singtom on receipt of the signal from Darjeeling, *must be ready to start the line* after having received "All Clear" signal from Bijonbari.

Four rings from Darjeeling will indicate "Line is being started up" and if Singtom is ready, will reply to Darjeeling with *four rings* which Darjeeling will take as indicating "All Clear" and Singtom ready to start up.

Five rings from Darjeeling which Singtom must transmit immediately to Bijonbari, will indicate "Line has been stopped for the day".

Six rings for Bijonbari will indicate "All Clear" and ready for line to be started up.

In the same way with Bijonbari the sending or receipt of one ring from or by any station will indicate "Stop line immediately".

3. (*a*) The maximum load on each single carrier shall not exceed 3 maunds.

(*b*) The maximum load for each double carrier will be 4½ maunds and must not exceed 12 feet in length.

4. The employees of the Ropeway are not allowed to load any bucket with an overhang likely to foul the Ropeway while passing through trestles, protection bridges, etc. The spacing between two carriers is 212 yards and the time intervals is 106 seconds. Timing devises are fitted at Darjeeling and Bijonbari stations and the staff should not put carriers on the line excepting as indicated by the time signals.

Electric License.

NOTICE.

Notice is hereby given for public information that Mr. Jamini Ranjan Roy of 35, Sova Bazar Street, Calcutta, has applied to the Government of Bengal for a License under the Indian Electricity Act, 1910, to supply electric energy in the town of Rajbari under the terms of the following Draft License:—

Draft License, The Rajbari Electric License, 1940.

License for the supply of electrical energy granted by the Government of Bengal under the Indian Electricity Act, 1910, as modified.

License is hereby granted to Jamini Ranjan Roy of Panchuria Bazar post office, district Faridpur or his permitted assigns to supply electrical energy in the area with the power and upon the terms and conditions all specified below:—

1. *Short Title.*—The License may be cited as the Rajbari Electric License, 1940.

2. *Area of supply.*—The area within which the supply of electric energy is authorised under this License is the whole of the area under the jurisdiction of the Rajbari Municipality as indicated in the deposited map in red—the boundaries thereof are as follows.

3. *Limits of compulsory area.*—The compulsory area within which the electrical energy is to be executed to the satisfaction of the Local Government under clause (*IV*) of the Act is bounded as follows:—

(*a*) North—(1) Binodepur Road (partly), (2) Godar Bazar Road (partly).

(*b*) South—(1) Rajbari Road (with lanes); (2) Haritala Road; (3) Kazikanda Road (partly).

(*c*) West—(1) Mission Road; (2) Railway Road; (3) Selumypur Road (partly).

(*d*) East—(1) Durgapur Road (partly).

4. *Nature of supply.*—The proposed nature of supply shall be either (*a*) 230/440 A.C. 50 cycle 3-phase 4-wire system or (*b*) 230/460 D.C. 3-wire or (*c*) such other as the Provincial Government of Bengal may allow.

5. *Limits of price of the electrical energy.*—The prices to be charged by the Licensee for the energy supplied by him shall not exceed the following maxima, namely:—

(*a*) Lights and fans—8 annas per unit.

(*b*) Industrial power (above 1 H.-P. Motor)—6 annas per unit, or in the case of method of charge approved by the Local Government in accordance with sub-sections (*3*) and (*4*) of section 23 of the Act, as such maxima as the Government may fix on approving method.

6. *Hours of supply.*—The licensee shall not be bound to maintain the continuance of supply from 6-30 a.m. to 4-30 p.m. local time until two years have elapsed from the date of commencement of supply of energy.

7. *Variation from the schedule to the Act.*—In pursuance of clause F of sub-section (*2*) of section 3 of the Indian Electricity Act, 1910, it is hereby expressly declared that sub-clause I of clause 6 and sub-clause I of clause 8 of the Schedule to the Act shall, for the purpose of incorporation in the License be varied by the addition of the words "Except from 6-30 a.m. to 4-30 p.m. local time until the expiration of two years from the date of notification of the grant of the License" after the expression "Continue to supply energy" occurring in sub-clause I of clause 6 and in sub-clause I of clause 8 of the Schedule to the Act.

8. *Purchase of undertaking.*—(*a*) The option of purchase given by sub-section (*1*) of section 7 of the Act shall first be exercise-able on the expiry of a period of fifty years from the date of notification of this License, and the expiry of every subsequent period of twenty years, the percentage of the value to be determined in accordance with and for the purpose of sub-section (*1*) of section 7 of the Act of the lands, buildings, works, materials and plant of licensee therein mentioned to be added under the second proviso of that sub-section to such value on account of compulsory purchase shall be 20 per cent.

(*b*) In accordance with clause (*d*) (*ii*) of sub-section (*2*) of section 3 of the Act, it is hereby declared that the generating station to be used in connection with the undertaking shall form a part of the undertaking for the purpose of purchase under section 5 and section 7.

Copies of the map of the area of supply and Draft License may be inspected at the Municipal Office, Rajbari, and at the licensee's office, 35, Sova Bazar Street, Calcutta. Copies of the Draft License may be had from the licensee on payment of Re. 1 per copy.

Any local authority, company or person desirous of making any representation with reference to this application to the Local Government may do so by letter addressed to the Joint Secretary, Government of Bengal, Commerce Department, Calcutta, within three months from the date of this Notice.

Calcutta.—No. 3117L.A.—13th March 1940 —The following agreement is published under section 42 of the Land Acquisition Act, I of 1894, for general information.

N. V. H. SYMONS,

Secy. to the Govt. of Bengal.

Agreement.

MEMORANDUM OF AGREEMENT made this twelfth day of March one thousand nine hundred and forty between the Calcutta Medical Institute, a Society registered under Act XXI of 1860 and having its registered office at 301-3, Upper Circular Road in the city of Calcutta (hereinafter called the Institute) of the one part and the Governor of the province of Bengal (hereinafter called the Governor) of the other part.

Whereas for the purpose of the extension of their buildings the Institute have applied to the Government of Bengal for the acquisition under the provisions of the Land Acquisition Act, 1894, of a piece or parcel of land containing 0·144 of an acre or thereabout comprised in premises Nos. 6A, 6B and 6C Maharani Swarnamoyee Road in the city of Calcutta and more particularly described in the schedule hereto and delineated in the plan* hereunto annexed.

*Not printed but may be inspected in the office of the 1st Land Acquisition Collector, at No. 5, Bankshall Street, Calcutta.

And whereas the said Government of Bengal, being satisfied by an enquiry held under section 40 of the said Act that the proposed acquisition is needed for the aforesaid purpose and that the said work is likely to prove useful to the public, has consented to acquire on behalf of the Institute the piece or parcel of land hereinbefore described.

And whereas the said Government of Bengal has required the Institute under the provisions of section 41 of the abovementioned Act to enter into an agreement with the Governor hereinafter contained. Now this Indenture witnesseth that it is hereby agreed and declared as follows:—

1. On demand the Institute shall and will pay to the said Government of Bengal all and every compensation in respect of the said land tendered, paid or awarded or to be tendered, paid or awarded by the Collector under the Land Acquisition Act, 1894, or by the Court to which a reference under part III of the said Act may be made, or by the Court or Courts to which an appeal from the award of the said Court may be preferred and all costs, charges and expenses of the proceedings in the aforesaid Courts, or otherwise incidental to the proposed acquisition or payable in respect thereof under the provisions of the said Act.

2. On demand made by the said Collector the obligations of the Institute under the last preceding clause not being thereby limited, the Institute shall and will deposit with the said Collector such sum or sums of money as in his discretion the said Collector may in anticipation estimate to be necessary for the purposes mentioned in the last preceding clause.

3. On payment by the Institute of all demands under the foregoing first clause, or in the discretion of the said Government of Bengal (on deposit by the Institute of all estimated amounts as provided in the second clause) but not before possession shall have been taken under the provisions of the abovementioned Act, the Governor shall make over possession of the said land to the Institute and shall execute and do all such acts and deeds as may be necessary and proper for effectually vesting the same in the Institute.

4. The said land shall be held by the Institute for the purposes of such works of the Institute as is hereinbefore mentioned and without the sanction in writing of the said Government of Bengal first had and obtained for no other purpose whatsoever.

5. The said works shall be completed and fully equipped in all respects ready for use within two years from the date on which possession of the said land shall have been given to the Institute.

6. Should the said works be not completed and fully equipped in all respects ready for use within the period stated in the last

preceding clause or within such further period as in its discretion may be prescribed or allowed by the said Government of Bengal or should the said land at any time thereafter cease for a period of twelve consecutive months to be held and used or cease to be required for the purpose or purposes provided for in the foregoing fourth clause then and in any such case, the said Government may summarily re-enter upon and take passession of the said land together with all buildings thereon, whether such buildings were erected before or after transfer of the land to the Institute, and thereupon the interest of the Institute in the said land and buildings shall absolutely cease and determine.

7. On taking such possession the said Government may sell or otherwise deal with the said land and buildings as it may think proper.

(*i*) Should the said Government sell the land with the buildings the said Government after deducting the expenses incurred in connection with the said taking of possession and with such sale shall pay the proceeds to the Institute.

(*ii*) Should the said Government decide not to sell the land and buildings, the said Government shall retain the said land and buildings thereon in which case the Governor shall repay to the Institute the market value as on the day of re-entry of all the buildings erected by the Institute and all sums received from the Institute in respect of all and every compensation as provided in the foregoing first clause (less the statutory allowance of 15 per cent. and less any amount received on account of tress and buildings which are not in existence at the time of resumption), but will not repay any sums paid and received on account of costs, charges and expenses.

(*iii*) Should the said Government decide to sell the buildings only upon such sale, the Governor after deducting the expenses of taking possession and selling, pay the balance of the proceeds of sale to the Institute, together with the sum received from the Institute in respect of the compensation for the land (less the statutory allowance of 15 per cent. and less any amount received from the Institute on account of trees and buildings which are not in existence at the time of resumption), but will not repay any sum paid and received on account of costs, charges and expenses.

8. The public shall be entitled to the use of the extension for which the land is intended to be acquired by the Institute on the following terms, viz., that they shall have admission into the school or hospital subject to the rules of the Institute for such admission.

9. Should any dispute or difference arise touching or concerning the subject matter of this agreement or any covenant, clause or thing therein contained, the same shall be referred to the said Government of Bengal and the opinion and decision of the said Government upon such dispute or difference shall be final and conclusive and binding on the parties hereto.

The Schedule above referred to.

All that piece or parcel of land containing by estimation, more or less, 0·144 of an acre, comprised in premises Nos. 6A, 6B, and 6C, Maharanee Swarnamoyee Road in Ward No. IX of the Calcutta Municipality in the city of Calcutta bounded on the—

The signatory should satisfy himself that the return is correct and complete in every respect before signing the verification.

Notes for guidance in filling up Return Form No. I. T. 11.

Important changes in the Act have been made by the Income-tax (Amendment) Act, 1939, and assessees are advised to read carefully such of these notes as are appropriate to their cases.*

1. *On the publication of the notices referred to in Section 22 (1) of the Act* every person or association of persons whose total income exceeds the maximum amount not chargeable with Income-tax is required to make a return of his total income and his total world income *whether or not he has been served with an individual notice under Section 22 (2) of that Act.* The maximum amount which is not chargeable to Income-tax is as follows :—

In the case of—

(*i*) Any Court of Wards, Administrator-General, Official Trustee, any Receiver or Manager appointed under any order of a Court, or any trustee or trustees appointed under a duly executed trust deed, where the income, profits or gains or any part thereof are not specifically receivable on behalf of any one person, or where the individual shares of the persons on whose behalf they are receivable are indeterminate or unknown	Rs. *Nil.*
(*ii*) Any company or local authority	Rs. *Nil.*
(*iii*) Any person, being a British subject or the subject of a State in India or Burma, who is not resident in British India and whose total world income exceeds Rs. 2,000	Rs. *Nil.*
(*iv*) Any other non-resident person	Rs. *Nil.*
(*v*) Any other individual, Hindu Undivided family, firm or association of persons ..	Rs. 2,000.

Total income is the total income chargeable under the Act, and total world income includes all income wherever accruing or arising unless exempted under Section 4 (3) of the Act.

---

* *Note* :—In these notes " the Act " means the Income-tax Act, 1922.

2. "*Previous year*" means for each separate source of income—

(*a*) the year ended on 31st March prior to the income-tax year, or, at the option of the assessee, the year ended on the date (prior to the 31st March) to which his accounts have been made up, or

(*b*) the year prescribed by the Central Board of Revenue for any case or class of cases.

Certain conditions attach to the exercise of the option referred to in (*a*) and certain further conditions govern the determination of "previous year" in respect of a business, profession or vocation newly set up, and these are shown in Clause (11) of Section 2 of the Act.

For each source of income for which the previous year does not end on the 31st March, the last date of the previous year should be shown.

3. *Sources of income.*—The following income must be included in your return under the appropriate head—

(*a*) *So much of the income of your wife* as arises directly or indirectly from—

(*i*) her membership in a firm of which you are a partner;

(*ii*) assets transferred directly or indirectly to her by you otherwise than for adequate consideration or in connection with an agreement to live apart.

(*b*) *So much of the income of your minor child* as arises from—

(*i*) his (or her) admission to the benefits of partnership in a firm of which you are a partner;

(*ii*) assets transferred directly to him (or her) by you otherwise than for adequate consideration unless she is a married daughter.

(*c*) *So much of the income of any person or association of persons* as arises from assets transferred to the person or association otherwise than for adequate consideration for the benefit of your wife or minor child or both.

(*d*) *All income arising to any person* by virtue of a settlement or disposition whether revocable or not and whether effected before or after the commencement of the Indian Income-tax (Amendment) Act, 1939, from assets which remain your property, or by virtue of a revocable transfer of assets.

[Section 16 (1) of the Act contains definitions of "revocable", and "Settlement or disposition", and sets out also certain exceptions.]

(*e*) *Income from assets transferred to persons abroad* for the purpose of avoiding tax in the circumstances set out in Section 44D.

(*f*) *Income from securities, stocks or shares* which have been sold before the date of payment of the interest or dividend and re-purchased subsequently in the circumstances set out in Sections 44E and 44F.

4. (*a*) *An individual is "resident" in British India* if he—

(*i*) is in british India in that year for a period amounting in all to one hundred and eighty-two days or more; or

(*ii*) maintains or has maintained for him a dwelling place in British India for a period or periods amounting in all to one hundred and eighty-two days or more in that year, and is in British India for any time in that year; or

(*iii*) having within the four years preceding that year been in British India for a period or for periods amounting in all to three hundred and sixty-five days or more, is in British India for any time in that year otherwise than on an occasional or casual visit;

A Hindu undivided family, firm or other association of persons is resident in British India unless the control and management of its affairs is situated wholly without British India; and

A company is resident in British India in any year,

(*a*) if the control and management of its affairs is situated wholly in British India in that year, or

(*b*) if its income arising in British India in that year exceeds its income arising without British India in that year.

An individual is "not ordinarily resident" in British India in any year if he has not been resident in British India in nine out of the ten years preceding that year or if he has not during the seven years preceding that year been in British India for a period of, or for periods amounting in all to, more than two years;

(*b*) *A Hindu undivided family is deemed to be "ordinarily resident"* in British India if its manager is ordinarily resident in British India;

(*c*) *A company, firm or other association of persons is "ordinarily resident"* in British India if it is resident in British India.

5. *Tax already charged or deducted at source.*—In this column only British Indian tax should be entered. Super-tax deducted at source should be shown separately (unless, in the case of a salaried person, the assessee is unaware of the allocation between Income-tax and Super-tax). In the case of a dividend from a Company the tax to be entered is the net tax appropriate to that part of the dividend which has borne Income-tax and should be calculated at the rate in force for companies for the year in which the dividend was paid. Where this figure of tax is not known, it should be estimated and the word "estimated" written below the figure. The correct figure will then be computed in the Income-tax office. If any tax deducted at source is in excess of the amount on which you are chargeable, the excess will be deducted from any other tax payable by you provided that certificates of tax deducted are attached to this Return.

6. *Salaries* includes wages, pensions (if payable anywhere in India including an Indian State), annuities, gratuities, fees, commission, allowances, perquisites, value of rent-free quarters and profits received in lieu of or in addition to salary or wages. The full amount should be entered and not the net amount after deducting income-tax, your provident fund contributions, etc.

Prior to the Indian Income-tax (Amendment) Act, 1939, the basis was the amount of salary *received* in the previous year. It is now the amount actually received or the amount due *whether paid or not*. An advance of income is to be treated as salary on the date on which the advance is received.

If *by the conditions of your employment* you are required to spend any sum out of your remuneration *wholly, necessarily and exclusively in the performance of your duties* you may claim a deduction for such a sum and should give particulars. Travelling expenses from your house to your place of employment are not allowable.

A payment received by an employee from an employer or former employer or from a provident or other fund is taxable to the extent to which it does not consist of the return of your own contributions or interest thereon. Payments made solely as compensation for loss of employment and certain payments from provident funds to which the Provident Funds Act, 1925, applies, from a recognised provident fund or from an approved superannuation fund are exempted.

7. *Interest on Securities* means interest on promissory notes or bonds issued by the Government of India or any Provincial Government, or the interest on debentures or other securities issued by or on behalf of a local authority or company. The gross amount before deduction of income-tax should be entered.

Entries under this head should be accompanied by the certificate issued by the person paying the interest under Section 18 (9) of the Act.

Deductions are allowable in respect of—

(*a*) commission charged by a banker for collecting the interest ;

(*b*) interest payable on money borrowed for the purpose of investment in the securities except certain interest payable to persons abroad from which tax has not been deducted (see Section 8 of the Act for details). Full particulars (in a separate statement if necessary) should be given of any deduction claimed.

8. *Property.*—The tax is payable under this head in respect of the *bona fide* annual value of all buildings or lands appurtenant thereto, of which you are the owner, other than such portions of such buildings and lands as you occupy for the purpose of your business, profession or vocation, the profits of which are assessable to tax.

9. *Business, Profession or Vocation.*—You should complete item 4 (*a*) of Part I , and Parts IV and V of the Return in respect of any business, profession or vocation if you are the sole proprietor, or if you are making the Return on behalf of your firm. If you are a partner in a registered firm, or if your firm has applied for registration you must complete item 4 (*b*) of Part I, and if you are a partner in an unregistered firm you must complete item 4 (*c*) of Part I.

For the purpose of completing items 4 (*b*) and 4 (*c*) of Part I, the share of a partner is to be determined as follows :—

(*i*) *The share is the share to which he was actually entitled during the previous year and not the share to which he was entitled on the date on which the assessment is to be made* ;

(*ii*) it includes all interest (whether on loan or capital account, and whether actually paid or not) and all salary, commission or other remuneration paid, payable or credited to him.

Losses are to be computed in like manner as profits, and the balance of any loss made in the previous year for assessment for the year 1939-40, which cannot be set off wholly against other income of the same year, can be carried forward and set against the profits *of the same business, profession or vocation* of the following year.

Persons resident but not ordinarily resident, are entitled to deduct from their income arising abroad from a business controlled in or a profession or vocation set up in India, including Indian States, a maximum amount of Rs. 4,500 in respect so much of the profits not remitted to British India. They should, therefore, show their income in section A after deducting the appropriate amount upto a maximum of Rs. 4,500 from the unremitted profits.

Persons ordinarily resident, are entitled to deduct a maximum of Rs. 4,500 from *all income* accruing or arising abroad (including income from business controlled in or a profession set up in India including Indian States) but not remitted to British India. They should claim this deduction in section "C" to the extent to which it can be claimed here and the balance out of any unremitted profits included in section A which should be reduced accordingly.

Local authorities.—The income of local authorities which is chargeable to Income-tax is the profits and gains from a trade or business carried on by those authorities other than income arising from the supply of a commodity or service within its own jurisdictional area.

10. *Dividends from companies.*—The gross amount should be entered after adding to the net sum received Income-tax computed as explained in Note 5 above. Where the exact tax is not known, the estimated tax should be added and the figure of net dividend put in Column I followed by the word " net ".

11. (*a*) *Agricultural income* from land not paying land revenue or local rates to an authority *in British India* and *all* agricultural income arising abroad (including Indian States and Burma) should be included under this head if received in British India.

(*b*) *Remittances received by a wife resident in British India from her non-resident husband* are deemed to be income accruing in British India and must be included in her return if they are not paid out of income included in her husband's total income.

12. *Non-residents.*—Income-tax is payable by a non-resident on the total of Section A. If he is a British subject or the subject of a State in India or Burma the Income-tax is computed by reference to the average of rates appropriate to the total of Sections A and C. The income of other non-residents is chargeable at the full company rate. The income of all non-residents is chargeable to super-tax on the total of Section A at the average of the rates appropriate to the total of Sections A and C. A dividend paid without British India is deemed to be income accruing and arising in British India to the extent to which it has been paid out of profits subjected to Income-tax in British India.

13. *For the Income-tax year 1939-40 only* tax is not chargeable in respect of both the income accruing or arising outside India in the previous year and the income brought into British India during that year out of income accruing or arising in earlier years but only in respect of the greater of these two amounts. If the former sum is the greater, Section B (2) should be marked " covered by Section C ", and if the latter is the greater Section C should be marked " covered by Section B (2) ".

14. Sums entered in Part II cannot be deducted from total income, but subject to the limits laid down in the Act, a deduction will be made in respect of such sums from the Income-tax payable at the average rate for the total income. No deduction from Super-tax is given in respect of these sums, except in certain special cases of members of unregistered firms and other associations of persons as provided for in the second proviso to Section 55.

15. The proviso to Section 7 (*1*) of the Act applies to sums deducted in accordance with the conditions of service for the purpose of securing a deferred annuity or of making provision for the employee's wife or children.

16. Details of the amounts to be entered in respect of a recognised Provident Fund should be obtained from the trustees of the fund or from your employer.

17. *Part IV.*—(*a*) In computing the profits or gains of a partnership *all* sums paid or credited to a partner must be disallowed. These sums will be taken into account in allocating the gross income of the business between the partners to ascertain the individual share of each partner. All sums of interest, salary or commission will thus be included in the partner's share of the firms income and will not be again assessed on that partner as interest, salary or commission respectively.

(*b*) Attention is particularly drawn to the provisions of Section 10(2) (*iii*) and Section 10(4) (*a*) of the Act which prohibits the deduction of any payment of interest chargeable under the Act which is payable without British India except interest on which tax has been paid or from which tax has been deducted, or in respect of which there is an agent who may be assessed under Section 43, or any payment chargeable under the head " Salaries " if it is payable without British India and tax has not been deducted. An exception is made in the case of interest on a loan issued for public subscription before 1st April 1938. These provisions do not apply to interest or salary which is not chargeable to income-tax under the Act (*i.e.*, interest on money borrowed abroad from a non-resident and not brought into British India in any form whatever, or salary for services rendered wholly abroad by a non-resident).

(*c*) *Depreciation.*—From the assessment year 1940-41, depreciation allowance is to be calculated at prescribed rates on the basis of " written down " value instead of on the basis of " original cost ". The " written down " value is to be computed as follows :—

(*a*) In the case of assets acquired in the previous year, the actual cost represents the " written down " value.

(*b*) In the case of assets acquired before the previous year but after the commencement of the Amendment Act, 1939, the actual cost less all depreciation allowable under section 10 of the Act.

(*c*) In the case of assets acquired before the commencement of the Income-tax (Amendment) Act, 1939, the actual cost less for each financial year since acqusition amount of depreciation applicable to the assets at the rates in force for each year since 1st April 1922 and at the rates in force on the 1st April 1922, for each such year prior to date, but so much of the unabsorbed depreciation allowance as has been carried forward up to the assessment year 1938-39 is not to be deducted in arriving at the " written down " value.

18. *General Directions*—

(*a*) The form must be filled in and signed in ink. Losses may be shown in red ink.

(*b*) Figures only are to be inserted in columns (2) and (3) of Part I and should not be modified by words such as " about " or " approximately ", except as stated in Note 5. The word " *nil* " must be entered in column (2) in Part I against each source from which you did not derive any income.

(*c*) If you spoil this form you should ask your Income-tax Officer for another. Erasures should not be made. You should sign your name in full against any alteration.

Form of return of particulars to be furnished under Section 38 of the Indian Income-tax Act, 1922 (see paragraph 4 of notice).

(*a*) To be filled up in the case of *firms* only. If this information is already given in Part III of the Return under section 22 of the Indian Income-tax Act, 1922, write " See Part III " in this section.

CHAPTER 5.

An Act to amend the Government of India Act, 1935, and the Government of Burma Act, 1935, in certain respects, and to make a consequential amendment in the Naval Discipline Act; and for purposes connected with the matters aforesaid.

[31st January 1940.]

Be it enacted by the King's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows:—

Provisions applicable only to India.

Amendment of the provisions as to taxes on income and corporation tax. 26 Geo. 5 & 1 Edw. 8. c. 2.

1.—(1) In sub-section (2) of section three hundred and eleven of the Government of India Act, 1935 (hereafter in this Act referred to as "the principal Act") for the definition of "corporation tax" there shall be substituted the following definition:—

" 'corporation tax' means any tax on income, so far as that tax is payable by companies and is a tax in the case of which the following conditions are fulfilled:—

(a) that it is not chargeable in respect of agricultural income;

(b) that no deduction in respect of the tax paid by companies is, by any enactments which may apply to the tax, authorised to be made from dividends payable by the companies to individuals;

(c) that no provision exists for taking the tax so paid into account in computing for the purposes of Indian income-tax the total income of individuals receiving such dividends, or in computing the Indian income-tax payable by, or refundable to, such individuals;"

and after the definition of "taxation," there shall be inserted the following definition:—

" 'tax on income' includes a tax in the nature of an excess profits tax;".

(2) At the end of sub-section (1) of section one hundred and thirty-eight of the principal Act (which provides for the distribution to Provinces and Federated States of the proceeds of Federal taxes on income after deducting proceeds attributable to Chief Commissioners' Provinces or to taxes payable in respect of Federal emoluments) there shall be inserted the following paragraphs:—

"For the purposes of this sub-section, in each financial year one per cent., or such other percentage as may be prescribed, of so much of the net proceeds of taxes on income as does not represent the net proceeds of taxes payable in respect of Federal emoluments shall be deemed to represent proceeds attributable to Chief Commissioners' Provinces."

(3) In sub-section (2) of the said section one hundred and thirty-eight (which relates to the retention by the Federation of moneys assigned by that section to Provinces and States), after the words "such sum as may be prescribed" there shall be inserted the words "or if it is so prescribed, the whole of those moneys".

Taxes on professions, trades, callings and employments

2.—(1) After section one hundred and forty-two of the principal Act there shall be inserted the following section:—

"142A.—(1) Notwithstanding anything in section one hundred of this Act, no Provincial law relating to taxes for the benefit of a Province or of a municipality, district board, local board or other local authority therein in respect of professions, trades, callings or employments shall be invalid on the ground that it relates to a tax on income.

(2) The total amount payable in respect of any one person to the Province or to any one municipality, district board, local board, or other local authority in the Province by way of taxes on professions, trades, callings and employments shall not, after the thirty-first day of March nineteen hundred and thirty-nine, exceed fifty rupees per annum:

Provided that, if in the financial year ending with that date there was in force in the case of any Province or any such municipality, board or authority a tax on professions, trades, callings or employments the rate, or the maximum rate, of which exceeded fifty rupees per annum, the preceding provisions of this sub-section shall, unless for the time being provision to the contrary is made by a law of the Federal Legislature, have effect in relation to that Province, municipality, board or authority as if for the reference to fifty rupees per annum there were substituted a reference to that rate or maximum rate, or such lower rate, if any, (being a rate greater than fifty rupees per annum) as may for the time being be fixed by a law of the Federal Legislature; and any law of the Federal Legislature made for any of the purposes of this proviso may be made either generally or in relation to any specified Provinces, municipalities, boards or authorities.

(3) The fact that the Provincial Legislature has power to make laws as aforesaid with respect to taxes on professions, trades, callings and employments shall not be construed as limiting, in relation to professions, trades, callings and employments, the generality of the entry in the Federal Legislative List relating to taxes on income."

(2) After paragraph 54 of the Federal Legislative List there shall be inserted the following paragraph:—

"54A. The matters specified in the proviso to sub-section (2) of section one hundred and forty-two A of this Act as matters with respect to which provision may be made by laws of the Federal Legislature."

(3) For paragraph 46 of the Provincial Legislative List there shall be substituted the following paragraph:—

"46. Taxes on professions, trades, callings and employments, subject, however, to the provisions of section one hundred and forty-two A of this Act."

Amendments as to certain items in Legislative Lists.

3.—(1) In paragraph 2 of the Federal Legislative List after the words "local self-government in cantonment areas (not being cantonment areas of Indian State troops)" there shall be inserted the words "the constitution and powers within such areas of cantonment authorities"

(2) After paragraph 48 of the Provincial Legislative List there shall be inserted the following paragraphs:—

"48A. Taxes on vehicles suitable for use on roads, whether mechanically propelled or not, including tramcars.

48B. Taxes on the consumption or sale of electricity, subject, however, to the provisions of section one hundred and fifty-four A of this Act."

(3) After section one hundred and fifty-four of the principal Act there shall be inserted the following section—

"Exemptions from taxes on electricity.

154A. Save in so far as any Federal law may otherwise provide, no Provincial law or law of a Federated State shall impose, or authorise the imposition of, a tax on the consumption or sale of electricity (whether produced by a Government or other persons) which is—

(a) consumed by the Federal Government, or sold to the Federal Government for consumption by that Government; or

(b) consumed in the construction, maintenance or operation of a Federal Railway by the Federal Railway Authority or a railway company operating that Railway, or sold to that Authority or any such railway company for consumption in the construction, maintenance or operation of a Federal Railway;

and any such law imposing, or authorising the imposition of, a tax on the sale of electricity shall secure that the price of electricity sold to the Federal Government for consumption by that Government, or to the Federal Railway Authority or any such railway company as aforesaid for consumption in the construction, maintenance or operation of a Federal Railway, shall be less by the amount of the tax than the price charged to other consumers of a substantial quantity of electricity.".

Amendments of ss. 88, 89 and 90.

4.—(1) At the end of sub-section (3) of section eighty-eight of the principal Act there shall be inserted the following proviso:—

"Provided that, for the purposes of the provisions of this Act relating to the effect of an Act of a Provincial Legislature which is repugnant to an Act of the Federal Legislature or an existing Indian Law with respect to a matter enumerated in the Concurrent Legislative List, an ordinance promulgated under this section in pursuance of instructions from the Governor-General, acting in his discretion, shall be deemed to be an Act of the Provincial Legislature which has been reserved for the consideration of the Governor-General and assented to by him."

(2) For the proviso to sub-section (1) of the said section eighty-eight there shall be substituted the following proviso:—

"Provided that the Governor—

(a) shall exercise his individual judgment as respects the promulgation of any ordinance under this section, if—

(i) a Bill containing the same provisions would under this Act have required his or the Governor-General's previous sanction to the introduction thereof into the Legislature; or

(ii) an Act of the Provincial Legislature containing the same provisions would under this Act have been invalid unless, having been reserved for the consideration of the Governor-General or for the signification of His Majesty's pleasure, it had received the assent of the Governor-General or of His Majesty; and

(b) shall not without instructions from the Governor-General, acting in his discretion, promulgate any such ordinance if—

(i) a Bill containing the same provisions would under this Act have required the Governor-General's previous sanction for the introduction thereof into the Legislature, or

(ii) he would have deemed it necessary to reserve a Bill containing the same provisions for the consideration of the Governor-General; or

(iii) an Act of the Provincial Legislature containing the same provisions would under this Act have been invalid unless, having been reserved for the consideration of the Governor-General or for the signification of His Majesty's pleasure, it had received assent of the Governor-General or of His Majesty."

(3) In the proviso to sub-section (4) of section eighty-nine, and the proviso to sub-section (3) of section ninety, of the principal Act, after the words "repugnant to an Act of the Federal Legislature" there shall be inserted the words "or an existing Indian Law with respect to a matter enumerated in the Concurrent Legislative List."

Power to appoint acting puisne judges of the Federal Court

5. At the end of section two hundred and two of the principal Act there shall be inserted the following sub-section:—

"(2) If the office of any other judge of the Federal Court becomes vacant, or if any such judge is appointed to act temporarily as Chief Justice of India or is by reason of absence, or for any other reason, unable to perform the duties of his office, the Governor-General may in his discretion appoint a judge of a High Court who is duly qualified for appointment as a judge of the Federal Court to act temporarily as a judge of that court, and the person so appointed shall, unless the Governor-General in his discretion thinks fit to revoke his appointment, be deemed to be a judge of the Federal Court until some person appointed by His Majesty to the vacant office has entered on the duties thereof, or until the permanent judge has resumed his duties."

Amendment of s 219 (1).

6. For the proviso to sub-section (1) of section two hundred and nineteen of the principal Act (which enumerates the Courts in British India which are to be deemed to be High Courts for the purpose of that Act) there shall be substituted the following proviso,—

"Provided that, if provision has been made, whether before or after the commencement of Part III of this Act—

(a) by His Majesty by Letters Patent for the establishment of a High Court to replace any Court or Courts mentioned in this sub-section; or

(b) by the appropriate Legislature in India for the establishment of a Chief Court to replace the Judicial Commissioner's Court in the North West Frontier Province, or the Judicial Commissioner's Court in Sind,

then, as from the establishment of the new court, this section shall have effect as if the new court were mentioned therein in lieu of the court or courts so replaced."

Amendment of Legislative Lists with respect to universities

7.—(1) For paragraph 17 of the Provincial Legislative List there shall be substituted the following paragraph:—

"17. Education, including Universities other than those specified in paragraph 13 of List I."

(2) The Federal Legislature shall not by virtue of paragraph 33 of the Federal Legislative List (which relates to corporations and, in particular, to corporations, whether trading or not, with

objects not confined to one unit), and the Provincial Legislature shall not by virtue of paragraph 33 of the Provincial Legislative List (which relates to other corporations) have power to make any law with respect to universities, and accordingly—

(a) at the end of the first of those paragraphs, there shall be added the words "but not including Universities"; and

(b) in the second of those paragraphs, for the words "other than corporations specified in List I" there shall be substituted the words "not being corporations specified in List I or Universities".

(3) This section shall come into operation on the first day of April nineteen hundred and forty.

Amendment of definition of "Indian State".

8. In sub-section (1) of section three hundred and eleven of the principal Act for the definition of "Indian State" there shall be substituted the following definition:—

" 'Indian State' means any territory, not being part of British India, which His Majesty recognises as being such a State, whether described as a State, an Estate, a Jagir or otherwise;".

Amendment of s 262

9. As from the first day of April nineteen hundred and forty the following amendments shall be made in section two hundred and sixty-two of the principal Act (which relates to the eligibility for office of persons who are not British subjects):—

(a) in sub-sections (1) and (2), for the words "any subject of a specified Indian State" there shall, in both places, be substituted the words "the subjects, or any named subject, of a specified Indian State"; for the words "any native of a specified tribal area or territory adjacent to India" there shall, in both places, be substituted the words "the natives, or any named native, of a specified tribal area or territory adjacent to India", and the words "being an office specified in the declaration" shall, in both places, be omitted;

(b) in sub-section (4), after the words "Provided that" there shall be inserted the following paragraph:—

"(a) a person who at the end of March nineteen hundred and forty is in the permanent service of the Crown in India shall not be ineligible to hold any office under the Crown in India by reason that he is not a British subject; and

(b)."

Provisions as to family pension funds

10.—(1) In sub-section (2) of section two hundred and seventy-three of the principal Act (which relates to family pension funds)—

(a) for the words "the balance in the hands of the Governor-General on the thirty-first day of March next following the passing of this Act" there shall be substituted the words "the balance in the hands of the Secretary of State in Council on the thirty-first day of March nineteen hundred and thirty-seven";

(b) for the words "three years", in both places where those words occur, there shall be substituted the words "two years";

and in sub-section (3) of the said section for the words "the Governor-General" there shall be substituted the words "the Secretary of State in Council."

(2) The Government of India (Family Pension Funds) Order, 1936, shall have effect and be deemed always to have had effect as if, in paragraphs ten, sixteen, twenty-two and twenty-five thereof, for the words "nineteen hundred and thirty-six" there were substituted the words "nineteen hundred and thirty-seven."

Confirmation of appointments to India Office staff and staff of Auditor of Indian Home Accounts.

11. After section two hundred and eighty-four of the principal Act there shall be inserted the following section:—

"284A.—(1) Any appointments which the Secretary of State in Council has purported to make to his permanent establishment before the commencement of Part III of this Act, and any increases which he has purported to make in the salaries of persons on that establishment, shall for all purposes be deemed to have been validly made notwithstanding that the making thereof was not sanctioned by an Order of His Majesty in Council as provided by section seventeen of the Government of India Act.

(2) Any appointments which the Auditor of the accounts of the Secretary of State in Council has purported to make to his staff before the commencement of the said Part III shall be deemed to have been validly made notwithstanding that the making thereof was not authorised by such a warrant of His Majesty as is mentioned in section twenty-seven of the Government of India Act, and all salaries paid to any person on the said Auditor's staff shall be deemed to have been duly paid notwithstanding that they were not so authorised."

Provisions as to pensions of home civil servants appointed to offices in India. 50 & 51 Vict. c. 67.

12. After section three hundred and five of the principal Act there shall be inserted the following section:—

"305A.—(1) Where a civil servant, as defined by section twelve of the Superannuation Act, 1887, is appointed by His Majesty or by the Governor-General in his discretion to any office under the Crown in India, the Secretary of State may direct that his service in that office shall qualify for the grant of a pension or gratuity as if it were service rendered in the office held by him as a civil servant immediately before his appointment to service in India, and there shall be paid to, or in respect of, him out of the revenues of the Federation, and shall be charged on these revenues, in respect of his service in that office in India a pension or gratuity calculated in accordance with the Superannuation Acts, 1834 to 1935, and the orders, rules and regulations made thereunder, but on the basis of the salary of the office last held by him as a civil servant before his appointment to service in India:

Provided that nothing in the said Acts, orders, rules or regulations shall operate to prevent the grant of a pension to him with effect from the date on which he may relinquish office in India, notwithstanding that at that date he may not have attained the age of sixty.

(2) No such direction as aforesaid shall be given in relation to service in any office if the service of the person in question in that office would qualify for the grant of a pension without any such direction.

(3) This section shall apply to appointments made before the passing of this Act as well as to appointments made thereafter; and in relation to appointments made before the commencement of Part III of this Act, the reference to the Secretary of State shall be construed as a reference to the Secretary of State in Council."

General.

Supplemental.

17.—(1) The amendments made by this Act in the principal Act and the Government of Burma Act, 1935 (whether by way of substitution, addition or omission) shall, save where it is specifically provided that they shall come into operation on, or on some date subsequent to, the passing of this Act, be deemed to have been made in those Acts immediately before the passing thereof.

Section 17.

SCHEDULE.

Amendments made in the Schedules to the Government of India Act, 1935, and the Government of Burma Act, 1935, by the Government of India (Federal Legislature Amendment) Order, 1936, the Government of India (Provincial Legislative Assemblies) Order, 1936, the Government of Burma (House of Representatives) Order, 1936, the Government of Burma (Senate Elections) Order, 1936, and the Government of Burma (Legislature) (Miscellaneous Provisions) Order, 1936.

PART I.

Amendments of Schedules to the Government of India Act, 1935.

Schedule I.

At the end of paragraph 12 of Part II of the First Schedule there shall be added the following sub-paragraph:—

"This paragraph shall have effect as if the State of Khamadhana had been included in the Central India Agency on the first day of January nineteen hundred and thirty-five."

In the fifth column in the Table of Seats appended to the said Part II the population of the States comprised in Division XVII, shall, instead of being stated as "3,032,197", be stated as "3,047,129", and the total population of the States in the Table shall, instead of being stated as "78,981,912", be stated as "78,996,844".

Schedule V.

In paragraph 12 of the Fifth Schedule for the words "shall not be qualified to hold a seat" there shall be substituted the words "shall not be qualified to be chosen to fill a seat".

Schedule VI.

In paragraph 6 of Part I of the Sixth Schedule the words "or vote at any election to fill a general seat therein" shall be omitted.

At the end of paragraph 7 of the said Part I there shall be added the following provision:—

"If a person votes in more than one constituency in contravention of this paragraph, his votes in each of the constituencies shall be void."

Sub-paragraph (7) of paragraph 13 of the said Part I shall be omitted.

In sub-paragraphs (*f*) and (*h*) of paragraph 9 of Part II of the said Schedule for the words "is registered" there shall be substituted the words "was on the last day of the previous fasli year registered".

In sub-paragraph (*g*) of the said paragraph 9 for the word "holds" there shall be substituted the words "held throughout the previous fasli year".

In sub-paragraph (*i*) of the said paragraph 9 for the words "is a landholder" there shall be substituted the words "was on the last day of the previous fasli year a registered landholder."

In sub-paragraph (*j*) of the said paragraph 9 for the word "holds" there shall be substituted the words "held on the last day of the previous fasli year".

After the said paragraph 9 there shall be inserted the following paragraph:——

"*Special qualification for Scheduled Castes.*

9A. Subject to the provisions of Part I of this Schedule and to any overriding provisions of this Part of this Schedule, a person who is a member of the scheduled castes shall be qualified to be included in the electoral roll for any territorial constituency if throughout the previous fasli year he occupied as owner or lessee a house in a municipality, a cantonment or an area subject to the jurisdiction of a local board, with an annual rent value of not less than eighteen rupees, or a house elsewhere with an annual rent value of not less than twelve rupees."

For paragraph 10 of the said Part II there shall be substituted the following paragraph:—

"10. No person shall, by virtue of sub-paragraph (*e*) of paragraph 2, sub-paragraph (*c*) or sub-paragraph (*d*) of paragraph 3, paragraph 5 or paragraph 6 of this Part of this Schedule, or by virtue of her husband being a retired, pensioned or discharged officer, non-commissioned officer or soldier, be included in the electoral roll for any territorial constituency, unless application is made in the prescribed manner by, or, if it is so prescribed, on behalf of, that person, that that person should be so included."

At the end of paragraph 12 of the said Part II there shall be added the following sub-paragraph:—

"(3) References in this Part of this Schedule to, or to taxes payable in respect of, land or houses, relate exclusively to land or houses in the Province."

At the end of paragraph 3 of Part V of the said Schedule there shall be inserted the words "or, in the case of a member of the scheduled castes, if he is the owner or tenant of a house or building in the constituency the rental value whereof is not less than twelve rupees per annum."

In paragraph 2 of Part VII of the said Schedule after the words "or is assessed, otherwise than in the Santal Parganas, to chaukidari tax of an annual amount of not less than nine annas" there shall be inserted the words "or, in the case of a member of the scheduled castes, of an annual amount of not less than six annas".

In sub-paragraph (1) of paragraph 10 of Part VIII of the said Schedule after the definition of "land revenue" there shall be inserted the following definition:—

" 'municipal tax' means a tax imposed under the provisions of the Central Provinces Municipalities Act, 1922, or of that Act as applied to Berar."

Sub-paragraph (*b*) of paragraph 9 of Part IX of the said Schedule shall be omitted and at the end of that paragraph there shall be inserted the following paragraph:—

"*Special Provisions as to Shillong.*

9A. In the case of any territorial constituency comprising any part of Shillong, any reference in this Part of this Schedule to 'the constituency' shall be construed as including a reference to so much of the areas under the jurisdiction of the Shillong Municipal Board and the Shillong Cantonment Authority as is not part of British India, and any reference to municipal or cantonment rates or taxes shall be construed as including a reference to any such rates or taxes assessed by, or paid to, that Board or that Authority in the exercise of any jurisdiction exercised by them in relation to areas outside British India."

In the heading to paragraph 6 of Part XI of the said Schedule and in the said paragraph 6 the words "the sub-division of" shall be omitted.

In sub-paragraph (*a*) of the said paragraph 6 after the words "of not less than nine annas" there shall be inserted the words "or, in the case of a member of the scheduled castes, of not less than six annas".

In the heading to paragraph 8 of the said Part XI for the words "and Vizagapatam and the Khondmals sub-division" there shall be substituted the words "Koraput and Khondmals".

In the said paragraph 8—

(i) after sub-paragraph (*a*) there shall be inserted the following sub-paragraph:—

"(*b*) if he is a member of the scheduled castes and is a village servant, whether hereditary or not; or"

and sub-paragraph (*b*) shall be re-lettered "(*c*)."

(ii) for the words "and Vizagapatam or in the Khondmals sub-division" there shall be substituted the words "Koraput and Khondmals"; and

(iii) for the words "either of those districts or in that sub-division," in both places where those words occur, there shall be substituted the words "in any of those districts".

In sub-paragraph (*b*) of paragraph 3 of Part XII of the said Schedule after the words "cultivates as a Hari" there shall be inserted the words "or occupies as a tenant".

Examination in the Art and Practice of Teaching, Dacca Division.

Dacca, the 14th March 1940.

An examination in the Art and Practice of Teaching for teachers of English subjects employed in Government, aided and unaided schools in the Dacca Division *will be held at the Dacca Collegiate School on Monday, the 29th April 1940*, at 11 a.m., and the day following, if necessary. The examination of teachers of vernacular subjects will also be held on the same date at the Dacca Normal School.

2. The following teachers are eligible for the examination:—

(*a*) Candidates who have passed the Entrance or Matriculation Examination or some higher examination. The examination of these teachers will be conducted through the medium of English.

(*b*) Teachers of vernacular subjects who have passed at least the Middle Scholarship examination or the terminal examination of the middle stage of instruction. The examination of these teachers will be conducted in the vernacular.

(*c*) Pandits and Maulvis employed in teaching an oriental language, other than Pandits in Sanskrit *tol* and Maulvis in Madrasahs. They may be permitted to appear at this examination and, at their option, may be examined either in English or in a vernacular.

3. *Nature of examination.*—The examination, both for English and vernacular teachers will be mainly practical and will consist of—

(*a*) A practical examination in class control, the candidates being required to keep a class of at least a dozen boys attentive and fully occupied throughout a lesson.

(*b*) A practical test of teaching ability, the candidate being required to give two lessons on different subjects—English, Bengali, History, Geography, Arithmetic, Algebra, Geometry, etc.

(*c*) An oral examination, in which the Inspector or other examiner will put some questions on the art of teaching, object lessons, class management, organization and discipline.

4. The following books on the art of teaching are recommended:—

(*a*) For teachers of English subjects:—

(1) Indian Teachers' Guide, by P. C. Wren; (2) Indian School Organization, by P. C. Wren; (3) Suggestions for the consideration of teachers (Board of Education, Whitehall); (4) Talks to Teachers (James); (5) Art of teaching, by D. Salman; (6) Direct Method, by Tate and Rajagopalchari; (7) Suggestions for Primary school teachers—Dippie (Oxford Press); (8) Instruction in Indian Secondary Schools—McNee (Oxford Press); (9) Education: Its Data and First Principles, by P. Nunn; (10) How to Teach, by Dumville; (11) A Primer of Teaching Practice, by Green and Binchi-Nough; (12) Language in Education, by M. West; (13) School Management and Inspection, by M. West; (14) Thirty-six Lesson Forms (Longmans); (15) Suggestions for the consideration of Teachers (Board of Education, England).

(*b*) For teachers of vernacular subjects:—

উচ্চ শিক্ষক সুহৃদ, by P. Mukherjee; (2) নিম্ন শিক্ষক সুহৃদ, by P. Mukherjee; (3) বিবিধ বিধান, by A. N. Adhikari; (4) নূতন শিক্ষা প্রণালী and শিক্ষা প্রণালীর বিশেষ বিধি, by Pramatha Nath Das Gupta; (5) ব্যবহারিক বিদ্যালয় বিধান, by Guru Bandhu Bhattacharjee; (6) Teachers' Manual, by Khan Bahadur Ahsanullah; (7) শিক্ষা বিজ্ঞান, by Khan Bahadur Abdur Rahman Khan; (8) পাঠ টীকা লিখিবার পদ্ধতি, by Jagannath Dey; (9) মনোবিজ্ঞান, by S. C. Brahmachary; (10) ভূগোল শিক্ষা প্রণালী, by I. Haque.

(*c*) Teachers of oriental classical languages may study any of the above sets of books.

5. Intending candidates from high schools should submit their applications through the Head Masters and teachers of middle schools through the Subdivisional Inspectors so as to reach this office not later than the 8th April 1940. Every candidate will be required to produce his University or other certificates at the time of examination. A statement containing the following information should accompany the application:—

(1) Name (in full).
(2) Name of father (in full).
(3) Name of native village and district.
(4) Last University examination passed.
(5) Year of passing.
(6) Period of service as a teacher.
(7) Present appointment with date (mention whether he is a teacher of English subject or vernacular subjects or of oriental languages).
(8) Two class subjects in which he wishes to be examined.
(9) Signature of applicant with full address.

6. Every candidate must bring with him at the time of examination two lesson notes on the subjects in which he wishes to give lessons. These notes should be made over to the examiner at the time of the practical examination.

7. Candidates should state whether they sat for the examination previously, if so, how often, giving dates.

NOTICE is hereby given that the right and title of the Crown in declaring the property of the deceased Girish Chandra Ray of Kasba-Potaspur, police-station Potaspur, district Midnapore, as an escheat as per Board's letter No. 7921E.S., dated 30th August 1939, as specified in the conditions of sale below, to the undermentioned estate situate in the district of Midnapore will be put up to sale at the Collectorate on 25th June 1940. The purchaser will be subject to the following conditions of sale :—

Conditions of sale.

(1) The estate to be sold rent-free to the highest bidder. The purchaser of this estate will be considered as the proprietor of the estate and the entire right of the Crown in such estate (excepting the proprietorship of universal right) will be transferred to him.

(2) The sale is to be subject to existing leases and to the right recognised in the settlement proceedings and conferred by the lease in force and the purchaser to respect the rights of resident cultivators.

(3) If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

(4) If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by the noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by the noon of the first succeeding office day, the sale shall be cancelled (the sum deposited being forfeited to the Crown) and the estate shall be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement as in the case of original sale :—

N. K. GHOSE,

Municipal Magistrate, Calcutta.

Town Hall, Calcutta, the 11th January 1940.

Notice to Creditors under section 10A of Act IX (B. C.) of 1879.

(In partial modification of notice under section 10A of Act IX (B.C.) of 1879 published in the *Calcutta Gazette* at pages 12, 24 and 35 (Part II) and dated 4th January 1940, 11th January 1940 and 18th January 1940, respectively.)

WHEREAS under sections 7 and 35 of the Court of Wards Act IX (B.C.) of 1879, as amended up to date, the Court of Wards has assumed charge of the property of Mr. Paul Phillipe Irinee deLauney, Mr. Phillipe Joseph deLauney and Mrs. Agnes Marguerite deLauney of Comilla, police-station Kotwali, district Tippera, heirs and heiress of the estate of late Mr. P. J. deLauney, lying within the districts of Tippera, Noakhali and Chittagong;

Notice is hereby given under section 10A of the said Act that all creditors having claims against the said Mr. Paul Phillipe Irinee deLauney and two others or their immovable property are hereby required to submit the same in writing to the Collector of Tippera at his office at Comilla within six months from the date of publication of this notice.

Providing that if a suit or proceeding in respect of a claim by any creditors against the said Mr. Paul Phillipe Irinee deLauney, Mr. Phillipe Joseph deLauney and Mrs. Agnes Marguerite deLauney or their immovable property is pending in any civil court at the date of the publication of this notice, the creditors shall give notice of such pending suit or proceedings to the Court of Wards within six months from the date of the publication of this notice and further shall, within three months from the date of final disposal of any such suit or proceeding, give notice to the Court of Wards of the decision of the civil court in respect of any such claim.

The creditors are also hereby warned that if they fail to submit any claim or to give notice of pending suits or proceedings in respect of any such claim or to give notice of the decision of a civil court in regard to any such pending suit or proceeding within the times above-stated, any such claim shall cease to carry interest as from the date of the expiry of such period.

PART V

Acts of the Indian Legislature assented to by the Governor-General and Ordinances promulgated by the Governor-General.

GOVERNMENT OF INDIA.

Legislative Department.

The following Act of the Indian Legislature received the assent of the Governor-General on the 23rd February, 1940, and is hereby promulgated for general information :—

ACT No. 1 OF 1940.

An Act to provide for the registration of certain European British subjects.

WHEREAS it is expedient to provide for the registration of certain European British subjects ;

It is hereby enacted as follows :—

Short title, extent, commencement and duration.

1. (*1*) This Act may be called the Registration (Emergency Powers) Act, 1940.

(*2*) It extends to the whole of British India, and applies also to European British subjects in any part of India.

(*3*) It shall come into force on such date as the Central Government may, by notification in the official Gazette, appoint.

(*4*) It shall be in force during the continuance of the present war and for a period of six months thereafter.

Definitions.

2. In this Act, unless there is anything repugnant in the subject or context,—

(*a*) "European British subject" means any subject of His Majesty of European descent in the male line, born, naturalised or domiciled in the British Islands or in any Dominion as defined in the Statute of Westminster, 1931, or in any Colony except Ceylon ; **22 Geo. 5, c 4.**

(*b*) "prescribed" means prescribed by rules made under this Act.

Obligation to register.

3. (1) Every male European British subject for the time being in India (not being—

(a) a member of His Majesty's naval, military or air forces, or

(b) a person who is enrolled under the Auxiliary Force Act, 1920, or is in holy orders, or is a regular minister of any religious denomination), XLIX of 1920.

who for the time being has attained the age of sixteen years but has not attained the age of fifty years, shall, within the prescribed period, correctly fill up, or cause so to be filled up, to the best of his knowledge and belief, sign and lodge with the appropriate registration authority specified in the First Schedule, or such other registration authority as may be prescribed, the form set out in the Second Schedule; and if any such European British subject claims not to be ordinarily resident in India, he shall lodge with the said form a statement of such claim.

(2) If any registration authority has reason to believe that any person is a European British subject to whom the provisions of sub-section (1) are applicable, he may, by order in writing, require such person to furnish such particulars as may be specified in the order within such time as may be so specified, and such person, whether or not he is a European British subject to whom the provisions of the said sub-section are applicable, shall within the specified time furnish correctly to the best of his knowledge and belief the said particulars to the said registration authority in such form or manner as such order may require, and shall sign the same; and if any such person claims that he is not a European British subject to whom the provisions of sub-section (1) are applicable, he shall furnish a statement of such claim with the particulars as aforesaid.

(3) If any person refuses or, without lawful excuse (the burden of proving which shall lie upon such person), neglects fully to comply with the requirements of sub-section (1) or of any order made under sub-section (2), he shall be punishable with fine which may extend to five hundred rupees.

(4) Every registration authority under this Act shall be deemed to be a public servant within the meaning of the Indian Penal Code. XLV of 1860.

Determination of disputes as to applicability of this Act.

4. If any question arises with reference to this Act or any rule made thereunder whether a person is a European British subject to whom the provisions of sub-section (1) of section 3 are applicable, a person appointed in writing in this behalf by the prescribed authority may apply to the District Magistrate or to any officer specially empowered in this behalf by the Central Government in the area in which the person to whom the dispute relates is for the time being present, and such Magistrate or other officer, after hearing such person or giving him a reasonable opportunity for being heard, shall summarily determine the question, and the decision of such Magistrate or other officer shall be final.

Power of Central Government to make rules.

5. (1) The Central Government may, by notification in the official Gazette, make rules for carrying out the purposes of this Act.

(2) In particular and without prejudice to the generality of the foregoing power, such rules may—

(a) prescribe registration authorities, in addition to those specified in the First Schedule;

(b) prescribe the time within which the form set out in the Second Schedule shall be lodged with the registration authority;

(c) prescribe authorities who may make the appointment referred to in section 4;

(*d*) provide for the issue of certificates of registration ;

(*e*) provide for the preparation, compilation and correction of a register, and require the attendance of persons for any of such purposes ;

(*f*) require the notification of changes of address of registered persons.

(*3*) Rules made under this section may provide that any contravention thereof or of any order or notice issued thereunder shall be punishable with fine which may extend to five hundred rupees.

Act not to apply to certain persons.

6. Nothing in this Act shall apply to any person confined for the time being in a prison or lunatic asylum.

Repeal of Ordinance II of 1939.

7. The Registration Ordinance, 1939, is hereby repealed ; but any rules made, anything done and any action taken under the said Ordinance shall be deemed to have been made, done or taken under the corresponding provisions of this Act, and any offence committed against or any proceedings commenced under the said Ordinance, may be punished, or may be continued and completed as if such offence were committed against or such proceedings were commenced under this Act.

THE FIRST SCHEDULE.

G. H. SPENCE,

Secy. to the Govt. of India.

GOVERNMENT OF INDIA.

Legislative Department.

The following Act of the Indian Legislature received the assent of the Governor-General on the 23rd February, 1940, and is hereby promulgated for general information:—

ACT No. II OF 1940.

An Act to provide for the imposition of restrictions on foreigners.

WHEREAS it is expedient to provide for the imposition of restrictions on the entry of foreigners into British India, their presence therein and their departure therefrom ;

It is hereby enacted as follows:—

Short title, extent and duration.

1. (*1*) This Act may be called the Foreigners Act, 1940.

(*2*) It extends to the whole of British India.

(*3*) It shall be in force during the continuance of the present war and for a period of six months thereafter.

Definitions.

2. In this Act,—

(*a*) "foreigner" has the meaning assigned to it in the Foreigners Act, 1864, except that it does not include—

(*i*) any ruler or subject of any Indian State; or

(*ii*) any native of the tribal areas;

(*b*) "prescribed" means prescribed by orders made under this Act;

(*c*) "specified" means specified by direction of a prescribed authority.

Power to make orders.

3. (*1*) The Central Government may, by order, make provision, either generally with respect to all foreigners or with respect to any particular foreigner or any prescribed class or description of foreigner, for prohibiting, regulating or restricting the entry of foreigners into British India or their departure therefrom or their presence or continued presence therein.

(*2*) In particular, and without prejudice to the generality of the foregoing power, orders made under this section may provide that the foreigner—

(*a*) shall not enter British India, or shall enter British India only at such times and by such route and at such port or place and subject to the observance of such conditions on arrival as may be prescribed;

(*b*) shall not depart from British India, or shall depart only at such times and by such route and from such port or place and subject to the observance of such conditions on departure as may be prescribed;

(*c*) shall not remain in British India, or in any prescribed area therein;

(*d*) shall remove himself to, and remain in, such area in British India as may be prescribed;

(*e*) shall comply with such conditions as may be prescribed or specified—

(*i*) requiring him to reside in a particular place;

(*ii*) imposing any restrictions on his movements;

(*iii*) requiring him to furnish such proof of his identity and to report such particulars to such authority in such manner and at such time and place as may be prescribed or specified;

(*iv*) requiring him to allow his photograph and finger impressions to be taken and to furnish specimens of his hand-writing and signature to such authority and at such time and place as may be prescribed or specified;

(*v*) prohibiting him from association with persons of a prescribed or specified description;

(*vi*) prohibiting him from engaging in activities of a prescribed or specified description;

(*vii*) prohibiting him from using or possessing prescribed or specified articles; or

(*viii*) otherwise regulating his conduct in any such particular as may be prescribed or specified;

(*f*) shall enter into a bond with or without sureties for the due observance of, or as an alternative to the enforcement of, any or all prescribed or specified restrictions or conditions; or

(*g*) shall be arrested and detained or confined;

and may make provision for such incidental and supplementary matters as may, in the opinion of the Central Government, be expedient or necessary for giving effect to this Act.

Internees.

4. (*1*) Any foreigner (hereinafter referred to as an internee) in respect of whom there is in force any order made under clause (*g*) of sub-section (*2*) of section 3, directing that he be detained or confined, shall be detained or confined in such place and manner and subject to such conditions as to maintenance, discipline and the punishment of offences and breaches of discipline as the Central Government may from time to time determine.

(*2*) No person shall—

(*a*) knowingly assist an internee to escape from custody or knowingly harbour an escaped internee; or

(*b*) give an escaped internee any assistance with intent thereby to prevent, hinder or interfere with the apprehension of the internee.

(*3*) The Central Government may, by order, provide for regulating access to, and the conduct of persons in, places in British India where internees are detained and for prohibiting or regulating the despatch or conveyance from outside such places to or for internees therein of such articles as may be prescribed.

(*4*) No proceedings shall be taken by virtue of sub-section (*2*) or sub-section (*3*) against any person in respect of any act done by him when he is himself an internee.

Change of name.

5. (1) No foreigner who was in British India on the date on which this Act came into force shall, while in British India after that date, assume or use or purport to assume or use for any purpose any name other than that by which he was ordinarily known immediately before the said date.

(2) Where, after the date on which this Act came into force, any foreigner carries on or purports to carry on (whether alone or in association with any other person) any trade or business under any name or style other than that under which that trade or business was being carried on immediately before the said date, he shall, for the purposes of sub-section (1), be deemed to be using a name other than that by which he was ordinarily known immediately before the said date.

(3) In relation to any foreigner who, not having been in British India on the date on which this Act came into force, thereafter enters British India, sub-sections (1) and (2) shall have effect as if for any reference in those sub-sections to the date on which this Act came into force there were substituted a reference to the date on which he first enters British India thereafter.

(4) For the purposes of this section—

(a) the expression "name" includes a surname, and

(b) a name shall be deemed to be changed if the spelling thereof is altered.

(5) Nothing in this section shall apply to the assumption or use—

(a) of any name in pursuance of a Royal licence; or

(b) by any married woman, of her husband's name.

Obligations of masters of vessels, etc.

6. Any District Magistrate and any Commissioner of Police or, where there is no Commissioner of Police, any Superintendent of Police, may, for any purpose connected with the enforcement of this Act or any order made thereunder, enter, with such assistance as he may think fit, any vessel or aircraft at any port or place in British India and may—

(a) direct the master of the vessel or the pilot of the aircraft, as the case may be,—

(i) before any passenger disembarks, or before the vessel or aircraft leaves such port or place, as the case may be, to furnish a list in writing of the passengers who are on board or who have been carried on board at any time since the vessel or aircraft commenced its journey, or who have signified their intention of departing from British India on board such vessel or aircraft, setting out the ports or places at which they embarked, the ports or places of their disembarkation or intended disembarkation, and such other particulars as may be prescribed, and

(ii) to answer to the best of his ability any question relating to the passengers who are on board or who have disembarked in any part of British India; and

(b) if any foreigner seeking to enter British India on board such vessel or aircraft does not give satisfactory reasons for entering British India, either—

(i) refuse to allow such foreigner to disembark from such vessel or aircraft, or

(ii) place him under such restraint as may be prescribed or specified,

Burden of proof.

7. If any question arises with reference to this Act or any order made or direction given thereunder, whether any person is or is not a foreigner or is or is not a foreigner of a particular class or description, the onus of proving that such person is not a foreigner or is not a foreigner of such particular class or description, as the case may be, shall, notwithstanding anything contained in the Indian Evidence Act, 1872, lie upon such person. I of 1872.

Power to exempt from application of Act.

8. The Central Government may, by order, declare that any or all of the provisions of this Act or the orders made thereunder shall not apply, or shall apply only with such modifications or subject to such conditions as may be specified, to or in relation to any individual foreigner or any class or description of foreigner.

Power to give effect to orders, directions, etc.

9. (*1*) Any authority empowered by or under or in pursuance of the provisions of this Act to give any direction or to exercise any other power, may, in addition to any other action expressly provided for in this Act, take, or cause to be taken, such steps and use, or cause to be used, such force as may, in its opinion, be reasonably necessary for securing compliance with such direction or for preventing or rectifying any breach thereof, or for the effective exercise of such power, as the case may be.

(*2*) Any police officer may take such steps and use such force as may, in his opinion, be reasonably necessary for securing compliance with any order made or direction given under or in pursuance of the provisions of this Act or for preventing or rectifying any breach of such order or direction.

(*3*) The power conferred by this section shall be deemed to confer upon any person acting in exercise thereof a right of access to any land or other property whatsoever.

Power to delegate authority.

10. Any authority upon which any power to make or give any direction, consent or permission or to do any other act is conferred by this Act or by any order made thereunder may, unless express provision is made to the contrary, in writing authorise, conditionally or otherwise, any authority subordinate to it to exercise such power on its behalf, and thereupon the said subordinate authority shall, subject to such conditions as may be contained in the authorisation, be deemed to be the authority upon which such power is conferred by or under this Act.

Attempts, etc., to contravene the provisions to this Act, etc.

11. (*1*) Any person who attempts to contravene, or abets, or attempts to abet, or does any act preparatory to, a contravention of, the provisions of this Act or of any order made or direction given thereunder, or fails to comply with any direction given in pursuance of any such order, shall be deemed to have contravened the provisions of this Act.

(*2*) Any person who, knowing or having reasonable cause to believe that any other person has contravened the provisions of this Act or of any order made or direction given thereunder, gives that other person any assistance with intent thereby to prevent, hinder or otherwise interfere with his arrest, trial or punishment for the said contravention, shall be deemed to have abetted that contravention.

(*3*) The master of any vessel or the pilot of any aircraft, as the case may be, by means of which any foreigner enters or leaves British India in contravention of any order made under, or direction given in pursuance of, section 3 shall, unless he proves that he exercised all due diligence to prevent the said contravention, be deemed to have contravened this Act.

Penalties.

12. If any person contravenes the provisions of this Act or of any order made thereunder, or any direction given in pursuance of this Act or such order, he shall be punished with imprisonment for a term which may extend to five years and shall also be liable to fine; and if such person has entered into a bond in pursuance of clause (*f*) of sub-section (*2*) of section 3, his bond shall be forfeited, and any person bound thereby shall pay the penalty thereof or show cause to the satisfaction of the convicting Court why such penalty should not be paid.

Protection to persons acting under this Act.

13. No suit, prosecution or other legal proceeding shall lie against any person for anything which is in good faith done or intended to be done under this Act.

Application of other laws not barred.

14. The provisions of this Act shall be in addition to, and not in derogation of, the provisions of the Foreigners Act, 1864, the Registration of Foreigners Act, 1939, and of any other enactment for the time being in force. III of 1864. XVI of 1939.

Repeal and saving.

15. (*1*) The Foreigners Ordinance, 1939, is hereby repealed. I of 1939.

(*2*) Notwithstanding such repeal, all orders made, directions given, things done and action taken under the said Ordinance, shall be deemed to have been made, given, done or taken under the provisions of this Act as if this Act had come into force on the 26th day of August, 1939, references to the said Ordinance in any rule made under any enactment shall be construed as references to this Act, and offences committed against or proceedings commenced under the said Ordinance may be punished or may be continued and completed as if such offences were committed against or such proceedings were commenced under this Act.

The Calcutta Gazette

THURSDAY, MARCH 21, 1940.

PART VI

Bills introduced in the Council of State and Legislative Assembly; Reports of Select Committees presented to the Council and Assembly; and Bills published under Rule 18 of the Indian Legislative Rules.

GOVERNMENT OF INDIA.

Legislative Assembly Department.

The following Bill was introduced in the Legislative Assembly on the 16th February, 1940 :—

L. A. BILL No. 12 OF 1940.

A Bill further to amend the Factories Act, 1934, for a certain purpose.

WHEREAS it is expedient to make provision for regulating labour in certain small factories, and for that purpose further to amend the Factories Act, 1934 ; XXV of 1934.

It is hereby enacted as follows :—

Short title.

1. This Act may be called the Factories (Amendment) Act, 1940.

Insertion of new Chapter VA in Act XXV of 1934.

2. After Chapter V of the Factories Act, 1934 (hereinafter referred to as the said Act), the following Chapter shall be inserted, namely :—

"CHAPTER VA.

SMALL FACTORIES.

Small Factories.

59A. (*1*) In this Act, unless there is anything repugnant in the subject or context, "small factory" means any premises including the precincts thereof whereon ten or more but less than twenty workers are working or were working on any day of the preceding six months, and in any part of which a manufacturing process is being carried on with the aid of power, or is ordinarily so carried on, but does not include a mine subject to the operation of the Indian Mines Act, 1923 : IV of 1923.

Provided that the Provincial Government may, by notification in the official Gazette, declare any premises to be a small factory, notwithstanding that less than ten workers are working thereon, if such premises would otherwise be a small factory.

(2) For the purposes of this Chapter an adolescent holding a certificate granted under this Act to work as an adult shall be deemed to be an adult.

Power to require statement from occupiers of small factories.

59B. An Inspector may, by notice in writing, direct the occupier of a small factory to state in writing within thirty days from the receipt of the notice either—

(a) that he is not employing in the small factory any worker who is not, or is not deemed to be, an adult and that he will not employ therein any such worker without giving notice in accordance with the provisions of section 59C, or

(b) (i) the name of the small factory and its situation,

(ii) the address to which communications relating to the small factory should be sent,

(iii) the nature of the manufacturing processes carried on, or to be carried on, in the small factory,

(iv) the nature and amount of the power used or to be used, and

(v) the name of the person who shall be the manager of the small factory for the purposes of this Act.

Occupiers of small factories to give notice of employment of child labour.

59C. The occupier of a small factory in respect of which a notice under section 59B has once been issued, shall not, after the expiry of thirty days from the receipt of such notice, employ therein any worker who is not, or is not deemed to be, an adult unless he has furnished a statement under clause (b) of that section or except after giving seven days' notice in writing to the Inspector of his intention to employ any such worker.

Certain provisions of this Act to apply to small factories wherein child labour is employed.

59D. (1) All the provisions of this Act, except clause (j) of section 2, sections 4, 5, 6 and 7, sub-section (1) of section 9, sub-sections (1), (2) and (4) of section 14, sections 15, 21, 22 and 25, sub-sections (1), (2) and (3) of section 33, Chapter IV and sections 65 and 77, shall apply to, and in relation to, all small factories wherein, at any time after the expiry of thirty days from the receipt of a notice under section 59B in respect thereof, any worker who is not, or is not deemed to be, an adult is employed; and in the provisions hereby made so applicable every reference to a factory shall be deemed to include, so far as may be, a reference to a small factory.

(2) The aforesaid provisions shall cease to apply to a small factory on the expiry of six months from the receipt by the Inspector of a notice in writing from the occupier that he has ceased to employ therein any worker who is not, or is not deemed to be, an adult, unless any such worker is employed therein on any day of the said six months :

Provided that if any such worker is thereafter employed in the small factory, the said provisions of this Act shall again apply thereto.

Certain other provisions of law not barred.

59E. The provisions of this Chapter shall be in addition to, and not in derogation of, the provisions of section 9 and of the Employment of Children Act, 1938." XXVI of 1938.

Amendment of section 62 of Act XXV of 1934.

3. In section 62 of the said Act, after the word and figure "section 9" the words, figures and letters "or an occupier of a small factory who fails to furnish any statement in accordance with section 59B or to give any notice required by section 59C" shall be inserted.

STATEMENT OF OBJECTS AND REASONS.

The Royal Commission on Labour drew attention to the desirability of regulating the working of small power factories which were outside the scope of the Factories Act, in respect of matters relating to health and safety. They also pointed out that the age and the hours of labour of children in such factories were unregulated. The Bill is designed to prevent the exposure of children to the risk of exploitation and employment in unhealthy and dangerous conditions. It extends the provisions of the Factories Act, dealing with health, safety, children and registration, to power factories employing from 10 to 19 persons, if any of those persons is not qualified to work as an adult. Provincial Governments who have been consulted, are given full power to extend these provisions to power factories employing less than 10 persons, if any of those persons is not qualified to work as an adult.

DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 14th March 1940.

Monthly Weather and Crop Report of Bengal for February 1940.

I. *Character of the season.*—During the month under review, the rainfall was above the normal throughout the province except in 4 districts where it was below the average. The usual rainfall statement is appended.

II. *Progress of agricultural operations.*—Preparation of lands for jute and other autumn crops progressed. Sowing of jute in low lands was begun at places. Harvesting of spring crops continued. Threshing of paddy was almost finished.

III. *State of standing crops.*—State of standing crops was reported to be generally satisfactory.

IV. *Prospect and probable outturn.*—The prospects of standing crops were reported to be fair. The outturn of wheat and spring oil-seed crops was estimated at 79 and 76 per cent., respectively.

V. *Damage to standing crops.*—No damage to standing crops was reported from anywhere in the province.

VI. *Condition of agricultural stock.*—The condition of livestock was, on the whole, fair. Sporadic cases of cattle-disease were, however, reported from 15 districts of the province and from the States of Cooch Behar and Tripura.

VII. *Failure of pasturage and fodder.*—Insufficiency of fodder was not reported from any part of the province.

VIII. *Prices of food grains.*—During the second fortnight of the month, the retail prices of common rice of the cheapest quality fell in 4 and rose in 5 districts of the province. The prices ranged from 8 7/16 seers at Tippera to 12 seers at Chittagong Hill Tracts.

IX. *Condition of agricultural population.*—The condition of agricultural population was, on the whole, fair except in Murshidabad, where test relief works were in operation.

A. AHMAD, *Personal Assistant,*
for *Director of Agriculture, Bengal.*

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 13th March 1940.

Summary.—Excepting heavy showers in places, the rainfall was generally light to moderate. It has done damage to *rabi* and *Baishakhi* crops to some extent in places. Sowing of autumn crops is going on freely. In Murshidabad 2,084 labourers attended the test relief centres on Saturday, the 9th March 1940. The average price of common rice for the province has risen by about 0·21 per cent. as compared with that of the previous week.

CORPORATION OF CALCUTTA.

Central Municipal Office, the 13th March 1940.

NOTICE.

It is hereby notified for general information that the Corporation of Calcutta, under powers vested in them in this behalf, have, by a resolution, dated the 3rd January 1940, modified the alignment of the 40 feet projected public street, running through premises Nos. 34/2, and 34/3, Bondel Road, Ballygunge, in Ward No. 21.

A copy of the plan, prepared in this behalf, may be seen in the office of the Chief Valuer and Surveyor of the Corporation on any working day except Saturday, between 11 a.m. and 2-30 p.m. and between 11 a.m. and 1 p.m. on Saturdays only, on payment of usual fees.

J. C. MUKERJEA,
Chief Executive Officer.

Central Municipal Office, the 11th March 1940.

Sixth General Election of Councillors under Act III (B.C.) of 1923, as amended by the Calcutta Municipal (Amendment) Act, 1939 (Bengal Act XI of 1939).

NOTICE.

In compliance with provisions of section 28 of Act III (B.C.) of 1923 as amended and paragraph 16(2) of the order made by the Provincial Government under section 44 of the said Act as substituted by the Calcutta Municipal (Amendment) Act, 1939, it is hereby notified that Mr. Phanindra Nath Brahma has been declared duly elected as a Councillor of the Corporation of Calcutta for the General Constituency, Alipore—Ward No. 24.

J. C. MUKERJEA,
Election Officer
(Chief Executive Officer, Calcutta Corporation).

Central Municipal Office, the 21st March 1940.

NOTICES.

In compliance with the provisions of section 481 of the Calcutta Municipal Act, 1923, it is hereby notified for general information that the Corporation of Calcutta propose to make, in supersession of all existing bye-laws on the subject, the following bye-laws under section 478(*13*) of the Act, prescribing the qualification to be required from, and regulating the appointment, suspension and dismissal of, licensed plumbers:—

A.—Qualifications.

1. Before any license is granted to any person or firm to act as a licensed plumber, for the purposes of either Chapter XVII or Chapter XVIII of the Act, or both, such person, or a resident member of such firm, or some one in the employment of such person or firm, must satisfy the Chief Executive Officer, or the officer to whom the Chief Executive Officer has delegated his powers in this behalf, in the following respects:—

(*i*) in the case of a license for the purposes of Chapter XVII, that such person or member, or some one in the employment of such person or firm,—

(*a*) has a practical knowledge of plumbing work, and has for a recent period of at least three years been employed as a plumber, or passes the plumbing and sanitary fitting course of the Calcutta Technical School in accordance with the Corporation resolution, dated 14th December 1932, which runs as follows:—

"That the passing of the Plumbing and Sanitary Fitting Course of the Calcutta Technical School be made the necessary qualification for the certification of plumbers and that a person holding such a certificate be given the plumber's license for the purpose of Chapter XVII (Water Supply) or XVIII (Drains) of the Calcutta Municipal Act, subject to his passing the departmental test of the Corporation."

(*b*) is able to carry out work in both lead and iron, and can wipe straight or branch joints and lead pipe of any market size and perform any other work usual to the trade of plumber;

(*ii*) in the case of a license for the purposes of Chapter XVIII, that such person or member, or some one in the employment of such person or firm,—

(*a*) has a practical knowledge of Drainage work and has for a recent period of at least three years been employed as a plumber or passes the Plumbing and Sanitary Fitting Course of the Calcutta Technical School in accordance with the Corporation resolution, dated 14th December 1932, given above;

(*b*) can timber trenches in a workmanlike manner in bad ground;

(*c*) can build in brick-work in Flemish or English bond, and generally understands masonry work;

(*d*) can lay and join stoneware pipes, both in straight lines and with curves, and can place them in proper gradients by method of levellings;

(*e*) can insert a junction in a pipe-sewer and a junction block in a brick-sewer in a manner approved by the Engineer; and

(*f*) can properly restore road surfaces.

B.—Appointment.

2. No license shall be granted as aforesaid unless bye-law 1 be complied with and unless, in the opinion of the Chief Executive Officer or the officer aforesaid, such person or firm has a suitable place of business, together with a proper and sufficient stock of tools, plant and material for the purpose of carrying on the trade or business of a plumber, and also such person, or some one in the employment of such person or firm, passes the departmental examination.

C.—Suspension and dismissal.

3. A licensed plumber appointed as aforesaid may be suspended or dismissed, as the Chief Executive Officer may think fit—

(*a*) if the plumber in the opinion of the Chief Executive Officer,—

(*i*) fails to carry out in a workmanlike manner any work entrusted to him; or

(*ii*) fails to carry out any such work within a reasonable time as the Engineer may direct, or delays in carrying out any such work without assigning good and sufficient reasons when called upon to do so; or

(*iii*) fails to comply with any lawful direction given to him by the Engineer or other officer empowered in that behalf; or

(*b*) if any accident or other damage is caused by or through negligence, or want of care, or precaution on the part of any servant or workman of the plumber in the course of business; or

(*c*) if any work is done in contravention of the provisions of the Act or any bye-law or rule made thereunder; or

(*d*) if a person or firm was licensed on the ground that some one in his or their employment complied with bye-law 1—whenever he or they ceases or cease to have in his or their employment a person who fails to satisfy the Chief Executive Officer, or the officer to whom the Chief Executive Officer has delegated his powers in this behalf, in the respects prescribed by the said bye-law.

4. The license of a plumber shall automatically become cancelled on his being adjudged an insolvent.

A printed copy of the bye-laws is open to public inspection free of charge. It may also be purchased on payment of a fee of annas two from the Central Record Keeper, Central Municipal Office, on any working day between the hours of 12 and 3 p.m.

Any person having any objection to the proposed bye-laws should submit the same on or before the 21st April 1940, after which date the proposed bye-laws will be further proceeded with.

In compliance with the provisions of section 481 of the Calcutta Municipal Act, 1923, it is hereby notified for general information that the Corporation of Calcutta propose to make the following bye-laws under clause 55 of section 478, regarding the fixing of labels on packages or articles of food or drugs:—

1. Save as otherwise provided in these bye-laws, no person—

(a) shall sell in a package any food or drug, or any compound or mixture thereof, or

(b) shall keep or expose for sale in a receptacle of any kind any food or drug, or any compound or mixture thereof,

unless such package or receptacle is labelled in accordance with these bye-laws.

2. There shall be legibly and durably printed, stencilled, impressed or marked on or attached to every package or other receptacle containing any food or drug or any compound or mixture thereof a label (hereinafter referred to as the prescribed label) which shall set out only the following particulars and nothing else, namely:—

(a) the description of the food or drug;

(b) the place of manufacture or country of origin;

(c) whether the food or drug is compounded, blended, mixed, imitated, flavoured or artificially coloured, and if so, the nature and quantity or proportion of the ingredients and the nature of the flavouring or colouring;

(d) the name and address of the manufacturer or packer of the contents of the package, the date of packing and of manufacture;

(e) the trade name, if any, under which the contents are sold.

Explanations.—(a) The expression "trade name" includes any arbitrary name which clearly distinguishes a mixture of foods on drugs from any other mixture.

(b) An article of food, or a drug, containing more than one constituent shall be deemed not to be duly labelled if it is named after a single one of the constituents.

(c) A trade name shall not be such as to misrepresent any property or quality of the food or drug to which it is applied.

3. The particulars prescribed in bye-law 2 shall be printed on the prescribed label both in Bengali and in English in types so large as to be readily legible; the description of the food or drug shall be in printed capital letters:—

(a) on any package in which a food or drug is sold not less than 8 point (brevier);

(b) on any receptacle in which a food or drug is exposed for sale not less than one and a half inches square. Any trade name shall also be in capitals.

4. It shall be permissible to attach to any package or other receptacle containing a food or drug or any compound or mixture thereof labels other than the prescribed label.

5. No label shall contain any statement, design, device, trade name or abbreviation that is false or misleading in any particular concerning the articles or the ingredients or substances to which it relates or concerning the quality or the food value or the place of origin of such articles, ingredients or substances.

6. If any statement, design or device appearing on any part of the prescribed label is in itself false or misleading it shall be no defence that it is explained by any statement or by any descriptive matter appearing elsewhere on the prescribed label or on another label.

7. No label need be attached to any receptacle in which meat, baker's products, newly cooked food, sweetmeats, grain, fresh fruit or vegetables are exposed for sale or to any receptacle containing any food or drug or any compound or mixture thereof which the Local Government on the recommendations of the Corporation may from time to time exempt from the operation of these bye-laws.

8. A breach of any of the provisions of bye-laws 1, 2, 3, 5 and 6 shall be punishable with fine which may extend to fifty rupees and in the case of a continuing breach with fine which may extend to ten rupees for every day during which the breach continues after conviction for the first breach.

A printed copy of the bye-laws is open to public inspection free of charge. It may also be purchased on payment of a fee of annas two from the Central Record Keeper, Central Municipal Office, on any working day between the hours of 12 and 3 p.m.

Any person having any objection to the proposed bye-laws should submit the same on or before the 21st April 1940, after which date the proposed bye-laws will be further proceeded with.

In addition to the details required on the reverse, clear information should be given below under the following heads:—

(a) If the ordinary surplus is insufficient to meet the charges of the proposed loan, the particular steps which the municipality has taken, or has agreed to take, in order to make good the deficiency.

(a) The charges of the proposed loan will be met from the income from the water rate to be increased in the South Chandpur Section at Rs. 6¼ per cent. on the annual value of holdings.

(b) The reserve of taxation or other possible means of increase in the revenues of the municipality. The rates at which each of the taxes mentioned in column 12 on the reverse are levied, other than tax on persons, should be stated here.

(b) Municipal income will be increased owing to the imposition of fees on Profession and Trading or Callings.

House tax at $5\frac{15}{32}$ per cent. on the annual value of holdings

Latrine tax at $5\frac{15}{32}$ per cent.

Water rate in the North Section at 6¼ per cent.

Water rate in the South Section at $4\frac{11}{16}$ per cent.

(c) A statement of all outstanding loans specifying in respect of each loan, the date when taken, the purpose (very briefly), the amount, the annual charges involved, and the amount still payable.

(d) Any explanations in regard to receipts and expenditure to show the true financial position of the municipality when such position is otherwise than the ordinary surplus would indicate.

(d) The excess expenditure under the head "Conservancy, etc.," in 1937-38 is due to the payment of acquisition cost for the trenching ground and the excess expenditure under the head "Water-supply" in 1938-39 is due to the sinking of tube-wells in the different parts of the municipality.

Bogra.—No. 475P.H.—19th March 1940.—Whereas the Governor is satisfied that the Jaipurhat thana in the district of Bogra is threatened with an outbreak of small-pox:

Now, therefore, in exercise of the power conferred by section 2A, read with sub-section (*1*) of section 2 of the Epidemic Diseases Act, 1897 (Act III of 1897), the Governor is pleased to prescribe the following temporary regulations for the prevention and control of small-pox, and for the medical inspection, isolation, observation and surveillance of persons suffering from, or suspected of being infected with, small-pox in the said thana for a period of three months:—

Temporary regulations for the prevention and control of small-pox.

1. In these regulations, unless there is anything repugnant in the subject or context—

(a) "District Health Officer" means the Health Officer of the district appointed by the District Board under sub-section (*3*) of section 91 of the Bengal Local Self-Government Act of 1885 (Bengal Act III of 1885);

(b) "Sanitary Inspector" means a Sanitary Inspector appointed by the District Board under sub-section (*3*) of section 91 of the Bengal Local Self-Government Act of 1885;

(c) "Board" means a District Board constituted under the Bengal Local Self-Government Act of 1885;

(d) "Union Board" means a Union Board constituted under the Bengal Village Self-Government Act, 1919;

(e) "small-pox" means any disease accompanied by an eruption of vesicles or pustules;

(f) "patient" means a person suffering from or suspected to be suffering from small-pox;

(g) "medical practitioner" means any person practising the medical profession.

Notices.

2. If in any case the District Health Officer considers that the issue of a notice under regulation 20 is likely to lead to such an amount of delay as might facilitate the spread of small-pox, he may forthwith take such steps as he may think fit for carrying out the work, and shall thereafter, as soon as possible, issue a notice on the person concerned stating the reason why such work has been carried out.

3. If any measure which the District Health Officer has, by a notice issued under regulation 20, required to be carried out, be not carried out to his satisfaction within the time stated in the notice the District Health Officer shall be entitled to carry out the measure.

Costs and compensation.

4. (*1*) All expenses incurred in carrying out any work in pursuance of an order issued under these regulations shall be paid by the Board except in any case where the order directs a person to carry out any work in relation to property in his possession, in which case the expenses shall be paid by such person:

Provided that where the conditions, which led the District Health Officer to pass such an order, are not attributable to any act or default of the person in possession of the property, the Board may pay to such person the whole or a part of the expenses incurred by him in carrying out the order.

(*2*) The Board may recover all expenses incurred by the District Health Officer in carrying out the measure under regulation 3 from the person or persons to whom the notice was originally issued.

5. The Board shall pay adequate compensation to any person who has sustained substantial loss or damage by reason of anything done under these regulations:

Provided that no person shall receive any compensation for anything done or suffered under these regulations if he has failed to carry out an order issued under these regulations within the time specified in the order and to the satisfaction of the District Health Officer.

Location of disease.

6. When a case of small-pox occurs in a house, the nearest male relative in attendance upon the patient, or in the absence of any such relative the occupier of the house, or if the occupier be the patient, the senior male inmate of the house other than the patient of the house shall within twenty-four hours of the onset of the disease, give information regarding the occurrence of such case either personally or in writing or by means of the chaukidar or other village watchmen to the nearest Sanitary Inspector.

7. (*1*) Every medical practitioner called in to attend upon any case of small-pox shall forthwith give notice of the case by a special messenger to the nearest member of the outdoor staff of the Board and to the District Health Officer by post and the cost of such messenger in each case shall be defrayed by the Board.

(*2*) The doctor-in-charge of a hospital or a dispensary within the district shall forthwith give notice of any case of small-pox brought to such hospital or dispensary for treatment to the nearest Sanitary Inspector by a special messenger and to the District Health Officer by post, and the cost in each case shall be defrayed by the Board.

8. Presidents of Union Boards in union board areas and thana officers in non-union board areas shall supply to the District Health Officer such periodical returns of cases of small-pox as he may from time to time call upon them to furnish.

9. The District Health Officer or a Sanitary Inspector may examine any person who is, or suspected to be, suffering from small-pox or who, in his opinion, may be infected with or likely to spread small-pox.

Isolation of patients.

10. When the District Health Officer or a Sanitary Inspector considers that the isolation of any patient is a precaution necessary for the protection of the neighbouring population, he shall order the patient to observe isolation and may order the nearest relative in attendance on the patient, or the occupier of the house in which the patient is staying, to arrange for the isolation of the patient in such a manner and for such a time as may be approved by the District Health Officer.

He shall not direct the patient to be removed from the house unless it is, in his opinion, impossible to make proper arrangements for his isolation therein.

11. The District Health Officer or a Sanitary Inspector may order that any person, who has been in contact with a person found to be suffering from small-pox, shall be segregated for a period not exceeding a fortnight in a manner and in a place to be approved by the District Health Officer.

12. The District Health Officer or a Sanitary Inspector may order that any person who has been in contact with a person found to be suffering from small-pox shall be vaccinated or revaccinated within a time to be specified in the order.

13. No person shall enter any place wherein a patient is isolated under regulation 10 without the permission of the District Health Officer or a Sanitary Inspector.

14. When a patient has been removed from a house for isolation under regulation 10, the Board shall provide for him free of charge a suitable place, with necessary attendants, diet, etc.

15. No person, who is or has been suffering from small-pox, shall leave the place where he has been staying until he has received from the District Health Officer or a Sanitary Inspector written permission to do so.

15A. No person while suffering from evident symptoms of small-pox or in the convalescent state of the disease with scabs of pocks on his body shall expose himself in any street, road, public place, shop, bazar or any place used in common by persons other than members of the family or household to which such infected person belongs or shall move from place to place unless he is proceeding to a hospital for admission and treatment.

Miscellaneous.

16. The District Health Officer or a Sanitary Inspector may require any person to allow to be carried out by such agency and within such time as may be specified in the order, such measures for the disinfection of any premises in the occupation of such person or for the disinfection or destruction of any of his personal effects, as the said officer or inspector may consider necessary.

16A. The District Health Officer or a Sanitary Inspector authorised by the District Health Officer in writing in that behalf may during the prevalence of any outbreak of small-pox order that any bazar, shop or other public place shall remain closed for such time as may appear to him to be necessary and may forbid the holding of any fair, *mela* or other gathering to which people from several villages commonly or periodically resort.

17. The District Health Officer or a Sanitary Inspector may direct the owner or occupier of any premises to take steps to have vaccinated or revaccinated within a time to be specified in the order any person residing on such premises and under the control of such owner or occupier if the District Health Officer is of opinion that such person has been in contact with anyone suffering from small-pox.

18. The District Health Officer or a Sanitary Inspector may forbid any person who has been a patient or who has to his knowledge been in contact with a patient to act as vendor of any article for such period as may be specified in the order.

18A. No person shall carry or permit to be carried in a public conveyance a patient except in the case where a patient is carried to a hospital with the following precautions against spreading the disease, namely:—

(*i*) that he is so well covered that the discharge and scabs from the lesions do not come directly into touch with the body of the conveyance;

(*ii*) that he is taken to the hospital direct and the conveyance does not halt at any other place for transacting any business; and

(*iii*) that excepting one or two attendants for the patient no other person is carried in the conveyance at the same time.

18B. Every conveyance in which a patient or a dead body of a person who has died of small-pox or any article that has been in contact with a patient is carried shall be disinfected before it is used again. The disinfection will be effected—

(*i*) in the case of a conveyance carrying a patient to hospital, by the authorities of the hospital before such conveyance leaves the hospital;

(*ii*) in the case of a conveyance carrying any clothing, bedding or other article of a patient to the disinfecting station, by the authorities of such station; and

(*iii*) in the case of a conveyance carrying a dead body to the burial or cremation ground, by the owner of the conveyance himself and such owner shall effect the disinfection with a strong solution of formalin (1 in 400), lysol (1 in 500), izol (1 in 500) or of saponified cresol (1 in 160).

19. No person shall sell any article which has been in contact with a patient until it has been disinfected to the satisfaction of the District Health Officer or a Sanitary Inspector.

19A. No person shall expose in any street, shop, bazar or any public place any clothing, bedding or other article which has been in contact with a patient or shall cause or suffer such articles to be carried in any public conveyance, but nothing in this regulation shall apply to a person who transmits any such article for the purpose of having the same disinfected with the following precautions against spreading the disease:—

(*i*) the article is so well covered with a cloth soaked in a strong solution of formalin (1 in 400), lysol (1 in 500), izol (1 in 500) or of saponified cresol (1 in 160) that it does not come directly into touch with the body of the conveyance;

(*ii*) the article is taken to the disinfecting station direct and the conveyance does not halt at any other place for transacting any business; and

(*iii*) excepting one attendant for the purpose of taking the infected article to the disinfecting station no other person is carried in the conveyance.

20. The District Health Officer or a Sanitary Inspector may issue general orders that by a specified date certain sanitary precautions of a simple nature, such as lime-washing of houses, clearing of latrines or the removal of filth or rubbish, shall be carried out to his satisfaction.

20A. No person shall carry or permit to be carried in a public conveyance the dead body of any person who has died of small-pox without the previous written permission of the District Health Officer or a Sanitary Inspector and without taking the following precautions against spreading the said disease:—

(*i*) the dead body is so well covered with a cloth soaked in a strong solution of formalin (1 in 400), lysol (1 in 500), izol (1 in 500), or of saponified cresol (1 in 160) that the discharge and scabs from the lesions do not come directly into touch with the body of the conveyance;

(*ii*) the dead body is taken to the burial or cremation ground direct and the conveyance does not halt at any other place for transacting any business; and

(*iii*) excepting attendants for the dead body no other person is carried in the conveyance at the same time.

21. The District Health Officer or a Sanitary Inspector may prohibit persons from retaining or selling clothes taken from the bodies of persons who have died of small-pox and may cause any such clothes to be destroyed.

22. No person shall, without the written permission of the District Health Officer, dispose of any corpse except by burning or burial.

23. The District Health Officer may approve burning or burial grounds and may by order direct either generally or specially in respect to any specified area, that corpses shall not be burned or buried at places other than those so approved by him.

24. Any person burning or causing to be burnt any corpse shall cause the same to be completely reduced to ashes and shall likewise cause the clothes or other articles brought with such corpse to be reduced to ashes.

25. The District Health Officer may direct that no person shall bury or cause to be buried any corpse, which in the opinion of the District Health Officer, is likely to spread small-pox, in a grave, not constructed of masonry and less than 6 feet deep.

26. The District Health Officer may order that no *dome* or other servant of the Board employed for the disposal of corpses shall withdraw from his duties without the permission of the District Health Officer unless such *dome* or other servant of the Board has given notice in writing not less than one month previously of his intention so to withdraw.

27. The District Health Officer or a Sanitary Inspector may through any person authorised by such officer or inspector in that behalf seize and dispose of any corpse which in the opinion of the said officer or inspector is infected with or is likely to spread small-pox, unless the relatives or friends of the deceased person satisfy him that they are prepared and able to dispose of the corpse in a manner which will prevent the spread of small-pox.

28. (*1*) The District Health Officer or a Sanitary Inspector may require any person who appears to be acquainted with facts in connection with any case or suspected case of small-pox to attend before him at a

time to be stated in the order and at any place not more than one mile from the place where such person resides or is staying when the order is issued, and such person shall appear as so required.

(2) When the person summoned to appear under paragraph (1) is a female who, by the custom of the country, does not appear in public, suitable precaution shall be taken to respect the said custom.

29. (1) The District Health Officer or a Sanitary Inspector may examine orally any person who appears to be acquainted with the facts and circumstances of a case or suspected case of small-pox.

(2) When the person to be examined under paragraph (1) is a female who, by the custom of the country, does not appear in public, the officer shall take her statement under such conditions as shall admit of due respect of the said custom.

(3) Such person shall be bound to answer all questions relating to such case put to him or her by such officer, other than questions the answers to which would have a tendency to expose him or her to any criminal charge.

30. The District Health Officer or a Sanitary Inspector may, with such assistants (if any) as he thinks fit, enter upon any land, or after two hours' notice in writing, into any premises or building used for human habitation at any time between sunrise and sunset for the purpose of carrying out any measure or making any enquiries authorised by these regulations.

31. The crew of any inland steam-vessel or boat which plies in any canal or river and other persons residing on such vessel or boat shall be subject to these regulations.

32. (1) All vaccinations under these regulations shall be performed gratuitously provided they be done (a) at such public vaccination stations as may be opened by the District Board or (b) by house to house visits in the case of such females as are by the custom of the country unable to attend at public vaccination stations and are too poor to pay fees.

(2) Persons desirous of being vaccinated in their own houses other than those specially exempted under sub-regulation (1) shall pay a fee of two annas for each vaccination for which they shall get a printed receipt: provided that the total amount of fees payable for any number of operations performed in one family at the same house and at the same time shall not exceed annas eight.

33. (i) Orders issued by the District Health Officer or a Sanitary Inspector under these regulations shall be in writing.

(ii) The officer issuing such orders shall cause copies of them to be served upon any persons named in them.

(iii) The nearest relative of a patient or the occupier of the house in which the patient is staying shall, if a copy of the order under regulation 10 has been served upon him, give to the nearest Sanitary Inspector or to his office immediate notice of any disobedience of the order by the patient.

Faridpur.—No. 3485L.A.—21st March 1940.—Whereas it appears to the Governor that land is likely to be required to be taken by Government at the expense of the Madaripur Municipality for a public purpose, viz., for municipal burning ghat at Madaripur, in the village of Char Madaripur, jurisdiction list No. 368, thana Madaripur, pargana Madaripur, district Faridpur, it is hereby notified that for the above purpose a piece of land comprising cadastral plot No. 26 and measuring, more or less, 0·12 of an acre is likely to be required within the aforesaid village of Char Madaripur.

This notification is made, under the provisions of section 4 of Act I of 1894, to all whom it may concern.

A plan of the land may be inspected in the office of the Land Acquisition Collector of Madaripur.

In exercise of the powers conferred by the aforesaid section, the Governor is pleased to authorise the officers for the time being engaged in the undertaking, with their servants and workmen, to enter upon and survey the land and do all other acts required or permitted by that section.

In exercise of the powers conferred by section 17(*4*) of the Land Acquisition (Amendment) Act, XXXVIII of 1923, the Governor is pleased to direct that the provisions of section 5A of the Act shall not apply in this case.

Burdwan.—No. 3491L.A.—21st March 1940.—The Governor is pleased to cancel notification No. 2856L.A., dated the 6th March 1940, under section 4 of the Land Acquisition Act, I of 1894, published at page 914, Part I of the *Calcutta Gazette* of the 21st idem, in respect of the proposed acquisition of 13·69 acres of land required by the Indian Iron and Steel Company, Limited, for a railway exchange yard and connection to the East Indian Railway, in the village of Santa, jurisdiction list No. 28 in thana Asansol, pargana Shergarh, district Burdwan.

DECLARATIONS.

Burdwan.—No. 3406L.A.—20th March 1940.—Whereas it appears to the Governor that land is required to be taken by Government at the public expense, for a public purpose, viz., for provision of staff quarters at Baktarnagar Block Hut, in the village of Palashban, jurisdiction list No. 47, thana Ondal, pargana Shergarh, district Burdwan, it is hereby declared that for the above purpose a piece of land comprising parts of cadastral survey plots Nos. 86 and 87 and measuring, more or less, 0·08 of an acre, is required within the aforesaid village of Palashban.

Mines of coal, iron-stone, slate or other minerals lying under the land or any particular portion of the land, except only such parts of the mines and minerals as it may be necessary to dig, or carry away, or use, in the construction of the work for the purpose of which the land is being acquired are not needed.

This declaration is made, under the provisions of section 6 of Act I of 1894, and section 3, clause (*1*), Act XVIII of 1885, to all whom it may concern.

A plan of the land may be inspected in the office of the Special Land Acquisition Officer, Burdwan, as well as in that of the Divisional Superintendent, East Indian Railway, Asansol.

Burdwan.—No. 3419L.A.—20th March 1940.—Whereas it appears to the Governor that land is required to be taken by Government at the public expense for a public purpose, viz., for establishing a rescue station in the Raniganj coal field in the village of Baradhemo, jurisdiction list No. 50, thana Asansol, pargana Shergarh, district Burdwan, it is hereby declared that for the above purpose two pieces of land comprising cadastral plots Nos. 986 and 1007 and part of cadastral plot No. 984 and altogether measuring, more or less, 1·80 acres, are required within the aforesaid village of Baradhemo.

Mines of coal, iron-stone, slate or other minerals lying under the land or any particular portion of the land, except only such parts of the mines and minerals as it may be necessary to dig, or carry away, or use, in the construction of the work for the purpose of which the land is being acquired are not needed.

This declaration is made, under the provisions of section 6 of Act I of 1894, and section 3, clause (*1*), Act XVIII of 1885, to all whom it may concern.

A plan of the land may be inspected in the office of the Special Land Acquisition Officer, Burdwan, as well as in that of the President, Rescue Station Committee, Dhanbad.

Miscellaneous.

NOTIFICATION.

No. 3473Misc.—21st March 1940.—The following draft of rules, which, in exercise of the power conferred by section 37 of the Bengal Tanks Improvement Act, 1939 (Act XV of 1939), the Governor proposes to make, is published for the information of persons likely to be affected thereby.

2. The draft rules will be taken into consideration on or after the 29th April 1940, and any objection or suggestion with respect thereto which may be received by the undersigned on or before 27th April 1940, will be duly considered:—

Draft Rules under the Bengal Tanks Improvement Act, 1939 (Act XV of 1939.)

Section 3.

1. A notice under section 3 shall be in form No. 1 appended to these rules.

2. Service of notice issued under section 3 shall be made by delivering or tendering a copy thereof signed by the Collector and sealed with the seal of the Collector.

3. Wherever it is practicable, service shall be made on the person having control over the tank in person, unless he has an agent empowered to accept service, in which case service on such agent shall be sufficient.

4. Where there is more than one person having control over the tank the notice shall be served on each of such persons unless there is a common manager or a common agent empowered to accept service of the notice on behalf of such persons or some of them in which case the service of the notice on such common manager or common agent shall be deemed to the sufficient service on the persons whom the common manager or the common agent represents.

5. Where the person having control over a tank cannot be found, and has no agent empowered to accept service of the notice on his behalf, service may be made on any adult male member of the family of the person who is residing with him.

Explanation.—A servant is not a member of the family within the meaning of this rule.

6. When the serving officer delivers or tenders a copy of the notice to the person having control over the tank personally, or to an agent or other person on his behalf, he shall require the signature of the person to whom the copy is so delivered or tendered to an acknowledgment of service endorsed on the original notice.

7. Where the person having control over the tank or the agent or such other person as aforesaid, refuses to sign the acknowledgment, or where the serving officer, after using all due and reasonable diligence, cannot find the person having control over the tank and there

is no agent empowered to accept service of the notice on his behalf, nor any other person on whom service can be made, the serving officer shall affix a copy of the notice on the outer door or some other conspicuous part of the house in which the person having control over the tank resides or carries on business or personally works for gain or on some conspicuous part of the tank, and shall then return the original to the Collector by whom it was issued with a report endorsed thereon or annexed thereto stating that he has so affixed the copy, the circumstances under which he did so, and the name and address of the person (if any) by whom the house or tank was identified and in whose presence the copy was affixed.

8. The serving officer shall in all cases in which the notice has been served under rule 6, endorse or annex, or cause to be endorsed or annexed, on or to the original notice, a return showing the time when and the manner in which the notice was served, and the name and address of the person (if any) identifying the person served and witnessing the delivery or tender of the notice.

9. Where a notice is returned under rule 7, the Collector shall, if the return under that rule has not been verified by the affidavit of the serving officer, and may if it has been so verified, examine the serving officer on oath or cause him to be so examined, subject to any general order of the Collector, by an Assistant Collector, Deputy Collector or Sub-Deputy Collector touching his proceedings, and may make such further enquiry in the matter as he thinks fit, and shall either declare that the notice has been duly served or order such service as he thinks fit.

10. Notwithstanding anything hereinbefore contained the notice may, if the Collector so directs, be served by registered post with acknowledgment due. If an acknowledgment for a notice sent by registered post cannot be obtained, the notice shall be served in the manner specified in rules 2 to 9.

Section 4.

1. (*1*) The notice under sub-section (*1*) of section 4 shall be in form No. 2 appended to these rules and shall be served on the person having control over the tank in the manner specified in rules 2 to 10 of rules under section 3.

(*2*) The contents of the notice shall be also proclaimed by beat of drum in the village within which the tank is situated by the serving officer. As soon as such proclamation has been made, a copy of the notice shall be posted up in a conspicuous place near the tank as required under sub-section (*3*) of section 4. The serving officer shall then return original notice to the Collector by whom it was issued with a report endorsed thereon stating that such proclamation has been duly made and that after such proclamation he has posted up a copy of the notice in a conspicuous place near the tank, and mentioning the date and time when, and the names and addresses of at least two persons in whose presence, the proclamation was made and the copy was posted up, and he shall also append his signature and designation to the report.

Section 6.

(*1*) Every order under sub-section (*1*) of section 6 shall be in form No. 3 appended to these rules.

(*2*) Before the Collector makes an order under the said sub-section authorising a person to take possession of a derelict tank, he shall prepare and issue a list showing the amount of compensation to be paid under sections 12 and 13 and sub-section (*1*) of section 14 and the persons entitled to such compensation, and the particulars contained in the said list shall be included in the said order when it is made. The Collector may, on application or of his own motion, add to or alter the entries in the said list after making such inquiries as he thinks fit. If any alteration in the entries in the list in respect of any person entitled to compensation becomes necessary by reason of the death or transfer of interest of such person or for any other cause, the Collector shall declare how the amount of the compensation payable to such person shall be distributed. On every such addition, alteration or declaration, the Collector shall make necessary changes in the order made by him under sub-section (*1*) of section 6.

(*3*) A copy of the order of the Collector under sub-section (*1*) of section 6 shall be sent to each person entitled to compensation by registered post. Every addition to or alteration in the said order shall be also communicated by registered post to every person whose interest is affected thereby.

Section 12.

The person other than the owner of a derelict tank, who is dispossessed by the authorised person, shall submit an application to the Collector claiming payment of compensation under section 12 to him and shall produce evidence in support of his claim. The Collector shall make necessary enquiries into the validity of his claim and order the authorised person to pay him such compensation not being less than the amount referred to in the said section as he thinks fit. The compensation shall be paid by the authorised person in one or more instalments as the Collector may direct and may be paid in any of the following ways:—

(*i*) by postal money order;

(*ii*) by direct payment;

(*iii*) by payment to the District Treasury.

If payment is made direct, the payee shall grant a receipt in writing to the payer.

If payment is made to the District Treasury the amount shall be kept in Revenue Deposit and the payer shall also pay the sum of .....annas as the cost of sending a notice by registered post card with acknowledgment due to the payee. The Collector shall then issue to the payee a notice by registered post card with acknowledgment due informing him that the amount due to him has been kept in Revenue Deposit and may be withdrawn by him on application.

Section 13.

The procedure described in the rules under section 12 shall be followed in claiming and in the payment of compensation under section 13.

Section 14.

The amount of compensation payable to the authorised person by the landlord under section 14 shall be paid within such time as the Collector directs in any of the following ways:—

(*i*) by postal money order;

(*ii*) by direct payment;

(*iii*) by payment to the District Treasury.

If payment is made direct, the payee shall grant a receipt in writing to the payer.

If payment is made to the District Treasury the amount shall be kept in Revenue Deposit and the payer shall also pay the sum of .....annas as the cost of sending a notice by registered post card with acknowledgment due to the payee. The Collector shall then issue to the payee a notice by registered post card with acknowledgment due informing him that the amount due to him has been kept in Revenue Deposit and may be withdrawn by him on application.

Section 22(1).

1. When a tank has been declared to be a derelict irrigation work and the notice declaring it to be such has been confirmed under section 4, or as soon thereafter as practicable, the Collector shall proceed to prepare a record-of-rights in respect thereof.

2. (*a*) Before proceeding to prepare a record-of-rights under rule 1, the Collector shall cause a proclamation to be published stating the date on which the preparation of the record-of-rights shall commence and the place or places where it will be prepared.

(*b*) Such proclamation shall be in Form No. 4 and be published in the following manner:—

(*i*) by beat of drum at or near the tank;

(*ii*) by affixing a copy at the office of the Municipal Commissioners, the Union Board, Union Committee or Panchayat of the Union, as the case may be; and

(*iii*) by affixing a copy at a conspicuous part of the offices of the Collector of the district and Subdivisional Officer and at the police-station, in the jurisdiction of which the tank is situated.

3. (*a*) After the issue of the proclamation under rule 2 and before, or as soon as possible after, the commencement of the preparation of the record-of-rights, the Collector shall cause a notice to be served on—

(*i*) the owner of the tank;

(*ii*) any person in actual possession of the tank, other than the owner;

(*iii*) the landlord;

(*iv*) any person authorised by the Collector under section 6;

(*v*) any person, having a right on payment of any rent or charge to catch fish in the tank or to take fruits from trees on, or other produce from, the banks of the tank;

(*vi*) any person, holding a lease of the bed of the tank;

(*vii*) any person holding a lease of the tank or its bank from the authorised person; and

(*viii*) any other person whom the Collector considers to have any interest in the tank;

requiring him to attend, either personally or by authorised agent to give evidence or to produce any document, if required, on a date to be specified in the notice in connection with the preparation of the record-of-rights.

(*b*) Every such notice shall be served as nearly as may be in the same manner as a summons to a defendant in a civil suit and the rules in Order V of the First Schedule to the Code of Civil Procedure, 1908, as to the service of such summons and proof of service shall so far as may be apply to notices to be served under this rule.

4. (*a*) The record-of-rights shall be prepared in form No. 5 and explained to the parties or their agents who may be present at the time of preparation.

(*b*) The record shall be published—

(*i*) by affixing a copy at a conspicuous place near the tank in the village where it is situated; and

(*ii*) by affixing a copy at a conspicuous place at the office of the Collector and at the office of the Municipal Commissioners, the Union Board, Union Committee or Panchayat of the Union, as the case may be, together with a notice in form No. 6 stating that any objection relating to any entry in, or any omission from, the record may be filed within thirty days from the date of publication of the notice before the Collector or any officer specified in the notice.

5. (*a*) Every person who files an objection in pursuance of a notice issued under clause (*ii*) of sub-rule (*b*) of rule 4 shall file with such objection as many copies thereof as may be necessary for service on all persons who in the opinion of the Collector are materially interested in the matter to which the objection relates. The Collector shall issue notices informing the objector and all other persons so interested of the date on which, and the place where, the objection will be heard, and shall forward a copy of the objection with each notice other than the notice to be served on the objector. A notice under this sub-rule shall be served in the same manner as a notice under sub-rule (*a*) of rule 3.

(*b*) The Collector shall, after hearing the parties if they attend, dispose of the objection recording a summary decision and his reasons therefor. The Collector shall then correct the record in accordance with such decision.

6. When all objections have been disposed of under rule 5 and the record has been corrected in accordance with the decisions on objections, the Collector shall prepare the final record and finally publish it by placing it for public inspection, free of charge, during a period of not less than fifteen days, *at such convenient place as he may determine.*

A proclamation shall be previously published in the village in which the tank is situated informing the general public of the place at which the final record will be open to public inspection and the period during which it will be open to such inspection.

7. After the expiry of the period of final publication referred to in rule 6 the record shall be authenticated under the signature and seal of the Collector and each page shall be stamped with a seal in the following form:—

Record-of-rights finally prepared under section 22(*1*) of the Bengal Tanks Improvement Act, 1939.

8. When any dispute arises during the period of possession and is decided under section 25, such decision shall be entered in column 22 of the record. Every decision in appeal under section 26 or 27 shall also be entered in the same column. Every such entry shall contain a reference to the authority making the decision.

9. At any time during the period of possession the Collector may, on application or of his own motion, add to or alter any entry in the record-of-rights finally published under rule 6 but not so as to affect any order passed on appeal under section 27.

Provided that except in the case where a clerical error is corrected no such addition ar alteration shall be made until reasonable notice has been given to all persons having an interest in the tank to appear and be heard in the matter.

10. All orders made by the Collector under section 7 shall be entered in column 23 of the record.

11. All entries made under rules 8 and 9 shall be attested by an officer authorised by the Collector in writing in this behalf.

Section 23.

The notice under sub-section (*1*) of section 23 shall be in form No. 7 and shall be served in the manner specified in rules 2 to 10 under section 3.

Section 24.

The costs payable under section 24 by the authorised person and by the person responsible under sub-section (*1*) of section 23 for the maintenance of a tank in proper condition shall be paid by crediting the same into the District Treasury within thirty days of the date of receipt of the order issued by the Collector directing the payment of the costs in question or within such further time after the expiry of the said thirty days as the Collector may grant in this behalf.

Section 25.

All disputes referred to in section 25 shall be decided by the Collector on petition submitted to him by any party to such dispute for decision thereof. Every such petition shall bear a court-fee stamp of twelve annas under the Court-fees Act, 1870, and be accompanied by process fees in accordance with the rates prescribed in rule 166 of the Bengal Practice and Procedure Manual, 1934, and shall either be submitted to the Collector in person or sent to him by post. On receipt of such a petition, the Collector shall issue notices on all persons interested in the dispute and fix a day for hearing. The notice shall be in the form of, and be served in the same manner as, a revenue summons. On the day fixed for hearing, the Collector shall hear the parties present and take such evidence as he considers necessary and decide the dispute summarily, giving reasons for his decision. For the purpose of deciding a dispute he may visit the locality himself or have a local inspection made by a revenue officer or any other gazetted officer and shall take that officer's report into consideration.

Section 27.

1. Every appeal under section 27 shall be preferred in the form of a memorandum signed by the appellant (or, if he is illiterate bearing his left thumb impression) and by his pleader or revenue agent if any. The memorandum shall be accompanied by a certified copy of the decision against which the appeal is preferred.

2. The memorandum of appeal shall bear a court-fee stamp of twelve annas and when the petition is addressed to the Board of Revenue it shall bear a court-fee stamp of one rupee and eight annas

Section 28.

1. In every case in which the memorandum of appeal under section 27 is presented by a pleader the grounds of appeal shall be drawn and signed by him and he shall subscribe at the foot of the memorandum the following statement:—

> "I certify that I have examined the record in this case, and that, in my opinion, there are good grounds, as above set forth for this appeal; and having prepared them, I undertake to appear and support them before the appellate authority."

2. In every case in which the memorandum of appeal under section 27 is presented by the party in person or by his recognised agent, not being a pleader, and a pleader is afterwards retained by such party to support his appeal, the pleader, before being allowed to appear to support the appeal, shall subscribe and file before the appellate authority the following statement, which shall be annexed to the memorandum of appeal:—

> "I certify that I have examined the record and the grounds of appeal in this case, and that, in my opinion, the grounds of appeal are good, and I undertake to appear and support them before the appellate authority."

3. Unless for sufficient reasons to be recorded in writing the appellate authority, after giving the appellant an opportunity to be heard dismisses the appeal summarily, he shall admit the appeal, call for the records of the case and state distinctly on what point or points (if any) he requires a report from the authority against whose orders the appeal has been preferred.

4. When a Collector other than the Collector of the district, a Collector of the district or a Commissioner, against whose orders an appeal has been preferred is called on to report under rule 3, he shall draw up the report himself. In submitting such reports, the said officers shall always preface their remarks by a short and clear narrative of the facts, to enable the appellate authority to understand the allegations and answers which follow.

5. (*1*) The Collector of the district, the Commissioner or the Board of Revenue, as the case may be, shall not interfere in appeal with the order appealed against until the notice mentioned in this rule has been served on the respondents who are entitled to be heard in appeal and such respondents have been given an opportunity to be heard. As soon as a day is fixed for hearing the appeal, a notice shall be served at the expense of the appellant on each such respondent informing him of the day so fixed and the proof of service shall be filed with the record.

(*2*) A similar notice of the day fixed for hearing the appeal shall also be served on the appellant or his agent unless either was present when such day was fixed.

Notices under rule 5 shall be served in the manner as indicated in rule 3 (*b*) of the rules under section 22 (*1*) of this Act.

6. The appellate authority, while returning the records of the case to the authority against whose order the appeal was preferred, shall transmit to it a copy of the order passed in appeal.

Schedule 1 (Description of tank).

Schedule 2 (Details of improvements to be made and the time allowed for making the improvements).

Schedule 3 [Details showing the amount, the persons to whom and the manner in which compensation shall be paid (sections 12, 13 and 14)].

Schedule 4 [Names of persons who are entitled to the use of the water of the tank and the fees chargeable therefor (sections 16(*2*) and 17(*1*))].

Sections 7 to 20 and 24 of the Bengal Tanks Improvement Act, 1939 (Bengal Act XV of 1939):—

Cancellation of order under section 6.

7. (*1*) If any authorised person—

(*a*) fails to carry out the improvements to the satisfaction of the Collector within such time as may be specified in the order under section 6, or

(*b*) fails, in the opinion of the Collector, to proceed with the improvements with due diligence or to maintain the tank in proper condition, or

(c) with or without the permission of the Collector gives up possession of the tank or abandon the work of improvement, or

(d) is, in the opinion of the Collector, guilty of any serious negligence or misconduct in relation to the tank or to persons having any right or interest in the tank or in the use of water thereof, or

(e) fails to comply with any order passed under section 26 or section 27,

the Collector may cancel the order made under section 6, and thereupon all rights and powers of the said authorised person in respect of the tank shall cease and determine, and the Collector shall take possession of the tank.

(2) After taking possession of the tank under sub-section (1) the Collector shall either appoint another authorised person to carry out the improvements or carry them out himself.

Authorised person to retain possession of a derelict tank for a period not exceeding twenty years.

8. Subject to the provisions of this Act, an authorised person shall be entitled to remain in possession of a derelict tank for such period as the Collector may determine after consideration of the time necessary to compensate the authorised person for the cost incurred in the improvements carried out together with interest thereon at the rate of six and a quarter *per centum per annum*, but not exceeding twenty years from the date on which he takes possession thereof under section 5 or section 6.

Owner to be restored to possession on certain conditions.

9. Notwithstanding anything contained in section 8, the Collector in his discretion may, at any time within the period determined under the said section, restore to possession of the tank the person recorded as entitled to possession thereof in the record-of-rights referred to in section 22 or his successors in interest, provided that—

(a) such person pays to the Collector all the costs incurred up to that time both by the authorised person in carrying out the required improvements in the tank and by the Collector in carrying out the purposes of this Act in respect of the tank, together with interest on such costs at the rate of six and a quarter *per centum per annum*, and

(b) he undertakes to the satisfaction of the Collector to carry out any remaining improvements specified in the notice under section 3 within such period as the Collector may determine.

Authorised person not liable to pay rent or compensation.

10. An authorised person shall not be liable to pay any rent or compensation in respect of his possession of a derelict tank except as expressly provided in this Act.

Possession by an authorised person not to affect the rights or liabilities of other persons.

11. Save as otherwise expressly provided in this Act, the possession of a derelict tank by an authorised person shall not affect the right or liability of any other person to receive or pay rent in respect of the said tank or in respect of any right or interest therein:

Provided that where rent was, at the time when possession was first taken of the tank under this Act, payable by any person solely in respect of a right to use the water of the tank for irrigation purposes the liability to pay such rent shall cease and determine from the date on which such possession was taken.

Authorised person to pay compensation to persons dispossessed by him.

12. Where a derelict tank is, at the time of taking of possession thereof by an authorised person, in the actual possession of any person other than the owner of the tank, the authorised person shall, at such times and in such manner as may be prescribed, pay to the person dispossessed by him such compensation as the Collector, after such inquiry as he thinks fit, may determine. Such compensation shall not be less than the amount of the rent which the person so dispossessed is liable to pay in respect of the tank, and shall be deemed to be a full and complete satisfaction for all loss suffered by such person as a result of the interference with his possession.

Authorised person to pay compensation to persons who have right to fish in the tank, etc., on payment.

13. Where, at the time of the taking of possession of a derelict tank by an authorised person, any person has a right, on payment of any rent or charge, to catch fish in the tank or to take fruits from trees on, or other produce from, the banks of the tank the authorised person shall, at such times and in such manner as may be prescribed, pay to the said person such compensation as the Collector, after such inquiry as he thinks fit, may determine. Such compensation shall not be less than the amount of the rent or charge which the said person continues to be liable to pay to the owner or any tenant of the tank and shall be deemed to be a full and complete satisfaction for all loss suffered by such person as a result of the interference with the exercise of his right

Authorised person to pay compensation to cultivators who hold a lease of the bed of such tank.

14. (*1*) Where the bed or any part of the bed of a tank has been leased out to cultivators for agricultural purposes the authorised person shall pay compensation to such cultivators, and thereupon such lease shall be terminated. The amount of compensation payable to each cultivator shall be such amount as the Collector, after such inquiry as he thinks fit, deems fair and equitable but not less than the *salami* paid by such cultivator for the lease.

(*2*) The amount of compensation determined by the Collector under sub-section (*1*) shall be paid in the prescribed manner and within the perscribed time to the authorised person by the landlord who granted the lease. If the landlord makes default in such payment the same

shall be recoverable from the landlord by the Collector as a public demand and paid by him to the authorised person.

Permission of the authorised person necessary to use or occupy the tank, etc.

15. During the period of possession no person shall without the permission of the authorised person use or occupy the tank or use the water thereof except for drinking and other domestic purposes or catch fish in the tank or take fruits from trees on, or other produce from, the banks of the tank, except such portions of the banks as are homestead, garden or orchard lands.

Rights to use the water to vest in the authorised person.

16. (*1*) During the period of possession all rights to use the water of the tank for irrigation purposes shall vest in the authorised person and no person shall use the water of the tank for such purposes except as provided in sub-section (*2*).

(*2*) On receipt of a fee at the rate fixed under section 17, the authorised person shall grant permission to use the water of the tank for irrigation purposes—

(*a*) to any person in respect of that portion of his land for which he had the right to use the water at the time when possession was first taken of the tank under this Act,

Explanation.—The words "any person" referred to in clause (*a*) of this sub-section include successors in interest of that person;

(*b*) thereafter, provided that—

(*i*) there is a sufficiency of water, and

(*ii*) the total area for irrigation from the tank in respect of which permission is granted under this sub-section does not exceed the maximum area laid down from time to time by the Collector in that behalf by order in writing,

to any other person, and any person to whom permission is once granted under this clause shall, subject to the prior right of persons referred to in clause (*a*) and to the abovementioned conditions, continue to enjoy the right on payment of the fee payable.

(*3*) The Collector shall determine the extent of the rights to use the water of the tank for irrigation purposes to be conferred on different persons by permission granted under sub-section (*2*).

(*4*) Any sum due to the authorised person under this section shall be recoverable as a public demand.

Rates of fees for use of water under section 16.

17. (*1*) Such Revenue authority as may be appointed by the Provincial Government in this behalf shall fix, in respect of any tank of which possession is taken under this Act, the rates at which fees may be charged by the authorised person under section 16. Such fees shall be calculated so as to recover within a period of twenty years all costs, together with interest thereon at

the rate of six and a quarter *per centum per annum*, incurred or likely to be incurred—

(*a*) by the authorised person in carrying out the required improvements in the tank, and

(*b*) by the Collector in carrying out the purposes of this Act in respect of the tank.

(*2*) The rate of fees payable in respect of land for the irrigation of which any person had, at the time when possession was taken of the tank under this Act, no right to use the water of the tank shall be fixed so as to exceed by fifty *per cent.* the rate of fees payable in respect of land for the irrigation of which a person had such a right.

(*3*) The Revenue authority appointed under sub-section (*1*) may from time to time revise the rates of fees fixed under this section in respect of any tank.

Power of authorised person to lease out the tank, etc.

18. During the period of possession the authorised person may, subject to the provisions of this Act and the previous permission of the Collector, lease to any person for a period not extending beyond the period of possession any part of the banks of the tank or any right to take fruit from trees on or other produce from, such banks or any right to rear and catch fish in the tank.

Bar to transfer of tank except as provided in this Act.

19. Except as provided in this Act, no transfer by sale, gift, will, mortgage, lease or any contract or agreement of any right acquired by an authorised person under the provisions of this Act in respect of a derelict tank, shall be valid.

Authorised person to maintain tank in proper condition.

20. Every authorised person who takes possession of a derelict tank under the provisions of this Act shall maintain the same in proper condition, and if, in the opinion of the Collector, he fails to do so the provisions of sections 5 and 6 shall be applicable as if the maintenance of the tank in proper condition were an improvement specified in the notice under section 3 or the Collector may, if he thinks fit, arrange for the maintenance of the tank in proper condition and recover the cost thereof from the authorised person.

Costs.

24. All costs incurred by the Collector in carrying out the purposes of this Act in respect of a tank of which possession is taken under section 6 shall be paid by the authorised person and all costs of carrying out the repairs of a tank under section 23 shall be paid by the person responsible under sub-section (*1*) of the said section for the maintenance of the tank in proper condition at such times and in such manner as may be prescribed, and on default in payment thereof the same shall be recoverable by the Collector as a public demand.

EDUCATION DEPARTMENT.

NOTIFICATION.

No. 618Edn.—18th March 1940.—In exercise of the powers conferred by section 241 of the Government of India Act, 1935, read with section 276 of that Act, and in supersession of all previous rules issued on the subject, the Governor is pleased to make the following rules to regulate the recruitment to the Bengal Subordinate Educational Service :—

1. These rules may be called the "Bengal Subordinate Educational Service Recruitment Rules, 1940".

2. They shall apply to all branches of the Bengal Subordinate Educational Service (which is divided into four branches, viz., Teaching Branch, Inspecting Branch, Miscellaneous Branch and Clerical Branch), but shall not apply to—

(1) posts held by—

(i) persons employed occasionally, or subject to discharge at less than one month's notice ; or

(ii) persons, for whose appointment and conditions of employment special provision is made by or under any rule for the time being in force ;

(2) posts which have been excluded from the operation of the "Civil Services (Classification, Control and Appeal) Rules" by declaration of the Provincial Government under rule 4 of those rules.

3. In these rules "recruitment" means the appointment—

(a) of a person not already in service under the Crown to a branch or post ;

(b) of a person in the service of the Crown to a branch or post which is not included in the cadre of his service, or recognised by the Provincial Government to be a post normally filled by persons in his service or post.

4. Subject to the provisions of rule 6, all first appointments to the posts in the Bengal Subordinate Educational Service,—

(i) *included* in Schedules I and II to these rules shall be made by the authority mentioned in the corresponding entry in column 2 of those schedules ;

(ii) not included in Schedules I and II to these rules shall be made by the controlling officers in administrative charge of those posts.

[*Note.*—If any doubt arises as to who is the controlling officer for the purpose of this rule the matter shall be referred to the Provincial Government, whose decision shall be final.]

5. Recruitment in the Bengal Subordinate Educational Service shall be made by—

(a) promotion from one grade to another, or

(b) direct appointment by advertisement, officers in service being permitted to apply :

Provided—

(*i*) that the posts of Head Assistant and Senior Assistants in the Upper Division of the office of the Director of Public Instruction, Bengal, and of Head Clerks of other offices and educational institutions shall ordinarily be filled by promotion, and

(*ii*) that the number of direct appointments to Assistant Headmastership and Subdivisional Inspectorship shall not ordinarily exceed one in each branch in any one year, unless it becomes necessary to increase the proportion of direct appointments to those posts in favour of a particular community, with a view to securing the minimum percentage of appointment for that community in accordance with rule 12.

[*Note*.—In the case of promotion from one grade to another within the service there shall be no question of communal interests and promotions shall be based on merit alone or on merit combined with seniority, as the case may be.]

6. When a vacancy occurs in the service, the Director of Public Instruction shall decide—

(*i*) whether it shall, subject to the proviso to rule 5, be filled by promotion, direct recruitment or transfer,

(*ii*) whether it shall be reserved for communal representation, and

(*iii*) what special and other qualifications, if any, in addition to those prescribed in Schedules I and II to these rules, shall be required from candidates for appointment.

[*Note*.—(*1*) Appointing authorities subordinate to the Director of Public Instruction shall, on the occurrence of each vacancy under their administrative control, report it to the Director of Public Instruction for orders.

(*2*) If the vacancy is to be filled by promotion or transfer, orders of appointment to that vacancy shall be issued by the Director of Public Instruction.

(*3*) If the vacancy is to be filled by direct appointment the local controlling officer shall ordinarily take necessary action in the matter. But in exceptional circumstances the Director of Public Instruction will have the discretion to fill the vacancy by direct appointment, if for administrative reasons he considers such a step necessary.]

7. No recruitment shall be made to any post included in Parts I, II and III of Schedule I to these rules without previous consultation with the following committees :—

A. In case of recruitment to posts included in Part I, a *Central Selection Committee* constituted as follows :—

(*1*) The Director of Public Instruction, Bengal—President (*ex-officio*).

(*2*) The Assistant Director of Public Instruction, Bengal—Member (*ex-officio*).

(*5*) Headmaster, Chittagong Collegiate School—Member (*ex-officio*).

C. In the case of recruitment to posts included in Part III the *Governing Bodies of the European Schools at Kurseong*, appointed from time to time by the Provincial Government :

Provided that nothing in these rules shall prejudice the right of the appointing authority to dispense with such consultation in case of temporary appointment for periods not exceeding one year and of appointment of any member of a grade to any post in that grade.

[*Note.*—No consultation with a Selection Committee will be necessary in cases of recruitments to posts included in Schedule II to these rules.]

8. When direct recruitment is to be made to any of the posts included in Schedules I and II to these rules—

(*a*) there shall be published in the *Calcutta Gazette* and/or in such other manner as the appointing authority may decide a notification containing instructions on all or any of the following matters :—

(*i*) the number and nature of vacancies,

(*ii*) the qualifications required from candidates and the methods by which these qualifications shall be established,

(*iii*) the prescribed age-limit,

(*iv*) the date of submission of applications and the method of submission ;

(*b*) every candidate shall furnish with his application documentary proofs of his age and qualifications and two certificates, written not more than one year prior to the date of his application, from two responsible persons not related to him by marriage, or otherwise, testifying to his private character and stating that he is a British subject, or a subject of an Indian State specified in the declaration referred to in sub-rule (*a*) of rule 9 and that he is a native of Bengal or has a permanent domicile within the province of Bengal : these certificates shall be in addition to any certificates furnished from persons connected with his school, college or university or post previously held by him.

9. (*a*) No person shall be appointed to any post in the Bengal Subordinate Educational Service, who is not a British subject or has not been made eligible by declaration under section 262 of the Government of India Act, 1935, to hold such post.

(*b*) No person shall be eligible for appointment to a post in the Bengal Subordinate Educational Service—

(*i*) who is not a native of Bengal, or has no permanent domicile within the province :

Provided that this condition may be relaxed by the Director of Public Instruction, Bengal, in exceptional circumstances ;

(*ii*) who has endeavoured to enlist for his candidature the support of persons of influence, or of officials of the Crown. Spontaneous recommendations from persons interested in, or otherwise known to, the candidate will be disregarded.

10. (*a*) No person shall be appointed to any post in the Bengal Subordinate Educational Service, who is not of good character, sound health, good physique and active habits and free from organic defect or physical infirmity and in respect of whom the appointing authority is not satisfied that he is physically fit and in all respects suitable for appointment to a service of the Crown.

(*b*) Candidates not already in the service of the Crown shall before appointment be required to appear before a Commissioned Medical Officer of Government, or an Officer in Chief Medical Charge of a Civil Station, and—

(*i*) in the case of recruitment to posts included in Schedule I to these rules, submit to a test prescribed in Appendix I to these rules. The Medical Officer shall thereupon furnish a certificate in the form prescribed therein ;

(*ii*) in the case of recruitment to posts included in Schedule II to these rules, produce a certificate of health in the form prescribed in Subsidiary Rule 8 of the Fundamental and Subsidiary Rules signed by the Medical Officer concerned.

No such candidate shall be appointed unless he has been certified by the Commissioned Medical Officer of Government or the Officer in Chief Medical Charge of a Civil Station as physically fit for service under the Crown.

11. The maximum age-limits for direct appointment and the qualifications of eligibility for promotion and direct appointment are set forth under columns 3 and 4 of Schedules I and II to these rules.

[*Note.*—In special circumstances and for reasons to be recorded in writing and subject to the provisions of Subsidiary Rule 7 of the Fundamental and Subsidiary Rules, a person whose age exceeds the limit prescribed in Schedules I and II to these rules, may be appointed to a post in the Bengal Subordinate Educational Service with the specific sanction of the Director of Public Instruction, Bengal, previously obtained.]

12. The employment of Muslims and non-Muslims in the Bengal Subordinate Educational Service shall be regulated by the "Decision in Council of Ministers", dated 12th June 1939, and any subsequent decision in such Council and the orders and instructions issued from time to time by the Provincial Government in connection therewith.

13. Any post in the Bengal Subordinate Educational Service may be included into, or removed from, Schedules I and II to these rules at any time by order of the Provincial Government.

APPENDIX I.

[*Vide* Rule 10 (*b*) (*i*).]

Regulations as to the physical examination of candidates for direct recruitment to the Bengal Subordinate Educational Service.

General physical requirements.

I A candidate must be in good mental and bodily health, and free from any physical defect likely to interfere with the efficient performance of his duty.

II. In the examination of candidates the Medical Officer will apply the following table of correlation of age, height and chest girth:—

Age.	Height without shoes.			Chest measurement on full expiration.	Chest measurement on full inspiration.
	Inches.		Inches.	Inches.	Inches.
21 and upwards	62½	and under	65	30	32
	65	"	68	31	33
	68	"	70	32	34
	70	"	72	33	35½
	72	and upwards		34	36½

III. *Measurement of chest.*—The candidate will be made to stand erect with his feet together and raise his hands above his head. The tape will be carefully adjusted round the chest, with its posterior upper edge touching the inferior angles of the shoulder blades, and its anterior lower edge the upper part of the nipples. The arms will then be lowered to hand loosely by the side, and care will be taken that the shoulders are not thrown upwards or backwards so as to displace the tape. The candidate will then be directed to empty his chest of air as much as is possible. This is best done by continuous whistling with the lips as long as sound can be produced. The tape will be carefully gathered in during the process, and when the minimum measurement is reached it will be recorded. The candidate will then be directed to inflate his chest to its utmost capacity. The maximum measurement will likewise be noted. The girth with the chest fully expanded and the range of expansion between the minimum and maximum will then be recorded. In all doubtful cases the functional capacity of the lungs may be tested by means of the spirometer. The minimum vital capacity as tested by the spirometer shall in no case be below 180 cubic inches.

IV. The hearing must be good.

V. The speech must be without impediment.

VI. The teeth must be in good order, *i.e.*, decayed or broken teeth must be properly stopped or crowned, and deficient teeth replaced by artificial teeth, where necessary, for effective mastication.

VII. The chest must be well formed, the lungs and heart sound.

VIII Rupture, hydrocele, varicocele, varicose veins in a severe degree, or other conditions likely to cause inefficiency will disqualify a candidate, unless such conditions is cured by operation. Where any candidate has been rejected and has subsequently undergone one or other operation for hernia, hydrocele, varicocele or varicose veins, the Medical Officer may pass him, provided he is satisfied that the candidate has been radically cured.

IX. The limbs, feet and toes must be well formed and developed, with free and perfect motion of all the joints.

X. A candidate must have no congenital malformation or defect likely to interfere with his efficiency.

XI. A candidate must not be subject to chronic skin disease.

XII. Evidence or previous acute or chronic disease pointing to an impaired constitution will disqualify.

Standard of minimum acuteness of vision required.

Better eye.	Worse eye.
Vision=6/6	Vision=6/9

after correction with glasses, provided there are no morbid changes present in the choroid or retinæ.

2. Cases of myopia may be admitted provided the ametropia in either eye or both eyes does not exceed—3·5 D and there are no morbid changes in the choroid or retinæ.

Cases of myopia with posterior staphyloma may, however, be admitted, provided ametropia in either eye does not exceed—2·5 D and no morbid changes are present in the choroid or retinæ.

3. Candidates with hypermetropia may be admitted, provided the acuteness of vision is—

Better eye.	Worse eye.
Vision=6/6	Vision=6/9

after correction with glasses.

4. In cases of defective vision due to nebula of the cornea, the candidate will be rejected.

5. Squints or any morbid conditions subject to risk of aggravation or recurrence in either eye may cause rejection of a candidate.

6. Colour vision need not be taken into account.

Form of medical certificate for direct recruitment to the Bengal Subordinate Educational Service.

The attention of the Medical Officer is specially directed to the following :—

No person will be deemed qualified for admission to the service who shall not satisfy Government that he has no disease, constitutional affection or bodily infirmity, unfitting him, or likely to unfit him, for the service. It should be understood that the question of fitness involves the future as well as the present and that one of the main objects of medical examination is to secure continuous effective service, and in the case of candidates for permanent appointment to prevent early pension. It is at the same time to be noted that the question is one of the likelihood of continuous effective service, and that the rejection of a candidate need not be advised on account of the presence of a defect which in only a small proportion of cases is found to interfere with continuous effective service. Before filling up the form it should be ascertained from the candidate whether he has been previously pronounced unfit for service of the Crown by any duly constituted medical authority in India or elsewhere.

NOTIFICATIONS.

Calcutta, the 18th March 1940.

It is ordered by the High Court of Judicature at Fort William in Bengal that with effect from the first day of April 1940, the following new rule be inserted after rule 7 of Chapter II of the Original Side Rules:—

"7A. Notwithstanding the proviso of Rule 6 of this Chapter an articled clerk who joins His Majesty's Forces during the term of his articles, shall be entitled to exemption for a period equal to that during which he has been wholly employed in Military duties up to a maximum of three years provided that nothing in this rule shall exempt any articled clerk from passing the examination mentioned in Rule 19 hereof."

It is ordered by the High Court of Judicature at Fort William in Bengal that with effect from the first day of April 1940, the following amendments be made in Chapter II of the Rules of the Original Side:—

After Rule 7A the following new rule be inserted:—

"7B. The senior Judge sitting on the Original Side may permit any articled clerk with the written consent of the attorney to whom he is articled, to attend the office of another attorney, qualified to take a clerk for service under these rules, for such period of his articles as appears to be for the benefit of the clerk."

To rule 23 the following be added:—

"Where the articled clerk has attended the office of an attorney with permission granted under Rule 7B of this Chapter, such attorney shall sign and leave with the Registrar answers to the questions contained in Form 2A."

After Form No. 2 in Appendix A the following be inserted:—

"Form 2A.

1. Has A. B., at any time during the period for which he has been permitted to attend your office, been absent without your permission? And if so, state the length and occasion of each absence.

2. Has the said A. B., during the said period been engaged or concerned in any, and, if any, what profession, business or employment other than his professional employment as an articled clerk?

3. Has the said A. B., during the whole of the said period with the exceptions abovementioned, been faithfully and diligently employed in your professional business as an attorney?"

Rule 9 be amended to read as follows:—

"No attorney shall be entitled to take more than two clerks for service under these rules at one and the same time."

By order of the Full Court,

A. L. COLLET,

Registrar, Original Side.

ECCLESIASTICAL.

No. 304.—In exercise of the powers conferred by section 5 of the Indian Church Act, 1927 (17 and 18 Geo. 5, Ch. 40), and in supersession of the Indian Church Statutory Rules, 1929, in their application to India the Governor-General of India in Council with the sanction of the Secretary of State for India and with the concurrence of the Bishop of Calcutta, is pleased to make the following rules:—

THE INDIAN CHURCH (INDIA) STATUTORY RULES.

1. These rules may be called the Indian Church (India) Statutory Rules, 1940.

Chaplains.

2. No Chaplain shall minister in any Maintained Church in any diocese in India unless he has obtained and holds a license to officiate (hereinafter called a licence) from the Bishop of the diocese concerned. Every such Chaplain as a condition of obtaining such licence shall make the declarations required to be made by the Canons of the Indian Church before a licence is granted. Such licence when requested shall not be withheld except on account of the Chaplain's refusal to make any of the said declarations or for reasons for which under the law for the time being in force in England a Bishop of the Church of England may refuse to institute or admit a clergyman presented to a benefice in England other than reasons concerning the transfer of the right of patronage and any reasons named in the English Law in force at the time which may be declared by the Governor-General with the concurrence of the Bishop of Calcutta to be inapplicable in India. If any Bishop of the Indian Church withholds a licence for which request is made by a Chaplain either on first appointment as Chaplain or on transfer from one diocese to another, the Chaplain may appeal either to the Bishop of Calcutta or, if the Bishop of Calcutta is the Bishop who has withheld the licence, to the Bishop of Madras or the Bishop of Bombay, whichever is senior by consecration, and the decision on the appeal shall be final. If any such appeal is allowed, the Bishop who has withheld the licence shall thereupon grant it. Provided that a Chaplain working in India at the date of severance and holding a licence from the Bishop of his diocese shall not be required to obtain a new licence unless and until he is transferred to another diocese, and if he be transferred to another diocese, he shall be allowed to make the declarations which were required before the date of severance instead of the declarations required to be made by the Canons of the Indian Church if he have a conscientious objection to anything contained in the latter.

3. Every Chaplain shall be under the episcopal supervision of the Bishop whose licence he holds, and his successors.

4. No Chaplain shall undertake any work other than that of ministering to His Majesty's troops and the servants of the Crown and their families if either the Bishop of the Governor-General objects to his undertaking such work.

5. Subject to the provisions of Rule 6, no Chaplain shall officiate as a minister of the Indian Church except in so far as he may be authorised so to officiate in accordance with the rules for the time being of the Indian Church; nor shall any Chaplain administer or perform any sacrament, rite, ceremony, solemnisation of marriage, service or religious ministration of any kind purporting to be a sacrament, rite, ceremony, solemnisation, service or religious ministration of the Indian Church except in conformity with the rules for the time being of that Church.

6. Every Chaplain shall have the right to use the services contained in any Book of Common Prayer from time to time authorised by law in England when ministering in a Maintained Church or elsewhere to a congregation which includes members of the Church of England temporarily resident in India and which worships in the English language, and no Chaplain shall, by reason of exercising this right, notwithstanding anything in the Constitution, Canons or Rules of the Indian Church, be liable to any ecclesiastical penalty, censure or disability whatsoever, nor shall any authority of the Indian Church hinder any Chaplain in the exercise of such right.

7. Subject to the provisions of Rule 2, Chaplains shall be posted by such person or persons as the Governor-General after consultation with the Bishop of Calcutta shall appoint.

8. The Governor-General shall facilitate the attendance of Chaplains at Diocesan Councils when summoned by the Bishops.

9. Before commencing proceedings or allowing proceedings to be commenced against any Chaplain before any Ecclesiastical Court, the Diocesan Bishop concerned shall notify the Governor-General through the Bishop of Calcutta of his intention so to do, and shall give the fullest consideration to any representation on the subject that may within four weeks of such notification be made to him by the Governor-General.

10. Before withdrawing the licence of any Chaplain the Diocesan Bishop concerned shall communicate in confidence in such way as he thinks fit with the Governor-General.

Maintained Churches.

11. The Churches entered for the time being in the Second Schedule to the Indian Church Act shall be maintained and repaired at Government expense, provided that nothing in this rule shall impose any liability on Government to repair any Church when before the passing of the Act such Church was not repaired at Government expense.

12. The Governor-General may remove any Church from the list contained in the Second Schedule to the Indian Church Act by agreement with the Bishop of Calcutta or by 12 months' notice expiring with the end of a financial year, provided that such notice shall not be given unless he has notified his intention to do so to the Bishop of Calcutta and allowed him a reasonable opportunity of showing cause against such removal.

13. The Governor-General may with the concurrence of the Bishop of Calcutta add any Church to the list, transfer any Church from Part I of the list to Part II thereof or *vice versa*, or from the subdivision 'A—Military Churches' of Part I to the subdivision 'B—Civil Churches' thereof or *vice versa*, or replace on the list any Church which has been removed in accordance with Rule 12, and such addition or replacement shall take effect from the beginning of a financial year.

14. The Governor-General shall, before the end of March in each year, send to the Bishop of Calcutta a correct list of Maintained Churches for the ensuing financial year.

15. If the Governor-General removes a Church from the list for the time being of Maintained Churches, such Church if at that time vested in the Crown shall vest in the Indian Church Trustees, provided that if the Governor-General shall so require, the Indian Church Trustees shall hold it upon the trusts following, namely:—

(1) Upon trust to permit the services of the Church of England as contained in any Book of Common Prayer from time to time authorised by law in England or any of them to be performed in that Church for any congregation which includes members of the Church of England domiciled in the British Isles (*a*) if a majority of the members of the congregation so domiciled or a majority of the members of the congregation worshipping in that Church in the English language desire such services, and (*b*) if and so long as the congregation is willing to contribute an equitable sum to be determined by the Bishop of the Diocese towards the cost of such services and towards the maintenance and repair of the Church;

(2) Upon trust to arrange for such services to be held at such times as are convenient to the congregation:

Provided further that if during a period of seven consecutive years, which period may include any period previous to the date of severance, no service has been held in any such Church, such Church shall be held freed and absolved from the trusts (if any) above specified.

16. Subject to the provisions of these Rules the Churches from time to time entered in the list of Maintained Churches shall be available for the services of the Church of England as contained in any Book of Common Prayer from time to time authorised by law in England.

17. The services mentioned in Rule 16, when performed in a Maintained Church, shall be performed in such manner and according to such rules and by such persons as may be agreed as being in accordance with the practice of the Church of England by the Governor-General and the Bishop of Calcutta, or, failing agreement, as may be determined by the Archbishop of Canterbury.

18. Subject to the provisions of Rules 16 and 22, a form of service or a form of part of a service authorised in India, whether authorised by law in England or not, may be used in a Maintained Church, if the Chaplain or Minister in Charge of that Church and the Church Committee desire it.

19. (1) Forms of service authorised by the Bishop of Calcutta or the Bishop of the Diocese either (i) for special occasions at the request or with the consent of the Governor-General or the Governor of the Province or (ii) for troops at the request of the Commander-in-Chief in India, may be used in Maintained Churches either in addition to the Church of England services or in substitution therefor.

(2) Special Collects or Prayers for occasions or subjects peculiar to India may, on the appropriate occasions, be either substituted for prayers in the Church of England services or be added to those services.

20. Subject to the provisions of Rule 19, no service or part of a service which is not either contained in any Book of Common Prayer from time to time authorised by law in England or authorised by the Indian Church shall be used in a consecrated Maintained Church except when the Church is lent to some other Church or denomination.

21. No sacrament, rite, ceremony, solemnisation of marriage, service or religious ministration of any kind purporting to be a sacrament, rite, ceremony, solemnisation, service or religious ministration of the Indian Church shall be administered or performed in any Maintained Church except in conformity with the rules for the time being of the Indian Church.

22. The services of the Church of England shall, in every Maintained Church, have the first claim to the hours of service on every Sunday and Holy Day, and the times at which they shall be held shall be those most convenient to the congregation attending the Church of England services which are conducted in the English language in that Church. The hours shall be fixed by the Chaplain or Minister in Charge in consultation with the Church Committee, and, in the case of services for troops, the Officer commanding the station.

23. No congregation which at the date of severance had a customary right to worship in a Maintained Church shall be prevented from so doing.

24. The practice or practices followed by the Church of England in India with regard to the marriage of persons in Churches during the 20 years preceding the date of severance, including those relating to the marriage in Church of divorced persons and to marriages between persons within the prohibited degrees, shall continue to be followed in Maintained Churches unless and until they are modified by the Indian Church, but no person whose domicile is outside India shall be debarred by any rule made by the Indian Church from being married in a Maintained Church who would have been entitled to be married in such Church in accordance with the practices followed before the date of severance.

25. The arrangements made for the loan of Churches which have been consecrated for the use of the Church of England which are in force at the date of severance shall be carried out by the Church in India unless varied by mutual consent of the Governor-General and the Bishop of Calcutta.

Episcopal Supervision and Ministrations.

26. The Indian Church shall provide episcopal supervision for Chaplains and episcopal ministrations for the congregations worshipping in Maintained Churches, and the Governor-General shall make such grants as he may think fit to the Church in consideration of such episcopal supervision and ministrations.

Alteration of Rules.

27. If the Bishop of Calcutta refuses to concur in an alteration of these rules proposed by the Governor-General, with the sanction of the Secretary of State, as regards the episcopal supervision of Chaplains ministering to troops, the Governor-General may, if he thinks fit, require the matter to be referred to arbitration of the Archbishop of Canterbury, or, if he be unwilling to act, some person appointed by him, or, if he fail to make such appointment, a person appointed by the Governor-General and the Bishop of Calcutta, and in the case of such reference the decision of the arbitrator shall be final.

Breaches of the Rules.

28. If it shall appear to the Governor-General that any officer of the Indian Church has committed a breach of these rules, he shall bring the matter to the notice of the Bishop of Calcutta, who shall take such steps as he thinks fit to ensure their observance.

29. (i) If after bringing alleged breaches of these rules to the notice of the Bishop of Calcutta, the Governor-General shall be of opinion that such breaches continue to be committed, whether with the knowledge of the authorities of the Indian Church or through their default or neglect, or otherwise, or (ii) if he shall be of opinion that the Indian Church is so administered that the general intention of these rules is frustrated, and if, in either case, the Bishop of Calcutta differs from the opinion of the Governor-General, the matter or matters in question shall, with the sanction of the Secretary of State, be referred to arbitration in the manner provided by Rule 27. and the decision of the arbitrator shall be final.

30. If the arbitrator shall find that a breach of these rules has been and is being committed or that the Indian Church is so administered that the general intention of these rules is frustrated, and that the default is such as to justify the Secretary of State in taking action as specified in this rule, then the Secretary of State may if he thinks fit call upon the Indian Church by its representative the Bishop of Calcutta to carry out any suggestions of the arbitrator for remedying such default and on the refusal or failure of the Indian Church to carry out such suggestions or without so calling on the Indian Church may declare that in all or any of the churches entered at the date of the declaration in Part I of the Second Schedule to the Act the ecclesiastical law of the Church of England to such extent as the Archbishop of Canterbury may direct shall be observed and followed, and in such case the Governor-General may, with the sanction of the Secretary of State, and the concurrence of the Archbishop of Canterbury, amend or cancel rules made on any matter specified in paragraphs (vi), (vii), (viii), (ix) and (xii) of section 5 of the Act, and/or make new rules in substitution therefor, or in amplification or modification thereof, and the Secretary of State may, at any time, after making the above-mentioned declaration, further declare that all or any of the said churches shall, at the expiration of twelve months from the date of his declaration, vest in the Crown or in such person or persons as he may appoint for an absolute estate in possession, and such of them as are duly consecrated shall be held in trust for the purpose of ministrations in accordance with the rites of the Church of England, and shall be freed from any claim by the Indian Church or officials or members thereof.

If the Secretary of State shall make the first above-mentioned declaration without making the second declaration and the Archbishop of Canterbury shall declare his assent thereto, the Secretary of State may require the Indian Church to provide episcopal ministrations for the churches specified in the said declaration and episcopal supervision of Chaplains serving therein, and the Indian Church shall provide such episcopal ministrations and supervision so long as the Chaplains concerned hold licences from Bishops of the Indian Church, and the congregations of the said churches remain congregations of the Indian Church. If the Secretary of State make the second above-mentioned declaration no obligation shall rest on any Bishop of the Indian Church to give episcopal supervision or ministrations in churches to which the second declaration shall apply.

Special Notice by the Governor-General to determine certain Provisions.

31. The Governor-General, with the sanction of the Secretary of State, may at any time give five years' notice to the Bishop of Calcutta that he intends to make either or both of the declarations mentioned in Rule 30, so far as concerns the churches included at the date of the declaration in Part I (A) of the Second Schedule to the Act, provided always that such churches shall vest in the manner and on the conditions prescribed in Rule 30 forthwith on the making of the said declaration, and not on the expiration of twelve months from the date thereof, and the declaration shall be modified accordingly.

Interpretation of the expressions "Church Committee" and "Governor-General".

32. The expression "Church Committee" means, in the case of any Maintained Church served by a Chaplain, the Church Committee as constituted by the rules of Government before the date of severance or as constituted by rules made by the Governor-General with the concurrence of the Bishop of Calcutta after the date of severance, and in the case of any Maintained Church not served by a Chaplain, the Church Committee as constituted by rules made with the approval of the Governor-General by the General Council of the Indian Church or, failing such rules, by the Diocesan Council of the diocese concerned.

33. In these rules the expression "Governor-General" shall—

(a) in relation to the period between the commencement of Part III of the Government of India Act, 1935, and the establishment of the Federation of India mean, as respects matters with respect to which the Governor-General is by and under the provisions of the said Act for the time being in force is required to act in his discretion, the Governor-General and as respects other matters the Governor-General in Council;

(b) in relation to any period after the establishment of the Federation mean the Governor-General acting in his discretion; and

(c) in relation to any period after the commencement of Part III of the Government of India Act, 1935, be construed as including a reference to the Governor of a Province acting within the scope of any authority given to him under Part VI of the said Act.

DEPARTMENT OF EDUCATION, HEALTH AND LANDS.

NOTIFICATION.

EDUCATION.

New Delhi, the 6th March 1940.

No. F.-78-5/39.—The following amended rules* for the encouragement of the study of oriental languages which the Government of India have been pleased to make in supersession of all previous rules are published for general information.

I. These rules are applicable, subject to the modifications stated below, to the following officers serving directly under the Government of India:—

(i) Officers of the Indian Civil Service.

(ii) Military officers in permanent civil employ.

(iii) Officers of the Indian Political Service.

(iv) Officers of the Indian Educational Service.

(v) Officers of the Imperial Branch of the Indian Police Service.

(vi) Chaplains of the Indian Ecclesiastical Establishment.

(vii) Officers of the Indian Agricultural Service.

(viii) Officers of the Indian Veterinary Service.

(ix) Officers of the Indian Forest Service.

(x) Officers of the Europe-recruited branch of the Indian Service of Engineers.

(xi) Officers of the Indian Railway Service of Engineers and Superior Revenue Establishment of State Railways.

The following restrictions will apply to officers of the Indian Educational Service, *viz.*, that a professor of any language cannot obtain a reward in that language, and that no officer will be permitted to receive rewards for passing by a given standard in more than two Modern Indian Languages and two classical languages.

Chaplains are eligible only for rewards for passing examinations in the languages of the province in which they are serving, and no rewards will be given to such officers for passing in Classical Languages. Arabic, Persian and Sanskrit are the "Classical Languages", while all the rest of the languages tabulated in Rule III below are "Modern Indian Languages."

*These rules do not in any way affect the departmental examinations or language examinations which officers have to pass under the orders of the Government of India.

Officers of the Indian Agricultural Service, the Indian Veterinary Service, the Imperial Forest Service, the Europe-recruited branch of the Indian Service of Engineers and the Indian Railway Service of Engineers and Superior Revenue Establishment of State Railways are only eligible for rewards for passing the Higher Standard, 1st class and 2nd class Interpretership examinations. Officers of the Indian Agricultural Service, the Indian Veterinary Service and the Europe-recruited branch of the India Service of Engineers may also be admitted to the Degree of Honour examination, but only in exceptional cases when the Government of India is satisfied that it is in the interest of the public service that the Officer in question should be allowed to take the examination. In case of the Officers of the Indian Railway Service of Engineers and Superior Revenue Establishment of State Railways the Railway Board will decide in each case whether an officer should or should not be permitted to appear for the examination.

Officers serving under Provincial Governments may, with the consent of the Provincial Government concerned and by arrangement made by that Provincial Government with the Board of Examiners, Army Headquarters, appear for the examinations under these rules. Such officers will not, however, be eligible for the rewards specified in these rules unless the Provincial Governments specifically agree to their payment.

II. Candidates may present themselves for examination only in those languages in which it would be of an advantage to the Government of India that they should qualify. A statement to this effect should be furnished by the candidate's superior officer when forwarding the candidate's application. An officer who has passed (or who may pass under any Provincial Government's rules or the military rules) any of the tests equivalent to those admissible under these rules will not be eligible to sit for the corresponding tests in the same language under these rules.

II-A. Officers of the Indian Political Service desiring to qualify in modern Arabic or Persian by the Interpretership standard may be permitted to proceed on deputation under the Fundamental Rules for a period not exceeding 8 months to a country where Arabic or Persian, as the case may be, is the spoken language to study that language.

III. The donations to be given to successful candidates will be as follows, subject to the conditions that (i) from all rewards, except for the Degree of Honour, any rewards previously drawn for the same language are deducted, and (ii) the grant for requalification as a 1st class interpreter, after a minimum interval of three years, will be one quarter of the reward for the original qualification :—

IV. No officer will be permitted to present himself for examination in the Degree of Honour test until he is qualified as a 1st class interpreter or has passed the Higher Standard examination in the particular language.

An officer may requalify in the 1st class interpretership or in the Degree of Honour examination in any language under the conditions laid down in rules XI and XV, respectively.

V. Rewards admissible under rule III will not be granted to officers whose age exceeds 40 years at the date of the original examination and 45 at the date of the requalifying examination. In the case of an examination for the Degree of Honour Standard however, there shall be no limit of time and an officer will be permitted to earn a reward by passing this examination at any time within the period of his service.

VI. In no case will a reward be paid for passing any examination in the languages which is the candidate's mother tongue; or is the school language, or is the language taken by the candidate at the University, or is well known to the educated classes of the district or province in which the candidate was born or educated or which is not so foreign to him as to render its acquisition a matter of difficulty.

VII. Examinations in Arabic, Hindi, Persian, Punjabi, Sanskrit and Urdu will be held half yearly at Lahore in April and October and those in Arabic, Assamese, Bengali, Hindi, Persian, Sanskrit, Urdu and Uriya will be held half-yearly at Calcutta in March and November by the Secretary, Board of Examiners, Army Headquarters, Simla. The exact date of the examination will be notified to intending candidates on application to the above authority.

Land Sale Notice.

Advertisement of sale.

NOTICE is hereby given that the right and title of the Crown in declaring the property of the deceased Girish Chandra Ray of Kasba-Potaspur, police-station Potaspur, district Midnapore, as an escheat as per Board's letter No. 7921E.S., dated 30th August 1939, as specified in the conditions of sale below, to the undermentioned estate situate in the district of Midnapore will be put up to sale at the Collectorate on 25th June 1940. The purchaser will be subject to the following conditions of sale :—

Conditions of sale.

(1) The estate to be sold rent-free to the highest bidder. The purchaser of this estate will be considered as the proprietor of the estate and the entire right of the Crown in such estate (excepting the proprietorship of universal right) will be transferred to him.

(2) The sale is to be subject to existing leases and to the right recognised in the settlement proceedings and conferred by the lease in force and the purchaser to respect the rights of resident cultivators.

(3) If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

(4) If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by the noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by the noon of the first succeeding office day, the sale shall be cancelled (the sum deposited being forfeited to the Crown) and the estate shall be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement as in the case of original sale :—

BENGAL LEGISLATIVE COUNCIL DEPARTMENT.

NOTIFICATION.

No. 544L.C.—26th March, 1940.—It is hereby notified for general information that at the meeting of the Bengal Legislative Council held on the 15th March, 1940, a motion was carried that the Bengal Non-Agricultural Tenancy Bill, 1937, by Khan Bahadur Saiyed Muazzamuddin Hossain, M.L.C., be circulated for the purpose of eliciting opinion thereon before the 31st December, 1940. Expressions of opinion by public bodies or by individuals interested in the said Bill should be sent so as to reach the undersigned before that date.

The Bill together with its Statement of Objects and Reasons was published in the *Calcutta Gazette* of the 10th February, 1938.

Secy. to the Bengal Legislative Council.

BENGAL LEGISLATIVE COUNCIL DEPARTMENT.

NOTIFICATION.

No. 547L.C.—26th March, 1940.—In pursuance of the provisions of rule 51 of the Bengal Legislative Council Procedure Rules, the following Bill which was introduced in the Bengal Legislative Council on the 15th March, 1940, is hereby published for general information together with the Statement of Objects and Reasons annexed thereto.

THE BENGAL LAND REVENUE S LE (AMENDING) BILL, 1938.

A
BILL

to amend the Bengal Land Revenue Sales Act of 1859.

WHEREAS it is expedient to give further protection to the proprietors against sale of their estates from error or want of notice by amending Act XI of 1859, it is enacted as follows :—

1. This Bill may be called the Bengal Land Revenue Sale (Amending) Bill, 1938.

2. It shall extend to those parts of Bengal where Act XI of 1859 applies.

3. It shall come into force on such date as the Local Government may by notification appoint.

4. The following two paragraphs shall be added after second paragraph of section 6 of the Act :—

The Collector or other officer duly authorised to hold sales, shall also issue notice of sale by registered post in the name of the recorded proprietors of the estate, and in case their number be more than 5, in the name of five biggest recorded share-holders intimating them of the particulars of sale—the cost of such registered notices being realised from the defaulters if the sale does not take place, otherwise from the sale-proceeds.

No sale shall take place until the officer conducting the sale has satisfied himself that the notification of sale has been duly published and the notices of sale have been sent to proprietors by registered post.

STATEMENT OF OBJECTS AND REASONS.

The rigours of the Sale Law (known as sun-set law) Regulation II of 1859 have to a great extent been relaxed but even now cases do occur when estates are sold for no actual default but on account of error or want of notice of sale. To prevent such sales it is necessary to make some provision for notice on the proprietors individually by registered post. Where the number of proprietors is large, such notice may be issued to only five biggest share-holders. The cost of such notice may be realised from the defaulter if the sale does not take place. In case sale takes place, in spite of notice, the cost may be realised from the sale-proceeds.

NOTIFICATION.

No. 556L.C.—26th March, 1940.—In pursuance of the provisions of rule 51 of the Bengal Legislative Council Procedure Rules, the following Bill which was introduced in the Bengal Legislative Council on the 15th March, 1940, is hereby published for general information together with the Statement of Objects and Reasons annexed thereto.

THE BENGAL EMERGENCY RENT REMISSION BILL, 1938.

WHEREAS it is expedient to provide for remission of rent on account of failure of crops and continued low prices of staple food crops for enabling the agriculturists to tide over financial crisis due to such causes, it is enacted as follows :—

1. This Act shall be called the Bengal Emergency Rent Remission Act, 1938.

2. It shall extend to the whole of Bengal and shall apply to only occupancy and non-occupancy raiyats and under-raiyats as defined in the Bengal Tenancy Act of 1885.

3. It shall come into force from the date of assent of His Excellency the Governor of Bengal.

4. Whenever any general failure of principal crops occurs in any village to the extent of not less than 50 per cent. of normal yield, for reasons not within the control of the cultivators, the cultivating raiyats, whether they are occupancy or non-occupancy raiyats or under-raiyats (but not being a mukarari raiyat or under-raiyat) shall be entitled to get remission of rent in proportion to the ratio of failure of yield and the Collector of the district at his own initiative may and on the application of the tenants or their representatives in the legislature shall allow such remission by publishing a notification in the Official Gazette showing the percentage of and the period for which remission is allowed in any specified area :

Provided that no application for such remission shall be entertained unless made within six months of the ordinary time of reaping of the crops which have failed :

Provided further that the remission allowed shall have retrospective effect in respect of tenancies of which rents have already been paid and the landlord shall be bound to effect necessary adjustment when rent is next paid for such tenancies.

5. Whenever any sudden abnormal fall in the prices of staple food crops occurs—the prices falling below the last twelve years average by more than 33 per cent.—and such low prices continue for more than two years, the raiyats and under-raiyats in spite of anything in section 38 of the Bengal Tenancy Act shall be entitled to get remission of rent proportionately to the fall for the period during which such low prices continue and the Collector of the district at his own initiation may and on the application of the raiyats and under-raiyats or their representatives in the legislature shall allow such remission by publishing a notification in the Official Gazette showing the percentage of and the period for which, the remission is allowed in each specific area, provided that ordinarily no application for such remission shall be entertained unless made within two years of the period for which remission is claimed, but this proviso shall not affect the claim to remission for the period 1930 to 1938, which shall be entertained if made within a year of this Act coming into force :

Provided further that the remission allowed shall have retrospective effect in respect of tenancies of which rents have already been paid and the landlord shall be bound to effect necessary adjustment when rent is next paid in respect of such tenancies.

6. Decrees of Civil Courts and awards of Agricultural Debt Settlement Boards for arrears of rent obtained before or after the passing of this Act of which execution proceedings are or are not pending or of which no sale has been made or confirmed shall be executed after deducting the amount to

The Bengal Emergency Rent Remission Bill, 1938.

(Clause 7.)

which the judgment-debtor may be entitled, as remission according to the provisions of this Act, from the decretal amount, and no damage shall be allowed under section 68 of the Bengal Tenancy Act in such cases, but only interest at 3 per cent. and all such decrees and awards shall be revised according to the provisions of this section :

Provided that the provision of this Act shall not apply to road cess demand which shall remain unaltered till next revaluation.

7. Sales of immovable properties in execution of any decree (whether Civil Court or Certificate Officer) in which the decree-holder landlord is the sole purchaser and the purchased land has not been already transferred to a third person whether absolutely or partially before August, 1938, shall be set aside if within six months from the passing of this Act the tenant judgment-debtor deposits in Court towards satisfaction of the decree, an amount calculated after deducting from the decretal amount the amount of remission to which the tenant is entitled according to provision of this Act, the amount received from the tenant by the decree-holder in cash and the value of the usufruct enjoyed from the land by the decree-holder.

STATEMENT OF OBJECTS AND REASONS.

Unfortunately for the agriculturists of Bengal the Bengal Tenancy Act does not contain any provision for remission of rent for failure of crops, though Tauzi Manual permits such remission in khas mahal areas. There is no reason why the ordinary occupancy and non-occupancy raiyats and under-raiyats in permanently-settled estate should not get any consideration for failure of crops. If their rents were fixed in perpetuity like that of the proprietors, the latter could reasonably resist any attempt at this ordinary concession to cultivating raiyats of khas mahal areas being extended to permanently-settled area. But why should there be any difference between ordinary raiyats in khas mahal and ordinary raiyats in permanently-settled area ? Some provision for remission of rent for failure of crops in permanently-settled area is thus overdue and this Act merely tries to remove the defect which has been operating most harshly against the agriculturists of permanently-settled area.

The provision of Bengal Tenancy Act regarding reduction of rent as embodied in section 38 of the Act is not at all satisfactory. It has not made any provision for reducing rent which may be abnormally high as compared with the yield of the land nor has it made any provision for temporary reduction or remission of rent for sudden fall in prices owing to temporary causes. It will be the duty of the Revenue Commission to go into the matters in details, but owing to the abnormal low prices of 1930 to 1936 it has become absolutely necessary to allow the raiyats some relief immediately as also to make some provision in the law for such relief in future on account of sudden abnormal fall in prices owing to temporary causes. Provision has therefore been made in this Bill for proportionate remission of rent if the prices fall more than 33 per cent. and the low prices continue for more than two years. Retrospective effect has been sought to be given by readjustment not only of rent dues but also of decretal amounts in all pending decrees. Provision has also been made for retransfer from auction purchasers to the tenant in cases where such transfer is easily possible.

The Bill, if passed into law, will go to a great extent to relieve the raiyats who have been hard hit by the depression. If the money-lender can be prevailed upon to be content with his dues reduced (even below the principal amount in many cases), why should not the landlords who have increased their income by 4,000 per cent. since the permanent settlement (of which 3,000 per cent. was certainly due to unjust enhancement of rates and rents) should not be satisfied with the rents of ordinary raiyats (not mukarari raiyats) reduced even temporarily for sudden and abnormal fall in prices of which the effect the agriculturists can ill-afford to bear ? The Bill rather errs on the side of moderation and it deserves to be passed unopposed.

NOTIFICATION.

No. 557L.C.—26th March, 1940.—In pursuance of the provisions of rule 51 of the Bengal Legislative Council Procedure Rules, the following Bill which was introduced in the Bengal Legislative Council on the 15th March, 1940, is hereby published for general information together with the Statement of Objects and Reasons annexed thereto.

THE BENGAL AGRICULTURAL DEBTORS (AMENDMENT) BILL, 1938.

A

BILL

to amend the Bengal Agricultural Debtors Act of 1935.

WHEREAS it is expedient to provide for relief of indebtedness of agricultural debtors more completely and efficiently.

It is enacted as follows :—

1. This Bill may be called the Bengal Agricultural Debtors Amendment Bill of 1938.

2. It extends to whole of Bengal.

3. It shall come into force with the Bengal Act VII of 1936 in such areas and from such dates as the local Government may by notification direct.

4. In section 3, the following shall be added as sub-section (*3*) :—

" (*3*) That with the establishment of a Debt Settlement Board by notification in any area, all proceedings in Civil Courts including execution and delivery of possession proceedings, in connection with agricultural debts or agricultural rents of that area shall be stayed on either party's merely informing the Court, by a written petition that it is a case of agricultural debt or arrear rent of an agriculturist. But if no stay order is subsequently received from any board within three years the Civil Court proceedings shall be re-started on the application of either of the parties. "

5. The existing sections 8, 9 and 10 shall be substituted by the following :—

" 8. As soon as a Debt Settlement Board is established in any union, Government shall by a notification in the Gazette call upon all the creditors including landlords, to whom any agricultural debtor owes any money, to submit a complete statement of all agricultural debts or arrear rents due to them within three months of the notification, failing which (except for very cogent reasons) the debts shall be barred by limitation notwithstanding anything in the Indian Limitation Act, and no claim in respect of any amount due from any agriculturist in respect of which, no statement has been filed within time, or which has not been included in the debt statement filed in compliance with the Government notification, shall be entertained in any Civil Court.

9. Every statement filed in compliance with the provisions of section 8 shall be signed by the creditor or his authorised agent and shall be duly verified as true.

10. The statements filed by a creditor or landlord shall contain a separate statement in respect of each debtor or group of debtors in the prescribed form and shall include the following :—

(*a*) Name and address of the creditor or landlord submitting the statement.

(*b*) Name and address of debtor.

(*c*) Total amount of each debt claimed.

(*d*) History of each debt with particulars of the original principle and the rate of interest chargeable.

(*e*) Names and addresses of the other creditors so far as they are known to the creditor submitting the statement.

The Bengal Agricultural Debtors (Amendment) Bill, 1938.

(Clauses 6—11.)

(*f*) Particulars of the properties if any mortgaged to the creditor.

(*g*) Particulars of properties covered by any Civil Court or Certificate Court sale certificate.

(*h*) Particulars of the holdings of which arrear rents have been included in the statement.

(*i*) Particulars of other properties of the debtor as far as known.

(*j*) Particulars of supplementary income of the debtor if known.

(*k*) A declaration that agriculture is the primary means of livelihood of the debtor.

(*l*) Verification of the above statement. "

6. Section 11 of the existing Act shall be deleted.

7. Section 19(*1*)(*b*) of the Act shall be replaced by the following :—

" When the creditors and debtors do not agree to any amicable settlement or either of them do not appear in spite of notice, the Board of its own initiation shall settle such amount as payable to each non-agreeing or absentee creditor as it considers fair, but in so doing interest shall in no case be allowed at more than 6¼ per cent. simple interest on the original principle and the aggregate amount settled as payable by the debtor must not be more than 66 per cent. of the market value of the entire immovable properties owned by the debtor ."

8. In proviso to section 19(*1*)(*b*) in the first line after the words " Clause an " the word " adjudication " shall be substituted for the word " offer ".

9. The " Explanation " given at the end of section 19 shall be deleted.

10. The following shall be added in clause (*e*) of sub-section (*1*) to section 25, after the word " paid " :—

" But ordinarily unless the parties otherwise agree and the Board considers the agreement reasonable or the Board for any special reason thinks it proper to order otherwise, the Board shall instead of ordering cash payment by instalments, order transfer of particular plots of lands belonging to the debtor, in favour of the creditors in complete usufructuary mortgage for a certain number of years (not exceeding 20 years in any case) in full satisfaction of the amount settled as due under clause (*d*), the aggregate area so transferred to all the creditors being in no case more than one-third the area held by the debtor."

11. Section 31 shall be deleted.

In view of the amendments proposed above, corollary changes may be made in other sections of the Act by the Legislative Department.

STATEMENT OF OBJECTS AND REASONS.

The agricultural indebtedness of Bengal is largely due to exorbitant rate of interest charged by the creditors and readily agreed to by the debtors for want of proper banking facilities. It is the duty of the State to intervene and pull the debtors out of the pit in which they have fallen for reason not within their control. Agriculturists are the backbone of our country and the prosperity of Bengal depends on the sound economic position of its agriculturists. The interest of the agriculturists has been neglected too long, and now when the Legislature have realised the necessity of improving their economic condition by enactment, they should not be half-halting.

2. The Bengal Agricultural Debtors Act (Act VII of 1936) was enacted with the object of settling the agricultural debts mainly by compromise and hence provided for settlement, only when a debtor or creditor applied for settlement. But the agricultural debt settlement problem of Bengal is a very big problem and we cannot expect even to touch the fringe of the problem if we have to wait for applications and compromises. There are hundreds of reasons for a debtor or creditor not coming forward to apply for settlement. If we really mean business and honestly want the agricultural debts to be cleared off, we must by legislation compel all creditors apply for settlement within a fixed time and penalise non-compliance. Provision is therefore made in this Bill for compelling all creditors to file statement of agricultural debts within 3 months of establishment of the Board (*vide* clause 5 of Bill). Similar provisions are found in the Court of Wards Act according to which creditors of disqualified landlords are required to file statement of debts due to them. Provision is also made requiring Civil Courts to stay all proceedings in connection with agricultural debts and rents (*vide* clauses 4 and 5).

3. The existing Act is further defective in dealing with cases, in which amicable settlement proposals fail. To wait for 40 per cent. amicable settlement and then to give award against non-agreeing creditors is bound to result in dead-lock in 90 per cent. of cases. Section 21 of the Act is contemplated to give redress to the debtors in a roundabout way, who offer "fair proposals", but why should not the Board of its own motion examine each debt and determine the amount which is fairly payable to each creditor and include them in the award irrespective of the fact whether the creditor or the debtor agrees or not? If the Boards can give certificates of "fair offer" they can as well determine the amount fairly payable to each debtor according to certain definite principles to be laid down in the rules under the Act and settle all debts once for all. In the Bill therefore provision is made for settlement of debts by adjudication when parties disagree or either of them do not appear in spite of notice and the maximum rate of interest to be allowed is proposed to be fixed at 6¼ per cent. on the original principal and the maximum amount that could be settled as the aggregate debt is proposed to be fixed at 66 per cent. of the market value of the immovable properties of the debtor (*vide* clause 7).

4. The procedure of cash recovery of amount included in the award by instalments is bound to be unworkable in the long run. The economic condition of an average agriculturist is so precarious, that in 90 per cent. of cases the debtors are sure to default in payments of instalments and their holdings will be sold off under Public Demands Recovery Act. All the labour of the Debt Board will then be wasted and it will hasten the ruin of the agriculturists. In order that the Act may be of real benefit to the agricultural debtors, it is proposed that unless parties otherwise agree, and the Board considers the agreement reasonable, or the Board for any special reason thinks some other manner of satisfaction of decree desirable, instead of merely noting in the award the amount payable to each creditor on each instalment, the Board shall by order ordinarily transfer not more than one-third the lands of the debtors to the creditors in usufructuary mortgage for fixed periods for clearance of all debts—the entire land reverting to the debtor free from all debts after 20 years or less period. Unless some such compulsory provision is made for ensuring payment of instalments, the labours of the Board will be entirely wasted (*vide* clause 10).

5. If the amendments as proposed are passed; the Debt Boards will be able to deal with all cases of agricultural debts completely and efficiently. There will be no need of any insolvency proceedings, as scaling down of debts to 66 per cent. of the full value of the property of the debtor will enable the debtor to pay off the entire debt in 20 years even if only one-third the land is given out in usufructuary mortgage. The value of a holding is generally equivalent to 5 years average value of the gross produce or 10 years average value of *barga* produce, and as such the creditor by enjoying one-third the holding in usufructuary mortgage for 20 years, will get 66 per cent. of the full value of the entire holding even if he enjoys it by letting out in *barga*. The scaling down of debts to 66 per cent. full value of the property of the debtor cannot be at all questioned from point of equity. In other countries e.g., Greece, the scaling down is far more drastic and the maximum amount that can be settled as payable by the debtor in that country is fixed at 60 per cent. of the value of the property.

No. 558L.C.—26th March, 1940.—In pursuance of the provisions of rule 51 of the Bengal Legislative Council Procedure Rules, the following Bill which was introduced in the Bengal Legislative Council on the 15th March, 1940, is hereby published for general information together with the Statement of Objects and Reasons, annexed thereto.

THE BENGAL WATER-HYACINTH (AMENDING) BILL, 1938.

A

BILL

to amend the Bengal Water-hyacinth Act of 1936.

WHEREAS it is expedient to amend the Bengal Act XIII of 1936 for making necessary provision for the construction and maintenance of fences, barriers or storage pounds and for realisation of costs for such construction and their maintenance, it is enacted as follows :—

1. This Bill may be called the Bengal Water-hyacinth (Amending) Bill, 1938.

2. It shall extend to the whole of Bengal.

3. It shall come into force on such date as the Local Government may, by notification, appoint.

4. To section 13 of the Act (Act XIII of 1936) a third sub-section shall be added to the following effect :—

" The Collector may authorise the president of any union board to prepare the estimate for construction and maintenance of fences, barriers or storage pounds under this section in consultation with the union board members and the president on being so authorised shall prepare the estimate as well as an assessment list for realising the cost estimated from the cultivators benefited by such construction after considering the benefit likely to accrue to each assessee. The assessment list so prepared shall be final after disposal of objections, if any, filed before the chowkidari circle officer within 15 days of publication of the assessment list. The assessed cost shall be realisable like chowkidari tax but may also be realised by following the procedure laid down in section 12 of the Act."

STATEMENT OF OBJECTS AND REASONS.

The Bengal Water-hyacinth Act has so far remained a dead letter, but it can be made of great benefit to the people of rural areas if powers are given to union board presidents to prepare estimate of the cost of construction and maintenance of fences, barriers or storage pounds referred to in section 13(*1*) of the Act, and assessment list showing how much of the cost is to be realised from which tenant. Ordinarily the cost may be realised like chowkidari tax, but in special cases where the amount is large, powers should be given to realise the cost by taking possession of the lands benefited as laid down in section 12.

The crops of a huge tract of country of Bhati area are devastated by water-hyacinth only because there is no co-operation and organisation among the tenants for constructing and maintaining protective fences and barriers. If the union board is given the power of preparing the estimate and realising the costs from the persons benefited after assessing the cost on each, on due consideration of the benefit accrued, crops of a large tract of country can be easily saved. For obvious reasons the circle officer is proposed to be given powers to hear objections against assessment.

This is a very urgent legislative measure and if passed it will benefit the agriculturist to a great extent and stop the huge economic waste.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 20th March 1940.

Summary.—During the week the rainfall was generally light to moderate except in places where it is heavy. Sowing of autumn crops has been retarded in some places for heavy showers. Harvesting of spring crops is nearing completion. Prospect of standing crops is on the whole fair. In Murshidabad 2,324 labourers attended the test relief centres on Saturday, the 16th March 1940. The average price of common rice for the province has risen by about 0·78 per cent. as compared with that of the previous week.
